

New Flowering Potted Plants

Now all in one section so it's easier for you to meet this big trend. (p 176)

WELCOME TO YOUR 2017 & 2018 BALL SEED CATALOG!

A cracking seed cotyledon is a new beginning! It's the instant that we have anticipated and for which the seed has been prepared with precise detail. The seed connects us to you – it's the product that brings our companies together and binds our relationship. Our partnership is built on quality and trust, affirmed by the latest shipment of plants, cemented by our last handshake and our commitment to work together to sell more plants to more people.

New genetics, a new season and new opportunities drive the rhythm of our production planning. We are committed to being the most reliable plant supplier in the business, one seed at a time.

Thank you for entrusting your business to Ball Seed.

Jim Kennedy

Director of North American Sales 630 588-3464 jkennedy@ballhort.com

Mark your calendars for Ball Seed Field Day

2016: Friday, July 29 2017: Friday, July 28

4

Ball Premier Line® Seed

Start with the best... your crops will show it! (p 15)

Ball Seed Plug Network

Making sure you have the right products at the right time...every time! (p 15)

Cannova® Canna

Bold colors...strong performer...grower-friendly! (p 34)

New WebTrack To Go[™] App

Mobile access to real-time inventory, order status, delivery info & more. (back cover)

New Sweet 16

Our cover star is one-of-a-kind! (p 192)

Primula

CYCLAMEN REIGNS SUPREME

Indoors or out...Pacific
Northwest to desert
Southwest, color-filled
cyclamen continue to be the
"go-to" plant choice. These
reliable varieties blend elegant
blooms with dramatic foliage
to make a big statement from
containers to mass plantings.
Reds and whites like Halios®
Select Red Silverleaf from
Morel cover the holiday season
nicely.

RED...HOT!

Thanks to vivid colors, supersturdy habit and dependable performance, growers and gardeners alike choose Mesa gaillardia. Add in this year's **NEW Mesa™ Red**, and you're armed with even more perennial garden power! Bolder color, better uniformity and earlier flowering make this newcomer stand far above the competition.

(p 163)

THIS ONE'S FOR YOU!

Valiant™ Mix vinca and its 6 separate colors were specially bred to give landscapers and growers in areas where aerial *Phytophthora* is a concern a top-notch solution. Valiant comes with Intermediate Resistance to this devastating disease AND it's more vigorous than the competition under field conditions — that adds up to a "Win-Win" for landscape programs.

BOLD & BEAUTIFUL

For over 20 years, the Wave family of petunias has had a singular focus on providing easy spreading color. Standout premium colors like Easy Wave® Pink Passion have made this best-in-class series even more spectacular. Perfect for baskets, planters, gardens and landscapes, these all-season salesmakers deliver customer-pleasing performance all Summer long! (p99)

THE LANDSCAPE BEGONIA

Landscapers and their clients love the super-sized shows that Whopper Rose With Green Leaf begonia puts on in mass plantings and large containers, thanks to the big, vigorous plants; exceptional bloom size and excellent heat tolerance. Whether it's displayed in sun or shade, this four-color series is a "must" for creating 55 MPH drive-by color that stuns from Spring through the end of Fall! (p 24)

NEW WORLD MARIGOLDS

Tradition gets turned on its head with NEW Fireball (shown) and Strawberry Blonde! Unique germplasm in this dramatic French Marigold duo puts multicolor blooms on the same plant - really, there has never been another French or African variety like these two! What a head-turning new look for premium packs, pots and decorative planters all across the Southeast.

(p 72 & 73)

HAPPY PLANTS!

NEW Revolution™ Red Bicolor... it's what happens when you cross the world's most uniform gerbera series with a paint box! Bicolors are big-demand these days and now this best-in-class series offers you four two-toned beauties. Best of all, they fit right into the Revolution model so you grow, pick, pack and ship across all colors to hit your schedule. Now that's happy!

Round-the-clock support – from cultural expertise to troubleshooting complex situations – from our **best-in-the-business field experts**.

Delivery solutions that keep you running efficiently and effectively.

An open invitation to learn and enjoy in **The Gardens at Ball** and other customer events.

THE BEST INPUTS GROW THE BEST PLANTS

BALL PREMIER LINE® SEED

Today more than 80% of our seed inventory – billions of seeds each year – passes through our Ball Premier Lab for coating and pelleting, priming and testing. You benefit from reduced shrink, reduced cost and improved yield.

BALL CONTROLLED GROWTH™ SEED (BCG) Every Ball Controlled Growth seed is treated

with A-Rest® at the optimum rate for each lot. money while producing quality products.

- African Marigold (CT)
- French Marigold (CT) Zinnia (CT)

BALL VIGOR INDEX® SEED

Our patented plug testing method determines the vigor and uniformity of the crop.

- Ageratum (PL) Coleus (PL) Dianthus (PL)
- Dusty Miller (PL) Impatiens (HE & CT)
- Pansy (GS) Petunia (PL) Phlox (GS)
- Salvia (HE) Viola (GS)

COATED SEED (CT)

Film-coated seed ensures better "flowability" through seeders.

- · Alyssum · Arabis · Carthamus · Celosia
- Craspedia Dahlberg Daisy Dahlia Gazania
- Geranium Gerbera Gomphrena Impatiens
- · Lettuce · Lobelia · Lupinus · Marigold
- Osteospermum Pepper Rudbeckia · Salvia · Spilanthes · Tomato · Zinnia

CERTIFIED ORGANIC SEED

Our organic seed is not treated with any chemicals. Visit ballseed.com for a complete product listing.

FUSEABLES® PRECISION **MULTI-PELLETS (PMPL)**

The first-ever professional-quality multi-species specially formulated to deliver a balanced mix the lab and in the greenhouse, they germinate and grow compatibly. All combo components are present at least 90% of the time. See page 50 for complete details and product listing.

- · Single-Species Bacopa · Single-Species Calibrachoa • Single-Species Coleus
- · Single-Species Petunia
- Single-Species Viola Multi-Species

GENESIS® SEED (GS)

Primed seed germinates under a wider range of temperatures and delivers better uniformity.
• Cleome • Coreopsis • Cyclamen • Pansy • Phlox

- Poppy (Papaver) Primula Verbena Viola

HIGH ENERGY SEED (HE)

Refined seed delivers improved

- Alchemilla Aquilegia Cosmos
- Gaultheria Gypsophila Impatiens
- Lavender Leucanthemum Penstemon
- · Perovskia · Ptilotus · Rudbeckia
- · Salvia · Scabiosa · Strawberry · Verbena · Zea (Ornamental Corn)

MULTI-SEED PELLETS (MPL)

- Alyssum (7-9 seeds) Bacopa (5 seeds)
- Begonia (3-4 seeds) Dichondra (3-4 seeds) • Gypsophila (13 seeds) • Helenium (4 seeds)
- Helichrysum (3-4 seeds)
- · Lemongrass (10 seeds) · Leycesteria (4 seeds) • Linaria (4 seeds) • Lobelia (6-9 seeds)
- Ornamental Grasses (5-9 seeds)
- Portulaca (5 seeds)
- SimplyHerbs (7-12 seeds) · SimplySalad (6-10 seeds)
- Snapdragon (5-7 seeds)

PELLETED SEED (PL)

Applying a uniform pellet for small seed items improves visibility and

- Ageratum Angelonia Basil Begonia Bellis
- Calibrachoa Campanula Cineraria Coleus • Dianthus • Digitalis • Dusty Miller (Genesispelleted) • Gloxinia • Heuchera • Isotoma
- · Linaria · Lisianthus · Lobelia · Mimulus
- Nemesia Nicotiana Pentas Petunia • Plectranthus • Portulaca • Ranunculus
- Saxifraga Snapdragon Strawberry
- Torenia Verbascum Veronica

TREATED SEED (TR)

Uses Thiram for general seedling disease control and Allegiance for protection against Downy Mildew. Seed is sealed, there is no change in shape/size, and no dust or rub off.

• Helianthus (Sunflower)

PLUG TESTING

All Ball Premier Line seed is plug tested.

F₁ ABUTILON ①

A. x hybridum

Crop Time: 4-in. (10-cm) pots, Spring/Summer. 11 to 13 weeks, Fall/Winter: 13 to 16 weeks

Bella Select Mix

Height: 14 to 18 in. (35 to 45 cm) Spread: 14 to 18 in. (35 to 45 cm) A PanAmerican Seed product.

Floriferous, compact and well-branched series flowers continuously even in high heat. Use for garden containers or indoor flowering plants.

ACHILLEA See Perennials.

AGASTACHE See Perennials

AGERATUM F1 O Also see Cut Flowers. A. houstonianum (Floss Flower)

Crop Time: Packs, 12 to 13 weeks

Blue Hawaii 5.0

Height: 6 in. (15 cm) **Spread:** 6 to 8 in. (15 to 20 cm) Available as Ball Premier Line® seed.

Extremely productive, good-quality plants are early and compact with fluffy blue flowers. Great choice for edging, landscapes and containers.

Blue Danube

Height: 7 in. (18 cm) **Spread:** 6 to 8 in. (15 to 20 cm) Available as Ball Premier Line® seed.

Cloud Nine Series

Fast to finish in packs and small pots.

Height: 4 to 5 in. (10 to 13 cm) Spread: 10 to 12 in. (25 to 30 cm) Available as Ball Premier Line® seed.

Uniform in the pack, with smaller leaves and up to 7 days earlier finish time than similar varieties. Works well in 4-in. (10-cm) pots, too.

- · Blue Attractive darker buds for more appeal.
- New Pink
- White
- New Mix Improved Includes all 3 colors.

High Tide™ F₁ Series

Height: 14 to 16 in. (35 to 40 cm) Spread: 12 in. (30 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Landscape series makes a dense. mounded hedge of color. Grows taller and more vigorously than other landscape ageratum, outlasting standard bedding varieties in gardens and mixed containers. Very well-branched, self-cleaning and easy-care.

- Blue
- White

ALCEA (HOLLYHOCK) O Also see A. rosea annua

Crop Time: 4 to 4.5-in. (10 to 11-cm) pots,

Spring Celebrities Series

Height: 28 in. (70 cm) Spread: 18 to 24 in. (45 to 60 cm)

unpinched; 24 to 30 in. (60 to 75 cm) pinched

Long-flowering, naturally dwarf annual hollyhock produces large, semi-double blooms from May through October. Good for bedding and containers.

- Carmine Rose
- Crimson
- Lemon Purple
- White
- Formula Mix Includes double and semi-double blooms.

ALTERNANTHERA 🗘

A dentata

Crop Time: 4 to 4.5 in. (10 to 11-cm) pots, 4 to 5 weeks

Purple Knight

Vigorous, dark purple-leafed foliage plant is an ideal accent for mixed containers.

Height: 18 to 36 in. (45 to 90 cm) - varies by location; taller in warmer conditions Spread: 24 to 36 in. (60 to 90 cm) A Pan American Seed product.

Vey heat-tolerant plant thrives even in subtropical Summer conditions. Grow in full sun for the darkest leaf color. Upright, spreading plants work well in landscapes. Good for 4-in. (10-cm) pots to gallons.

ALYSSUM 🔘

Lobularia maritima

All alyssum seed is available as multi-seed pellets.

Crop Time: Packs, 6 to 8 weeks

Fuseables® Wine Cooler

Find out more about these multi-species Precision Multi-Pellets on page 50.

Clear Crystal® Series

Tetraploid series delivers superior vigor and stronger performance in containers and landscapes than diploids.

Height: 6 to 10 in. (15 to 25 cm) Spread: 12 to 14 in. (30 to 35 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Few PGRs are needed in most markets and plants can be produced with little or no heat. Flowers are large and fragrant. Unique Lavender Shades and Purple Shades are the first pigmented tetraploid alyssums and are well-matched to White.

- · Lavender Shades Color is lighter under warm temperatures, especially nights. US 7,915,504
- Purple Shades Color is lighter under warm temperatures, especially nights. US 7,915,504
- · White Cleaner white flowers and darker green foliage than Snow Crystals, with more controlled habit and slightly larger flowers US 7 915 504
- Mix US 7,915,504

Easter Bonnet Series

Height: 4 to 10 in. (10 to 25 cm) Spread: 10 to 12 in. (25 to 30 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Compact, uniform and early-blooming series, matched in habit and flowering, is offered in a full color range.

- Deep Pink
- Deep Rose
- Lavender
- · Lemonade Creamy light yellow tones.
- Peach Pastel peach tones.
- White
- Formula Mix

Giga White

Height: 3 in. (7 cm) Spread: 9 to 12 in. (23 to 30 cm) Available as Ball Premier Line® seed.

Big, pure white flowers on dense, wellbranched plants fill packs and pots well. More vigorous with larger flowers than Wonderland varieties

Wonderland Series

Height: 3 in. (7 cm)

Spread: 8 to 12 in. (20 to 30 cm) Well-matched in height, blooming time and outdoor performance.

- Blue
- Deep Purple
- Deep Rose Lavender
- Pink
- White
- · Mulberry Mix Shades of lavender, purple and white

Snow Crystals

Height: 6 to 10 in. (15 to 25 cm) Spread: 12 to 14 in. (30 to 35 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Heat-tolerant plants.

AMARANTHUS 🔘 🗘

A. gangeticus (Joseph's Coat)

Crop Time: Packs, 3.5-in. (9-cm) pots: Sow in February and March for April and May sales.

Carnival

Height: Up to 48 in. (1.2 m) Spread: 18 to 24 in. (45 to 60 cm)

Striking foliage plant shows fiery shades of yellow and red contrasting with bronze leaves. Tall purple flowers are produced in late Summer. A focal point for any display.

AMMI See Cut Flowers.

ANEMANTHELE See Grasses & Grasslike Plants

F1 ANGELONIA 💭

A. angustifolia

Crop Time: 306 premium packs, 4 to 6.5-in. (10 to 16-cm) pots, gallons: 13 to 16 weeks **MUST**

HAVE

Serena® Series

No stick, no pinch...just sow and go!

Height: 16 to 20 in. (40 to 50 cm) Spread: 12 to 14 in. (30 to 35 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

High-quality, economical choice for premium pack and landscape programs. Well-branched, "no-pinch" plants are compact and full; grow up to 50% larger in Floridalike conditions. Well-suited to hot climates in both humid and dry areas. Outstanding choice for gardens and mixed containers with continuous flowering. Deer and rabbit resistant.

- Blue
- Purple
- Mix
- Waterfall Mix Purple plus a sky blue and white segregating mix (not available separately).

Serenita® Series

The same "Elegant and Tough" performance as Serena...in a more compact and manageable plant.

Height: 12 to 14 in. (30 to 35 cm) **Spread:** 12 to 14 in. (30 to 35 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Serenita is ideal for very hot/humid night temperatures like Florida and other southern areas. Fewer to no PGRs are needed to produce shorter plants. Also good for mixed combos where a shorter structure plant is required, or for northern areas. Deer and rabbit resistant.

- Pink All-America Selections National Winner.
- Purple
- Raspberry Unique, strong color. Times like Serena so can also be added to that $\ensuremath{\mathsf{mix}}$.
- Sky Blue Color holds up in high heat and light; lighter than Serena Blue and distinctive from Serenita Purple. Timing/ height like Serenita Raspberry.
- White
- Mix

Stand out from the rest with Serena and Serenita marketing tools.

6-in. (15-cm) Pot

FOLIAGE BEGONIA 🔾 🔘

B. x hybrida

Crop Time: 4.5 to 6-in. (11 to 15-cm) pots, 13 to 17 weeks; 12-in. (30-cm) pots, 17 to 20 weeks

Gryphon

Unique tropical appearance adds "WOW" to retail programs and makes Gryphon a great impulse item.

Height: 14 to 16 in. (35 to 40 cm) in shade, 12 to 14 in. (30 to 35 cm) in partial sun; may grow to 30 in. (75 cm) tall in hot/humid conditions

Spread: 16 to 18 in. (40 to 45 cm)
A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Retailers appreciate the showy displays, low water needs, longer sales window, and versatility for both indoor and outdoor plant sales areas. For consumers, these easy-care, water-efficient plants deliver great success and bring them back for more. Garden-to-house Gryphon lets them extend the season by bringing plants indoors at the end of the season. Gryphon fits into existing begonia plug culture, and is easier and quicker to produce than vegetative foliage types. Plants are more tolerant of stressful conditions than Rex begonias for less shrink at retail, and fit programs from 4.5 to 10 in. (11 to 25 cm).

F₁ WINGED BEGONIA ()
B. x hvbrida

Crop Time: 6-in. (15-cm) pots, 14 to 17 weeks; 8-in. (20-cm) pots, 15 to 18 weeks; 10 to 12-in. (25 to 30-cm) baskets, 16 to 19 weeks

BabyWing® Series

Height: 12 to 15 in. (30 to 38 cm) Spread: 10 to 12 in. (25 to 30 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Flowering 10 days to 2 weeks earlier than Dragon Wing, BabyWing produces blooms all season over foliage that looks like small Dragon Wing leaves. Upright, mounded plants have a controlled habit ideal for shipping. Extremely heat tolerant; stands up to stressful conditions. Ideal for 4 to 10-in. (10 to 25-cm) programs.

- Bicolor Shows a hint of "orange glow" on each flower along with the novel color pattern. Slightly smaller flowers than others in the series, but very floriferous for the same overall flower power.
- Pink
- Red Green leaves can show red picotee
- edge when young.
- White
- White Bronze Leaf

- Yellow
- Yellow With Red Back

Nonstop JOY Yellow F1

Height: 9 in. (23 cm)

Spread: 14 to 16 in. (35 to 40 cm) Available as Ball Premier Line® seed.

Proven Nonstop quality...topped by huge, double, yellow flowers that pop at retail and in the garden. Better branching assures fuller baskets with easier sleeving and shipping. Great in landscapes and patio planters, too.

Nonstop Mocca Series

Height: 8 in. (20 cm)

Spread: 10 to 12 in. (25 to 30 cm) Available as Ball Premier Line® seed.

Beautiful dark-leafed series offers the same outstanding Nonstop performance. Foliage is a deep chocolate color and contrasts well with the bright, fully double blooms

- Bright Orange
- Cherry
- Deep Orange
- Pink Shades Scarlet
- New White Improved Better uniformity within the variety; good contrast between flower and foliage.

Appeal Series

Height: 8 in. (20 cm)
Spread: 10 in. (25 cm)
Available as Pall Promise Li

Available as Ball Premier Line® seed.

High-value pot crop is well-suited to 5 to 6-in. (13 to 15-cm) programs for use in patio planters, mixed combos and indoors. Genetically compact plants can be produced under low temperatures, but do not need cold to flower.

- Deep Blue
- Pink

Grow easily and efficiently with the world's first calibrachoas from seed.

Crave Sunset and Kabloom produce bushy, trailing plants that show off the same amount of color as mid-vigor vegetative calibrachoas - side-byside, you can't tell the difference. Ideal premium input for quarts, 4 to 6-in. (10 to 15-cm) pots, hanging baskets and mixed combos.

Crave Sunset

Height: 10 to 14 in. (25 to 35 cm) **Spread:** 12 to 16 in. (30 to 40 cm) A Ball Ingenuity product, available exclusively through Ball Seed. Available as Ball Premier Line® seed.

The first novelty seed calibrachoa, Crave Sunset grows more vigorously than the Kabloom colors. Great mixer with red or orange varieties for Fall sales.

Kabloom™ Series

Height: 8 to 12 in. (20 to 30 cm) **Spread:** 10 to 14 in. (25 to 35 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

- Deep Blue The most vigorous with the greatest variation in vigor and habit. Low percentage of purple-blue flowers. PPAF
- Deep Pink Requires long days for flowering.
- White No "pinking"; most compact of the series. PP 26,483
- Yellow More upright structure. PP 26,516

CANNA C. x generalis

Crop Time: 4-in. (10-cm) pots, 14 to 17

Cannova® F1 Series

The first-ever seed F₁ series offers an easy-to-grow option with improved economy.

Height: 30 to 48 in. (75 cm to 1.2 m) Spread: 14 to 20 in. (35 to 50 cm) A Ball Ingenuity product, available exclusively from Ball Seed. Bred by Takii in Europe.

Move over TC and rhizomes – growerfriendly Cannova has taken the market by storm! This exceptional hybrid series boasts strong colors that will capture the landscape market and be a sure hit with home gardeners in their garden beds and as "thrillers" in their mixed containers. Ideal for cart programs, the versatile plants work well in 4-in. (10-cm) pots to 2 gallons, offering a wealth of selling opportunities.

- Bronze Scarlet Bronze foliage.
- Lemon
- New Mango
- New Orange Shades
- Red Shades
- Rose
- Yellow

CANNOVA is a registered trademark of Takii Europe B.V.

South Pacific Scarlet F1

Height: 26 to 32 in. (65 to 80 cm) Spread: 12 to 18 in. (30 to 45 cm)

Vigorous, compact and virus-free plants produce single, 4-in. (10-cm) flowers quickly; excellent repeat blooming. Good in gardens, planters, shallow water gardens. 11 to 12 weeks. All-America Selections Winner.

Tropical Series

Height: 24 to 30 in. (60 to 75 cm) Spread: 16 to 18 in. (40 to 45 cm); will grow to 3 ft. (90 cm) across in warmer

Bright, 3 to 4-in. (7 to 10-cm) blooms are held above the foliage. Use for pots and bedding.

- · Bronze Scarlet The first dwarf bronzeleaf canna from seed. Rich scarlet flowers over bronze-burgundy foliage.
- Red Extra-dwarf. Blooms just 13 weeks from sowing in warm conditions.
- Rose
- Salmon
- · White Creamy white blooms, some with pink markings. Similar habit to Salmon.
- Yellow

CAREX See Grasses & Grasslike Plants.

CARNATION F1 🔘 Dianthus caryophyllus

Can Can Series

Height: 18 in. (45 cm) Spread: 8 in. (20 cm)

USDA Hardiness Zones: Tender perennial

High-quality, large-flowered series produces brightly colored blooms with spicy fragrance from mid-Spring to Summer. Strong-stemmed, well-branched plants work well in borders and planters, and makes a good garden cut flower.

- Rose
- · Scarlet All-America Selections National
- · Cocktail Party Mix Burgundy, purple, salmon, scarlet and rose pink.

Lillipot Mix

Height: 8 to 10 in. (20 to 25 cm) Spread: 4 to 5 in. (10 to 13 cm)

Masses of 2-in. (5-cm) flowers cover uniform, basal-branching plants. Ideal for 4-in. (10-cm) pots.

C. CRISTATA (COCKSCOMB CELOSIA)

Armor Mix

Height: 12 to 16 in. (30 to 40 cm)

Spread: 8 in. (20 cm)

Available as Ball Premier Line® seed.

Vigorous bedding plants are ideal for hot Summer gardens, displaying showy cockscomb blooms at the center of the plant, in vibrant orange, purple, red and yellow. Also works well in mixed containers

New Dracula

Height: 8 to 16 in. (20 to 40 cm); shorter

growth in high light

Spread: 8 to 12 in. (20 to 30 cm) A PanAmerican Seed product

Available as Ball Premier Line® seed.

Unique novelty celosia produces one big bloom on top of each plant. In the greenhouse, flower is red and foliage is green with some red. Outdoors, the leaves are darker and more purple-toned and flower is darker purple. Eye-catching color and shape add drama to landscapes, gardens and containers. Good mid-height border plant.

Prestige Scarlet

Height: 12 to 24 in. (30 to 60 cm) Spread: 10 to 12 in. (25 to 30 cm) Heat-tolerant landscape performer produces 3.5-in. (9-cm) combs and continues to branch after the central flower emerges. All-America Selections Winner

Tornado Red

Height: 12 to 20 in. (30 to 50 cm)

Bushy plants feature many small, dense, burgundy-red combs that hold color well when dried. Good for indoor and outdoor production

C. PLUMOSA (FEATHER CELOSIA)

Arrabona Red

First-ever well-branched C. plumosa makes a fuller plant.

Height: 10 to 14 in. (25 to 35 cm) Spread: 10 to 15 in. (25 to 38 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Striking red-orange color on a compact, sturdy plant that loves heat and tolerates drought; works well even in tropical climates. Packs, 11 to 14 weeks; 4 to 5-in. (10 to 11-cm) pots, 12 to 16 weeks.

Castle Series

Height: 16 to 20 in. (40 to 50 cm) Spread: 12 to 14 in. (30 to 35 cm) 7 to 8-in. (18 to 20-cm) plumes.

- Orange
- Pink All-America Selections National Winner.
- Scarlet Yellow

Dragon's Breath

Gorgeous Fall-flowering plumes of color.

Height: 24 in. (60 cm) Spread: 16 in. (40 cm)

Great in heat and humidity, this variety shows off extra-large, bright red plumes. Well-suited to gallons for landscape and mixed container use. Minimal nitrogen needed during growing period, less fertilizer and irrigation needed for growers.

Fashion Look Mix

Height: 14 to 16 in. (25 to 40 cm) Spread: 12 in. (30 cm) Available as Ball Premier Line® seed.

Formula mix offers all of the outstanding features of the "Look" celosia, with an eye-catching combination of green-leafed Fresh Look varieties and bronze-leafed, scarlet-plumed New Look.

First Flame™ Series

Height: 10 to 14 in. (25 to 35 cm) Spread: 10 to 16 in. (25 to 40 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Finishes 10 to 14 days earlier than others of this type for reduced production costs. Uniform heights across all colors means fuller-looking containers. Excellent, brightly colored Summer crop for large containers. Packs, 11 to 14 weeks; 4 to 5-in. (10 to 11-cm) pots, 12 to 16 weeks. • Scarlet Orange Early Formerly Orange.

Red

PREMIUM SUN COLEUS 🔾 🛡 Solenostemon scutellarioides

Crop Time: 4-in. (10-cm) pots, 11 to 14

Premium Sun Coleus are great performers in full sun, with high humidity. Also suitable for shade.

Chocolate Covered Cherry

Height: 12 to 14 in. (30 to 35 cm) Spread: 10 to 12 in. (25 to 30 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Non-fading multicolor pattern - rose center on each leaf is surrounded by deep mahogany and edged with green. Late flowering and manageable size.

Chocolate Mint

Height: 14 to 20 in. (35 to 40 cm) Spread: 12 to 14 in. (30 to 35 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed. Dark-leafed plants feature mid-size, rich chocolate leaves edged in mint green.

Upright habit.

Crimson Gold

Height: 14 to 18 in. (35 to 45 cm) **Spread:** 14 to 18 in. (35 to 45 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Well-branched, vigorous plants show off beautiful foliage all season. Deep red with golden green edge. Late-flowering.

Dark Chocolate

Height: 24 to 30 in. (60 to 75 cm) Spread: 18 to 24 in. (45 to 60 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Mid-size leaves in an eye-catching, mahogany brown color; slight touches of burgundy, especially in full sun. Ideal for in-ground plantings and large containers. Suitable for 5-in. (13-cm) pots with 3 plants per pot. NOTE: Planting in full sun is not recommended.

Lime Delight

Height: 28 in. (70 cm) Spread: 18 to 22 in. (45 to 55 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Vibrant lime green to golden foliage is in demand with decorators. Combines well with other annuals

Mighty Mosaic

Height: 18 to 26 in. (45 to 65 cm) **Spread:** 18 to 22 in. (45 to 55 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Easy-to-produce, multicolor variety delivers the impact of vegetative types. Very late flowering – looks great in landscapes and big planters all season. Great in shade; takes the sun in high humidity.

New Pineapple Surprise

Height: 18 to 26 in. (45 to 65 cm) Spread: 18 to 22 in. (45 to 55 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Unique and versatile tricolor pattern iridescent chartreuse and deep burgundy hearts are splashed with chartreuse and green. The surprise: Up to 3% of plants can show primarily darker green/ burgundy bicolor instead of chartreuse. Stable pattern all season like similar vegetative varieties. Very late flowering.

Rose to Lime Magic

Height: 24 in. (60 cm) Spread: 18 to 22 in. (45 to 55 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed. Unique variety changes color as the

season progresses - rose leaf color eventually dissolves, exposing green margin and cream center. Late to flower.

Watermelon

Height: 20 in. (50 cm) **Spread:** 18 to 22 in. (45 to 55 cm)

A PanAmerican Seed product. Available as Ball Premier Line® seed.

Watermelon-colored leaves have green edges in cool conditions and mature to deep pink under warmer conditions. Late flowering.

Amazon F1 Series

Height: 18 to 24 in. (45 to 60 cm); finishes at 36 in. (90 cm) tall as a Winter

greenhouse-grown crop Spread: 10 to 12 in. (25 to 30 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Dark green, glossy foliage sets off the vibrant blooms on this strong-stemmed, heat-tolerant series. Amazon does triple duty as a landscape/bedding plant, home garden cut flower and commercial cut flower. Well-suited to gallon or larger pot production. Excellent late-season performer. Vernalization is not required.

DICHONDRA 🔘 🔾

Crop Time: 4 to 4.5-in. (10 to 11-cm) pots, 12 to 14 weeks

D. ARGENTEA

Silver Falls

Height: 2 to 3 in. (5 to 7 cm) in the ground **Spread:** 3 to 4 ft. (90 cm to 1.2 m); up to 6 ft. (1.8 m) in areas with a longer growing season

A PanAmerican Seed product.

Very drought and heat-tolerant, silverstemmed foliage plant with true cascading habit for baskets and mixed containers. Performs as a low-growing groundcover, but needs well-drained soil for best performance. Covered with very small, rounded silver leaves. Branches well without pinching.

D. REPENS

Emerald Falls

Height: 2 to 4 in. (5 to 10 cm) in the

Spread: 3 ft. (90 cm)

A PanAmerican Seed product. Available as Ball Premier Line® seed.

Rounded green leaves, heat tolerance and a dense, cascading habit make this an excellent choice for mixed containers and baskets. Also performs well as a low-growing groundcover, and as an indoor lifestyle plant. Creates a denser, tighter and shorter plant than Silver Falls, without pinching or PGRs. Easy to grow branches heavily early to completely cover the pot before branches can tangle

G. RIGENS

New Enorma Mix

Height: 8 to 10 in. (20 to 25 cm) **Spread:** 8 to 10 in. (20 to 25 cm)

Mid-size plants are topped by large flowers over glossy, dark green foliage. More disease resistant than fuzzy-leafed types in humid climates because the foliage does not trap water. Excellent performance across the U.S., including warm-climate Winter landscapes.

Delivers a more compact and bulkier plant with bigger flowers on shorter peduncles.

Height: 8 to 10 in. (20 to 25 cm) Spread: 6 to 8 in. (15 to 20 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

New Day is easier to produce for growers, and offers better holdability at retail. Landscapers and consumers will appreciate this drought-tolerant series for its excellent performance in landscapes, containers and baskets. Well-suited to high-density pack and small pot programs.

Crop Time: 18 weeks

Fireworks

Height: 4 ft. (1.2 m) Spread: 4 ft. (1.2 m)

A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Vigorous, drought-tolerant, easy-care plants are topped by long-lasting, hot pink flowers tipped with bright yellow. Abundant blooms plus the unique "scaffolding" habit give exceptional flower power at retail, and in landscapes and containers. Resists weather damage. Stays compact as a plug on the bench for simplified production. Ideal for highmargin gallon programs. Suitable for field production and garden cut flower use.

Dakota Gold

Height: 12 to 14 in. (30 to 35 cm) Spread: 24 to 28 in. (60 to 70 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Easy-care, reliable North American native makes a compact, mounded plant with bright golden flowers over fine-textured green leaves. Vigorous plants are good for mass plantings in hot and dry heat to cool and rainy conditions. US PVP 200600009

HELIANTHUS See Sunflower. Also see Cut Flowers (Sunflower).

HELICHRYSUM 🔘

H. microphyllum (Plectostachys serphyllifolia)

Crop Time: 4 to 4.5-in. (10 to 11-cm) pots, 11 to 14 weeks

Silver Mist

Height: 6 to 8 in. (15 to 20 cm) Spread: 18 to 24 in. (45 to 60 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Finely textured silver foliage and stems make this an excellent choice for mixed containers or bedding, as well as an indoor lifestyle plant. Full, mounded and spreading, Silver Mist branches well without pinching. The silver leaf color intensifies with more light. Good for premium packs and 4 to 6-in. (10 to 15-cm) pots up to gallon containers.

HELIOPSIS See Perennials.

HELIOTROPE

Heliotropium arborescens

Mahogany Splendor

Height: 3 to 5 ft. (90 cm to 1.5 m) **Spread**: 24 to 30 in. (60 to 75 cm) A PanAmerican Seed product.

Attractive accent plant features deep burgundy, maple-shaped leaves with serrated edges that are similar to a Japanese Maple. Ideal for landscapes, this drought and heat-resistant variety also makes a great "thriller" in mixed containers with other sun-loving plants. Deer resistant; can be grown directly in the water as a pond plant. NOTE: Foliage will have green/rust tones in the greenhouse, but matures to burgundy in full sun outdoors.

MELAMPODIUM 💭

M. paludosum

Derby

Height: 8 in. (20 cm)

Spread: 12 to 18 in. (30 to 45 cm) Heat-tolerant, dwarf plants produce many

bright yellow blooms all season.

New Jackpot Gold

Height: 10 to 24 in. (25 to 60 cm)

Spread: 12 in. (30 cm)

Improved version of Million Gold features better habit and larger, golden-orange blooms. Bushy plants flower continuously from early Summer to first frost, with proven garden performance in both cold Spring conditions and long, dry Summers.

Lemon Delight

Height: 6 to 12 in. (15 to 30 cm) **Spread:** 12 in. (30 cm)

Very floriferous plants with 1-in. (2.5-cm), light yellow, daisylike flowers. Performs well in hot and humid climates.

Million Gold

Height: 6 to 12 in. (15 to 30 cm)

Spread: 12 in. (30 cm)

Very heat and humidity-tolerant variety. Dwarf plants continuously bear golden yellow, single flowers all season.

Showstar

Height: 10 in. (25 cm) Spread: 8 to 10 in. (20 to 25 cm)

Bushy variety with yellow, star-shaped blooms.

MELINIS See Grasses & Grasslike Plants

MILIUM See Grasses & Grasslike Plants.

MINT, ORNAMENTAL 🔘 🔘

Mentha requienii (Corsican Mint)

New Mini Mint

Height: 1 to 2 in. (2.5 to 5 cm) Spread: 6 to 12 in. (15 to 30 cm) Available as Ball Premier Line® multi-

seed pellets.

Attractive, highly fragrant groundcover or small pot plant is easy to grow from a multi-seed pellet with 8 to 12 seeds. One plug in a 4-in. (10-cm) pot delivers a fast fill; can be direct sown. Makes greatlooking small pots, mix components and garden specimens; can also be marketed as a lawn replacement. Performs as a perennial in Zones 6 to 9. NOTE: Leaves are non-toxic but do not have a palatable flavor.

MILLET, F1 ORNAMENTAL 🔘 🕕 Pennisetum glaucum

Crop Time: 4-in. (10-cm) pots and larger sold green, 6 to 9 weeks

Jade Princess

A "must have" for landscapers and consumers looking for plants in the popular chartreuse color group.

Height: 24 to 30 in. (60 to 75 cm) Spread: 18 to 24 in. (45 to 60 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

Intense lime green leaves, controlled and mounded shape, and pollenless heads make this variety shine in the store, and outdoors in landscapes and mixed or mono containers. Seed can be directsown into finish containers. Well-suited to pot sizes up to gallons, with a fast finish time. The most compact of the varieties we offer, the plants ship well. NOTE: Requires warmer temperatures than other millets to perform well.

Jester F1

Height: 3 to 4 ft. (90 cm to 1.2 m) Spread: 10 to 14 in. (25 to 35 cm) A PanAmerican Seed product.

Unique color-changing foliage adds interest to gardens, landscapes and mixed containers. Leaves begin chartreuse with burgundy accents, then burgundy, and finally the same bronze-purple color as Purple Majesty; color is strongest in full sun. Jester grows to about three-quarters the height of Purple Majesty, with wider leaves and more basal branching.

Purple Baron F1

The ideal choice for mixed containers!

Height: 2.5 to 3.5 ft. (75 cm to 1.1 m) Spread: 10 to 14 in. (25 to 35 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

This compact yet robust variety grows to about two-thirds the height of Purple Majesty, with large, thick flower spikes on plants with more basal branching. The foliage emerges and grows like Purple Majesty, finishing a slightly darker purple color at maturity. Leaves are shorter and wider for easy shipping.

Purple Majesty F1

Striking ornamental plant for mass plantings, large mixed containers and borders features deep purple foliage, stems and flower plumes

Height: 4 to 5 ft. (1.2 to 1.5 m) Spread: 8 to 12 in. (20 to 30 cm) A PanAmerican Seed product.

Produces cattail-like flower plumes, 12 to 14 in. (30 to 35 cm) long. Young plants are green. The stem and mid-rib of the foliage first turn purple after about 8 leaves have developed. Foliage turns dark purple when plants are moved from the greenhouse outside into full sun. Good cut flower choice. All-America Selections Gold Medal Winner

MIMULUS 🗘 M. x hvbridus

Crop Time: Packs, 8 to 9 weeks

Magic Series

Height: 10 in. (25 cm) Spread: 12 in. (30 cm)

Available as Ball Premier Line® seed.

Fast-finish series is compact and floriferous. Well-suited to early-season pack programs.

- Ball Magic Mix A Ball Ingenuity product, available exclusively through Ball Seed. Special formulation of the brightest, most well-matched colors.
- Spring Blossom Mix Eye-catching blend of solid and patterned ivory to burgundy blooms.

Maximus Clear Mix

Height: 10 in. (25 cm) Spread: 8 to 10 in. (20 to 25 cm) Available as Ball Premier Line® seed.

First grandiflora mimulus produces very large, 2.5-in. (6-cm) blooms. Vigorous, upright plants work well in 4-in. (10-cm) programs.

Mystic Mix

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 in. (25 cm) Available as Ball Premier Line® seed. Spreading variety.

MORNING GLORY 🔘

Crop Time: Flowers, 5 to 6 weeks

Good Morning Series

Vine length: 3 to 4 ft. (90 cm to 1.2 m) (Pharbitis nil) Perfect for Summer baskets and containers, the compact plants stay controlled with less vining than standard varieties. 3 to 4-in. (7 to 10-cm) flowers have a picotee pattern of small white rim and throat. Creamy white/green leaves add an appealing look even when not in flower. Performs well in heat/humidity conditions. Long days are needed to develop vegetative growth.

- Blue
- Pink
- Red
- Violet

Happy Hour Rose

Vine length: 6 to 9 ft. (1.8 to 2.7 m)

(Pharbitis x hybrida) Produces many rosered flowers, each with a white throat, over variegated foliage. Flowering starts when the vine reaches 3 ft. (90 cm). Perfect for baskets; also works well as a trailing pot plant and climbing vine. Best direct sown.

Heavenly Blue

Vine length: 12 ft. (3.5 m)

(Ipomoea tricolor) Sky blue flowers open in the morning.

Sunrise Serenade

Vine length: 10 ft. (3 m)

(Ipomoea x imperialis) Big double flowers highlight this Imperial Japanese variety. Each wavy-edged, 2.5 to 3-in. (6 to 7-cm) bloom is cherry red with white base. Gardeners will enjoy the eye-catching flowers of this traditional vining plant from early Summer until the first frost. Flowers remain open longer than standard single varieties.

MULTI-SPECIES MULTI-PELLETS

See Fuseables®, page 50.

MYOSOTIS O Also see Perennials. M. sylvatica (Forget-Me-Not)

Crop Time: Premium packs and 4.5-in. (11-cm) pots, 9 to 13 weeks seasonally

Mon Amie Blue

Height: 8 to 10 in. (20 to 25 cm) Spread: 6 to 8 in. (15 to 20 cm) A Kieft Seed product.

Ready to ship and sell 3 to 6 months earlier than biannual varieties as no vernalization is needed for flowering. Works well in annual programs and can be reliably scheduled for Fall or Spring. Media/soil pH requirements are similar to Primula acaulis. Suited to premium packs and 4.5-in. (11-cm) pots. Hardy in Zones 6 to 8. US 200800070

NASTURTIUM 💭

Tropaeolum majus

Crop Time: Packs, 11 to 13 weeks

Alaska Mix

Height: 12 in. (30 cm) Spread: 16 in. (40 cm)

White, marbled foliage contrasts with 2 to 2.5-in. (5 to 6-cm), single blooms.

Jewel Mix

Height: 10 in. (25 cm) Spread: 20 to 24 in. (50 to 60 cm) Semi-double, 2 to 2.5-in. (5 to 6-cm)

flowers; vigorous.

NEMESIA 🍑

N. FOETANS

Crop Time: Packs and pots, 9 to 12 weeks

Poetry™ Series F1

Height: 12 to 14 in. (30 to 35 cm) Spread: 10 to 12 in. (25 to 30 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Ideal for cool-season gardens and containers, Poetry is the first seed-grown nemesia of this type and makes an excellent premium variety. The wellbranched, "no pinch" plants grow fast and full. Well-suited to Spring and Fall premium packs and 4-in. (10-cm) pots. Will flower in Winter in milder climates.

- Blue
- Deep Pink
- Pink White

Mix

N. X HYBRIDUS

Crop Time: 4 to 6-in. (10 to 15-cm) pots, 10

New Seventh Heaven Mix F1

Height: 12 to 14 in. (30 to 35 cm) Spread: 14 to 16 in. (35 to 40 cm) Available as Ball Premier Line® pelleted seed.

Featuring denser and better-branched foliage and larger flowers than similar seed varieties, this new variety is on par with vegetative types. The mix includes the first lavender bicolor in seed types.

N. STRUMOSA

Crop Time: Pots, 13 to 15 weeks

Stargate Mix

Height: 10 in. (25 cm) **Spread:** 12 in. (30 cm)

A Ball Ingenuity product, available exclusively through Ball Seed.

Blooms in a wide range of bright colors highlighted on semi-compact plants.

Sundrops Mix

Height: 10 in. (25 cm) Spread: 8 to 10 in. (20 to 25 cm) A PanAmerican Seed product.

Early, compact plants in a wide range of colors and patterns. Good for small container programs.

F1 SPREADING PANSY O Viola x wittrockiana

Cool Wave® Series •

The fastest-growing, longest-lasting, truly trailing pansy. It's a MUST HAVE!

Height: 6 to 8 in. (15 to 20 cm) **Spread:** 24 to 30 in. (60 to 75 cm) Flower size: 2 to 2.25 in. (5 to 5.5 cm) **USDA Hardiness Zones:** to Zone 5 A PanAmerican Seed product.

Available as Ball Premier Line® seed.

The Best Pansy Ever has superior overwintering hardiness that assures that Cool Wave pansies are the earliest to return in Spring. More vigorous than any spreading pansy, fewer Cool Wave plants are needed per pot and these pansies pump out tons of cool-season color! With the most prostrate habit of any spreading pansy, Cool Wave varieties make great "spillers" in combos and are a fastgrowing, high-impact groundcover.

- Blue Skies Matches Golden Yellow for habit/vigor. Cool nights/low PGRs deliver the deepest color. High temperatures/ PGR use show slightly lighter blue color and broader yellow eye. Small number of blooms show dark purple cap.
- New Blueberry Swirl Improved Superior germination and better seed quality; much more stable, uniform bicolor pattern; more controlled habit; larger flowers are now comparable to Golden Yellow.
- Frost White flowers develop light blue "frost" from the edges as they mature. Cool temperatures enhance the color pattern.
- Golden Yellow
- Lemon Surprise Lemon blooms have some genetic dark and light shading. The surprise: up to 3% of the blooms show a purple cap.
- New Morpho Popular bicolor is now available in premium spreading/trailing pansies.
- New Purple Improved Improved vigor matches Golden Yellow; 30% larger flowers.
- Sunshine 'N Wine
- Violet Wing
- White Can show a little blush.
- Berries 'N Cream Mix Purple, Violet Wing and White.
- Mix
- · Pastel Mix White, Frost, Yellow and Golden Yellow, plus lemon (not available separately).

Matrix® Series

Extra-large-flowered Matrix is your best option for longer days and warmer growing.

Height: 8 in. (20 cm) Spread: 8 to 10 in. (20 to 25 cm) Flower size: 3.5 in. (9 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

All Matrix varieties flower within a 7-day window at 25% color in Fall production so that all colors from the same sowing can ship together. The extra-large flowers hold up to the heat and PGR stress in Summer/Fall production. Superior branching produces plants that cover the soil before initiating blooms without stretching, to assure more flowers per plant in landscapes and containers. The bottom line: Matrix makes life easier - you don't touch the crop as much!

Spring Matrix™ Series

Large-flowered Spring Matrix is your best option for shorter days and cool

Height: 8 in. (20 cm) Spread: 8 to 10 in. (20 to 25 cm) Flower size: 3 in. (7 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Spring Matrix delivers the tightest bloom window of any Spring-flowering pansy, across a full color range. With the most uniform habit and least stretch of any Spring pansy, the plants look better, last longer and have the tightest bloom window. The flower size of Spring Matrix prevents the flopping that can occur in Winter/Spring pansies.

Like Matrix, Spring Matrix is designengineered to make plants with superior plant structure with less stretch, while minimizing waste and unacceptable plant performance. Similar habit, timing and performance across both series including the novelty colors - streamline production and deliver a better-looking product at retail.

STANDARD PANSY

Panola® Series

Height: 6 to 8 in. (15 to 20 cm) Spread: 8 to 10 in. (20 to 25 cm) Flower size: 2.25 in. (5.5 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

The ultimate multi-season landscape pansy has a tight 5 to 7-day flowering window, very uniform habit and shorter peduncles across all XP colors. Panola continues to outperform standard medium-flowered varieties, with exceptional overwintering, early flowering and less stretch in warm climates. Freeflowering, well-branched and compact plants are suited to early Spring and Fall programs.

Panola XP varieties:

- Beaconsfield XP
- Deep Blue Blotch XP
- Deep Orange XP

Wine Flash

Height: 5 to 6 in. (13 to 15 cm) Spread: 6 in. (15 cm) Flower size: 3.25 in. (8 cm) Available as Ball Premier Line® seed.

Compact and free-flowering from Fall through early Spring. Early; does not need cool temperatures to initiate buds. Blooms under long and short days.

PAPAVER See Poppy. Also see Perennials (Papaver).

PEPPER, ORNAMENTAL 🔘

Capsicum annuum

Crop Time: Packs, 11 to 14 weeks

Acapulco Series

Height: 6 in. (15 cm) Spread: 6 in. (15 cm)

Tapered, 0.6 by 1.5-in. (1.5 by 4 cm) peppers top the plants. Compact, fast-growing plants have good shelf life and excellent outdoor performance. Well-suited to 4.25 to 5-in. (11 to 13-cm) pots, up to 6.5 to 8-in. (17 to 20-cm) pots with 3 ppp.

- Multicolor Orange
- Purple
- Red
- Yellow

New Black Hawk F1

Height: 10 to 12 in. (25 to 30 cm) Spread: 8 in. (20 cm)

This 2016 All-America Selections Regional Winner (Southeast, Heartland) blends head-turning looks, versatility and all-season performance even in high humidity into one neat package! The little black, conical peppers mature to a beautiful, bright red color, sitting atop multicolor foliage of dark green and purple-black. Black Hawk is very early to flower and fruit - and then just keeps on pumping out peppers through Fall. The uniform, full plants make an excellent addition to mixed containers, flower beds, baskets and even cut flower arrangements. NOTE: Fruit is very hot.

Black Olive

Height: 10 to 24 in. (25 to 60 cm) Spread: 12 to 15 in. (30 to 38 cm)

Superb heat performer in southern gardens! Vigorous plants keep their upright habit all season, with small clusters of dark purple/black fruit all along the stems. Peppers mature to red, contrasting well against showy, bright purple blooms and dark purple leaves highlighted by an occasional bright green marking. Versatile can be used as a border plant, a great color splash in containers, and a cut flower in mixed bouquets. NOTE: Fruit is fiery hot. All-America Selections National Winner.

Black Pearl

Height: 14 to 18 in. (35 to 45 cm); may grow up to 3 ft. (90 cm) or taller in warmer areas with longer growing seasons Spread: 12 to 16 in. (30 to 40 cm) A PanAmerican Seed product.

This award-winning variety is the first black-leafed ornamental pepper on the market. Heat, humidity and droughtloving, it makes an eye-catching accent plant in mixed containers. The bushy, upright and well-branched plants produce rounded, shiny black fruit that matures to dark red with a very spicy taste. Young green leaves mature to glossy black with high light and heat. Use in 4-in. (10-cm) to gallon programs. All-America Selections National Winner. PVP 200500020

Calico F₁

Height: 10 to 12 in. (25 to 30 cm) Spread: 14 to 16 in. (35 to 40 cm) A PanAmerican Seed product.

Well-branched plants produce high-appeal variegated foliage of purple, cream and green. Compact, mounded plants are extremely heat tolerant, making them well-suited to landscapes and for accents in mixed containers. Best in 4-in. (10-cm) to gallon programs. NOTE: Fruit is very spicy.

Chilly Chili F1

Height: 9 to 10 in. (23 to 25 cm) Spread: 13 to 14 in. (33 to 35 cm) A PanAmerican Seed product

Larger and more vigorous than Medusa, producing the same type of "non-pungent" fruit. The 2 to 2.5-in. (5 to 6-cm), bluntnosed peppers mature from greenishyellow to orange to dark red. Suited to landscapes and large containers. Best in 4.5 to 6-in. (11 to 15-cm) pots. All-America Selections National Winner. US 7,087,819 and 7.393.995

Conga

Height: 4 to 6 in. (10 to 15 cm) Spread: 5 to 8 in. (13 to 20 cm)

Dark purple foliage is topped by fruit that emerges purple and matures to deep orange - peppers are attractive enough at the early purple stage that plants are saleable up to 2 weeks earlier than others. Habit is between Mambo and Salsa series

New Hot Pops Purple

Height: 4 to 5 in. (10 to 13 cm) Spread: 6 to 8 in. (15 to 20 cm) A PanAmerican Seed product.

Pump up your Autumn pot plant sales with this new fruit form and multicolors! Small, round peppers of both purple and orange at the same time make a highimpact display for outdoor and indoor decorating. Compact, heavily branched, determinate plants are best-suited to 4 to 8-in. (10 to 20-cm) pots for mixed container, color bowl and mum pal programs. NOTE: Fruit is very hot. US 9,301,465

Mambo Series

Height: 4 to 6 in. (10 to 15 cm) Spread: 10 to 12 in. (25 to 30 cm)

Dark green-leafed Mambo produces colorful, long-lasting, pointed fruit held centrally above the compact, very wellbranched plants.

- Orange
- Purple Orange Purple Red
- Red Yellow
- Yellow Red

Masguerade

Height: 10 to 12 in. (25 to 30 cm) Spread: 8 to 10 in. (20 to 25 cm) A PanAmerican Seed product.

Very early variety produces fruit that matures from purple to yellow to red.

Medusa

Height: 6 to 8 in. (15 to 20 cm) Spread: 4 to 6 in. (10 to 15 cm) A PanAmerican Seed product.

Non-pungent, 2 to 2.5-in. (5 to 6-cm), twisted, cone-shaped fruits stand upright in a display of ivory to yellow to orange to red. Very prolific, with 40 to 50 fruits per plant. Naturally compact and wellbranched; good for 4-in. (10-cm) pots with no PGRs needed. Makes a unique indoor plant for Fall decorating. US 7,087,819 and 7,393,995; PVP 200000140

Nu Mex Easter

Height: 8 in. (20 cm) Spread: 10 in. (25 cm)

This fun and festive pepper puts small clusters of 4 to 6 tapered fruits on the top of the compact, well-branched, dark green-leafed plants. The pepper colors match those of dyed Easter eggs, ranging from lavender to light yellow to light orange. These mini-pepper plants are excellent in the front of the garden and in patio planters, or used in indoor containers for Spring and all year-round. Sturdy performer tolerates heat, humidity, drought, rain and wind. All-America Selections National Winner.

Purple Flash

Height: 13 to 15 in. (33 to 38 cm) Spread: 19 to 21 in. (48 to 52 cm) A PanAmerican Seed product.

Striking flashes of bright purple foliage among the almost-black leaves contrast with small, glossy and black, hot-tothe-taste fruit. Very heat-tolerant plants are perfect for mixed containers and in-ground plantings. Compact, mounded plants have a layered, scaffolding shape. Good for 4-in. (10-cm) pots to gallons.

ORNAMENTAL PEPPER continued

Red Missile

Height: 8 to 10 in. (20 to 25 cm) Spread: 6 to 8 in. (15 to 20 cm) A PanAmerican Seed product.

Tapered cream-to-red fruit on early, compact plants.

Salsa Series

Height: 4 in. (10 cm) Spread: 6 in. (15 cm)

Well-branched miniature series produces dwarf and compact plants with many bright, 1 by 0.5-in. (2.5 by 1-cm) fruits.

- · Deep Orange
- Purple
- Red
- Yellow Yellow Red
- Mix

Sangria F1

Height: 10 to 12 in. (25 to 30 cm) **Spread:** 16 to 18 in. (40 to 45 cm) A PanAmerican Seed product.

Full-bodied plants are excellent in the landscape and containers. Produces a continuous display of both purple and red peppers. Child-safe, non-pungent variety is ideal for indoor/outdoor use in both public and residential areas. Good for 4-in. (10-cm) to gallon programs. US 7,393,995 and 7,696,416

Santos Orange

Height: 6 in. (15 cm) Spread: 4 in. (10 cm)

Bright orange, tapered, 0.4 by 2-in. (1 by 5-cm) peppers glow atop the plants. Compact, fast-growing plants have good shelf life and excellent performance in patio planters. Works well in 4 to 4.75-in. (10 to 12-cm) pots, up to 6.5 to 8-in. (17 to 20-cm) pots with 3 ppp.

New Sedona Sun

Height: 9 to 12 in. (23 to 30 cm) **Spread:** 14 to 16 in. (35 to 40 cm) A PanAmerican Seed product.

Perfect for Fall sales in 8-in. (20-cm). gallon and mum pot programs. Placed in decorative planters or home gardens, every plant shows off a brilliant, multicolor display with masses of distinctive lemon yellow and carrot orange fruit. Indeterminate plants grow uniformly in seasonal landscapes. NOTE: Fruit is hot.

Treasures Red

Height: 5 in. (13 cm) White to red fruit.

PENSTEMON O Also see Perennials. P. hartwegii

Crop time: 6-in. (15-cm) pots, 17 to 19 weeks

Arabesque Series

Annual penstemon series is much earlier and faster to finish than other P. hartwegii varieties.

Height: 24 to 30 in. (60 to 75 cm) Spread: 20 to 24 in. (50 to 60 cm)

Offering strong branching and superior uniformity, compact Arabesque is programmable in premium quart and gallon programs. Showy, long-blooming plants perform well in gardens and large pots. NOTE: Not recommended for pots smaller than 6 in. (15 cm). Hardy to USDA

- Appleblossom Pink hues are enhanced with cool night temperatures.
- Red All-America Selections Regional Winner (Heartland, Mountain/Southwest, West/Northwest).

Shock Wave® Series

The best for baskets!

Height: 7 to 10 in. (17 to 25 cm) Spread: 2.5 to 3 ft. (75 to 90 cm) Flower Size: 1.5 to 2 in. (4 to 5 cm) A PanAmerican Seed product. Part of the Wave® Petunia Family – the

most-asked-for-plant brand ever. Available as Ball Premier Line® seed.

Shock Wave delivers the best reboundability and is the earliest to flower of any spreading petunias. Plants bloom in a tight and consistent 4 to 6-day window, and combine fast flowering with strong branching to deliver the quickest fill in baskets. Ideal for early-season sales, Shock Wave performs equally well in small spaces, hanging baskets, containers and mixed combos, producing a mounded, spreading plant that is similar in shape and just as easy to manage as Easy Wave.

Easy Wave® Series Perfect for planters and gardens!

Height: 6 to 12 in. (15 to 30 cm) **Spread:** 2.5 to 3.25 ft. (75 cm to 1 m) Flower Size: 2 to 3 in. (5 to 7 cm) A PanAmerican Seed product. Part of the Wave® Petunia Family – the

most-asked-for-plant brand ever. Available as Ball Premier Line® seed.

Exceptional uniformity and well-matched habit plus the widest color range make Easy Wave the easiest to produce and most versatile of all large-flowered spreading petunias! An excellent choice for landscapes, gardens, baskets and containers, these easyto-flower, high-impact plants have minimal maintenance requirements. More mounded with a more controlled spreading habit than low-growing Wave varieties. Grower-friendly series is easier to flower under shorter days, making it well-suited to early-season sales.

- Berry Velour Rosy red color in cool night/ low light conditions. Color warms up with orange undertones in warmer/high light conditions. Flower timing like Blue, plant structure like Neon Rose. US 7,642,436
- Blue Earliest blue spreading petunia. Dark blue, some light blue shading.
- · Burgundy Star First spreading star petunia from seed. Rich burgundy and white pattern is consistent with standard star petunias - some flowers may be more solid or more white.
- · Burgundy Velour Deep cabernet with velvet undertones; deeper color at throat. Flower timing like Neon Rose. Most vigorous of the three Velour colors. US 7,642,436

· Coral Reef

- Neon Rose Color holds in high light and heat.
- Pink
- Pink Passion 8 to 10 days earlier than Pink in Spring natural daylength conditions. Habit is like Neon Rose.
- Plum Vein Slightly more upright than others in the series.
- Red
- Red Velour True blood red color. Flower timing like Plum Vein. More spreading than the other Velour colors. US 7,642,436
- Rosy Dawn Large flowers open deep rose with wide cream throat, then mature to coral-pink with morn pattern.
- · Silver Color is similar to Tidal Wave Silver. Dense, holdable plants are great for landscapes
- Violet Slightly more upright than others in the series.
- White
- · Yellow Now cold tolerant. Better branching without pinching and strong rooting compared to vegetative yellow varieties. Flower size is similar to Red.
- · Beachcomber Mix Blue, Coral Reef and Shell Pink
- Formula Mix Blue, Coral Reef, Mystic Pink, Neon Rose, Pink, Red, Rosy Dawn, Shell Pink, Violet and White.

WAVE® PETUNIAS

Tidal Wave® Series

Super-size color for big spaces!

Height: 16 to 22 in. (40 to 55 cm) Spread: 2.5 to 5 ft. (75 cm to 1.5 m) Flower Size: 2 to 2.5 in. (5 to 6 cm) A PanAmerican Seed product.

Part of the Wave® Petunia Family - the most-asked-for-plant brand ever.
Available as Ball Premier Line® seed.

The tallest of the Wave petunia family, Tidal Wave varieties create a very full, shrublike plant that is ideal for landscapes and large containers. The growth habit is based on how closely the plants are spaced in the garden – the closer the spacing, the taller the plants. When spaced a minimum of 12 in. (30 cm) apart, plants form a dense, mounded hedge. Grown in a restricted space with support, they will grow an extra 2 to 3 ft. (60 to 90 cm) upward, like a vine. When given plenty of space, these petunias make a floriferous groundcover. Excellent Botrytis tolerance and quick recovery from rain.

- Cherry
- Hot Pink
- Purple
- Red Velour Velvety color is now available in a large-format plant. All-America Selections National Winner. US 7,642,436
- Silver Denser, slightly more mounded habit than Cherry or Hot Pink; flowers slightly later. All-America Selections National Winner.

See page 97 for variety photos.

Detailed culture for Easy Wave, Wave, Shock Wave and Tidal Wave petunias, as well as many other products, is available at ballseed.com, or contact your Ball Seed sales rep or the Technical Services team at 800 879-BALL.

Wave Misty Lilad

Wave® Series

Makes a carpet of color!

Height: 5 to 7 in. (13 to 18 cm) Spread: 3 to 4 ft. (90 cm to 1.2 m) Flower Size: 2 to 2.5 in. (5 to 6 cm) A PanAmerican Seed product.
Part of the Wave® Petunia Family – the most-asked-for-plant brand ever. Available as Ball Premier Line® seed.

The Authentic Trailing Petunia™, Wave is one of the most successful plant brands ever introduced and has set the highest standard for petunia landscape performance. The spectacular lowgrowing, spreading habit makes this award-winning series ideal for landscapes and garden beds, as well as baskets and large color bowls. Masses of flowers form along the entire length of each branch. Unlike standard petunias, the flowers continue to bloom freely all season without being trimmed back. Wave petunias are more Botrytis-tolerant than most petunias, and stand up well to both heat and cooler conditions.

- · Lavender All-America Selections National
- · Misty Lilac Largest blooms, extremely free-flowering. Light lavender flowers fade to pale lavender or white. Under high light or with PGRs, irregular white "splashes" appear on the blooms.
- Pink
- Purple Classic The original Wave petunia. All-America Selections Classic variety.
- Purple Begins to flower at 11 hours, and is 12 to 14 days earlier than Purple Classic. Larger flower size, with flowering in the plant center for a fuller look. Same color as Purple Classic.

See page 97 for variety photos.

Grown and treated for an exceptionally fast finish, pre-lit Wave plugs can send your plants to retail in as few as 4 weeks. Check availability and book your easyto-grow plugs in a wide range of sizes immediately at ballseed.com.

Success Series

Height: 10 to 14 in. (25 to 35 cm) **Spread:** 32 to 34 in. (70 to 80 cm) Flower Size: 3 in. (7 cm)

Available as Ball Premier Line® seed.

Trailing series delivers earliness, uniformity and daylength neutrality. Plants flower 7 days earlier than the competition, with all colors flowering in a 6-day window. The round, mounded plants are excellent garden performers, and put on beautiful shows in containers and baskets, too.

CONTROLLED GROWTH PETUNIA

Crop Time: Packs – Summer. 8 to 10 weeks, Spring: 9 to 11 weeks; 10-in. (25-cm) – Summer. 8 to 11 weeks, Spring: 10 to 13 weeks

Pretty Collection

Controlled habits assure tidier baskets than traditional petunias, and plants hold together and don't lodge later in the season as standard varieties can.

Pretty Grand and Pretty Flora controlled growth petunias solve the seasonal, geographic and control challenges of traditional petunias. Fewer to no PGRS are needed, and both series are suitable for cold-growing. The tight bloom window across every color assures that sametime shipping is a snap. Better branching with improved airflow versus other compact petunias means less chance of disease, especially *Botrytis*. Available in the top-selling colors that make up 75% of petunia sales – these are the colors that sell. Perfect for high-density production and "promo" baskets.

Pretty Flora™ Series

Height: 7 to 10 in. (17 to 25 cm) Spread: 8 to 12 in. (20 to 30 cm) Flower size: 2.75 to 3 in. (6.5 to 7 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

SINGLE FLORIBUNDA PETUNIA

SINGLE FLORIBUNDA PETUNIA

Madness® Series

Height: 10 to 15 in. (25 to 38 cm) Spread: 10 to 12 in. (25 to 30 cm) Flower Size: 3 in. (7 cm) A Ball Ingenuity product, available

exclusively through Ball Seed. Available as Ball Premier Line® seed.

This ground-breaking floribunda series delivers better-than-ever plug performance with 90%+ minimum germination in raw seed, and the highest Ball Vigor Index rating in its class. Madness is well-known by shoppers at retail. Compact and floriferous, the very uniform plants show off many blooms. All of the colors put on impressive shows in packs, pots, beds and mass plantings throughout the Summer, right up until frost.

Double Madness Rose And White

PHLOX 🔘 P. drummondii

Crop Time: Packs, 12 to 15 weeks

Grammy Pink & White F1

Height: 8 to 10 in. (20 to 25 cm) Spread: 10 in. (20 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Most compact F1 phlox has excellent uniformity, making it very manageable in packs and pots. Vigorous, free-flowering plants flower continuously all season, producing unique bicolor blooms. Suited to mixed containers, gardens and planters.

21st Century F1 Series

Height: 10 in. (25 cm) Spread: 10 in. (25 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Performs like a hybrid at every turn germination, vigor, earliness and weather tolerance are all excellent. Vigorous lateral branching makes fuller plants with superior "flower power" through the season. Excellent for Spring sales; good in Fall programs in the South.

- Blue
- Crimson • Pink
- Scarlet

Wonderland Mix

Height: 10 in. (25 cm) **Spread:** 12 to 24 in. (30 to 60 cm)

The 4-in. (10-cm) flowers bloom continuously on short, thick stems over gray-green foliage. Highly wind and cold resistant. Suitable for early Spring bedding plants. Excellent pot plant item.

F1 PORTULACA O Also see Purslane. P. grandiflora

Crop Time: Packs, 12 to 13 weeks

STANDARD PORTULACA

Happy Hour™ Series

Height: 8 to 10 in. (20 to 25 cm) Spread: 10 to 12 in. (25 to 30 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Bred for reduced daylength sensitivity, Happy Hour flowers under shorter days than other portulaca so growers can sow up to 2 weeks earlier for earlyseason sales. Well-branched, mounded plants ship well with less breakage than prostrate types, and put on high-impact displays at retail. Drought-tolerant and well-suited for hot, dry, full-sun locations.

TRAILING/SPREADING PORTULACA

Happy Trails™ Series

Height: 6 to 9 in. (15 to 23 cm) **Spread:** 14 to 18 in. (35 to 45 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed. Bred to deliver exceptional reduced daylength sensitivity like Happy Hour,

Happy Trails has the shortest photoperiod needs of any portulaca. Plants flower under shorter days (10-hour photoperiod) than the competition so growers can sow up to 2 weeks earlier to sell earlier. Wellbranched, trailing plants have fantastic spread in the garden and produce large flowers in the most vivid color assortment on the market today.

- Deep Red
- Fuchsia
- Orange

SALVIA COCCINEA

Coral Nymph

Height: 16 to 24 in. (40 to 60 cm)

Spread: 18 in. (45 cm)

Pale coral-salmon corolla with deeper

colored lower lip.

Forest Fire

Height: 24 in. (60 cm) Spread: 4 to 10 in. (10 to 25 cm) Fiery red flowers against black calyces.

Snow Nymph

Height: 24 in. (60 cm)

Spread: 4 to 10 in. (10 to 25 cm)

Pure white.

Summer Jewel Series

Height: 14 to 19 in. (35 to 48 cm) Spread: 16 in. (40 cm)

High-performance duo produces early and abundant blooms that keep on coming from Spring until Fall. Each densely branched plant flowers up to 2 weeks earlier than comparable varieties, and stays compact and tidy in containers and gardens all season. An added bonus for bird lovers: the bright flowers attract hummingbirds, while goldfinches swarm the plant for the seeds.

DWARF SALVIA SPLENDENS

New Moiave Improved

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 12 in. (25 to 30 cm) Available as Ball Premier Line® High Energy seed.

Featuring the same intense red color, dense flower spikes and robust dark green leaves as the original, this improved variety now offers better plant habit and seed quality.

Red Hot Sally II

Height: 10 to 12 in. (25 to 30 cm)

Spread: 8 in. (20 cm) A Ball Ingenuity product, available

exclusively through Ball Seed.

Available as Ball Premier Line® seed.

Boasting a dark red flower color and beautiful contrasting dark green foliage, Red Hot Sally II puts on a great show in premium packs and 4-in. (10-cm) pots, then stands out all season in landscapes, gardens, planters and mixed containers. Flower spikes are short and full for a dramatic show of color. Add in high seed quality, superior uniformity and excellent heat tolerance, and Red Hot Sally II is a sure winner.

Reddy Series

Height: 8 to 10 in. (20 to 25 cm) Spread: 8 to 10 in. (20 to 25 cm)

The only naturally dwarf, non-stretching salvias on the market need no PGRs and are the perfect choice for plug and pack production. Early and uniform series produces a large number of dense, brightly colored flowers above dark green foliage. Daylength neutral.

The largest, earliest and most vigorous O.P. vincas are easy to grow and appealing at retail. The XP varieties deliver exceptional uniformity, a tight 5 to 7-day flowering window, and superior stress tolerance. Very floriforous, wellbranched plants show off bright flowers that won't show gaps in hot temperatures.

NEW Vitesse Dark Red

Mediterranean Series

XP varieties fill in fast with terrific coverage to make big, color-filled baskets.

Height: 4 to 6 in. (10 to 15 cm) Spread: 20 to 30 in. (50 to 75 cm) A PanAmerican Seed product.

XP genetics deliver a tight, 5 to 7-day flowering window, luxurious spreading habit, larger flowers and reliable germination. With low water needs in sunny, hot and dry conditions, this is a great alternative to water-hungry crops. Mediterranean is the only series of trailing vincas with a true red.

Sorbet® F1 Series

Sorbet XP delivers the tightest bloom window and a uniform habit, so growers can send the best-looking violas to retail.

Height: 6 to 8 in. (15 to 20 cm) Spread: 6 to 8 in. (15 to 20 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Plants cover the soil at flowering, with more blooms on every plant and less stretching. Fewer PGRs are needed, holdability is superior, and shrink is cut way back. Sorbet's F1 vigor assures greater germination, earliness, and plug and garden performance. Early-blooming Sorbet remains compact in both heat and cold, making it a standout performer in Spring and Fall. The free-flowering plants perform across a wide range of climatic conditions and have excellent overwintering.

Sorbet XP varieties:

- New Beaconsfield XP Improved 3 to 5 days earlier in Fall, 7 to 10 days earlier in Spring; less stretch than the competition.
- Blackberry XP Purple with almost black сар.
- Coconut Swirl XP Dark consistent picotee pattern.

New Tiger Eye Series

Height: 5 to 7 in. (13 to 18 cm) Spread: 4 to 6 in. (10 to 15 cm)

This unique flower pattern was introduced with Angel Tiger Eye – that original color is replaced with Yellow and joined by Red plus a mix of the two to create the Tiger Eye series. Now offers earlier flowering, much improved plant habit and better seed quality. Perfect for Halloween promos, and to accompany viola and pansy programs.

State Fair Mix

Height: 36 to 48 in. (90 cm to 1.2 m) Spread: 12 to 14 in. (30 to 35 cm) A PanAmerican Seed product.

Large, bright blooms. Good garden cut

flower.

Uproar Rose

Height: 28 to 36 in. (70 to 90 cm) Spread: 24 to 27 in. (60 to 65 cm) Available as Ball Premier Line® seed.

Vigorous, well-branched plants produce big, double blooms in clear electric rose. Robust variety performs well in Summer gardens and large mixed containers; nice garden out flower.

Zowie! Yellow Flame

Height: 24 to 30 in. (60 to 75 cm) Spread: 24 to 27 in. (60 to 65 cm) Available as Ball Premier Line® seed.

Semi-double, 3 to 4-in. (7 to 10-cm) blooms have yellow petal tips with magenta-orange centers for a flamelike look. Well-branched plants are well-suited to cut flower gardens. *All-America Selections National Winner*.

Z. GRANDIFLORA

Swizzle Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 12 in. (25 to 30 cm) Available as Ball Premier Line® seed.

Interesting novelty series displays big, fully double, bicolor blooms on full and bushy plants. Good for gardens, containers

- Cherry & Ivory Cherry with ivory petal tips.
- Scarlet & Yellow Scarlet with yellow petal tips.

Z. HYBRIDA

Pop Art Series

Summer-long shows of unique color!

Height: 24 to 36 in. (60 to 90 cm) Spread: 12 to 16 in. (30 to 40 cm)

Disease-resistant plants produce an abundance of large double flowers on tall stems – each golden yellow bloom appears "hand-painted" with red streaks and splashes. Makes a good home garden cut flower.

- Golden & Red
- White & Red

Profusion Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 12 to 15 in. (30 to 38 cm) Available as Ball Premier Line® seed.

Early, continuous-blooming plants perform well under both warm and cool conditions with high humidity. Excellent tolerance to disease including Powdery Mildew and Bacterial Leaf Spot.

Zahara® Series

Drive-by color meets disease resistance...WOW!

Height: 12 to 18 in. (30 to 45 cm) **Spread:** 12 to 18 in. (30 to 45 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

This color-filled, heat-loving series has 20% larger flowers than the market leader, plus superior disease resistance. An excellent choice in the landscape where Z. elegans or vinca varieties have failed in the past. The plants have very low water needs once established in the ground, making the series outstanding in sunny, hot and dry conditions. Count on big retail impact and care-free, season-long shows in landscapes and containers.

- Cherry US PVPAF
- Fire Bright orange-red hue intensifies outdoors. US PVP 20100090
- Raspberry Matches Fire for habit. US PVPAF
- Red One of the largest flower sizes in the series, in a more vibrant, saturated color than original Scarlet. Color varies by environment. US PVPAF
- Starlight Rose Color pattern varies by environment, with the best color from high light, good fertilization and cool nights. All-America Selections National Winner.
- Sunburst
- White US PVP 201400297
- Yellow US PVPAF
- · Bonfire Mix Scarlet, Fire and Yellow.
- Mix
- Raspberry Lemonade Mix Coral Rose, Yellow and Starlight Rose.

Height: 18 to 24 in. (45 to 60 cm) Spread: 18 to 24 in. (45 to 60 cm) A PanAmerican Seed product. Available as Ball Premier Line® Ball Controlled Growth and coated seed.

Zahara® XL Series

The ideal choice for professional landscape programs: tremendous disease resistance for reliable, season-long performance...more vigor and larger blooms for quick fill...taller plants assure versatile uses and high visual appeal. Suitable for pot-tight production in 4-in. (10-cm) pots up to gallon containers. · New Fire Improved Larger flowers in a darker color; less stretch and tidier habit to better match the series, especially Yellow and White.

- Pink US PVP 201200482
- White US PVP 201200485
- Yellow US PVP 201200483

The only fully double, disease-resistant series on the market.

Height: 16 to 20 in. (40 to 50 cm) **Spread:** 16 to 20 in. (40 to 50 cm) A PanAmerican Seed product. Available as Ball Premier Line® seed.

Boasts all the same exceptional traits as its single Zahara counterparts: bigger flowers than the competition for more color show, low water needs, and superior all-season performance in beds and planters.

- Cherry Slightly less double than others in the series. All-America Selections National Winner. US PVPAF
- Salmon Rose US PVPAF
- Strawberry Rose with white petals
- toward the center...just like a strawberry! • Yellow Same color as Zahara Yellow but appears more vibrant due to double shape and high petal count. US PVPAF
- New Brilliant Mix Yellow, Cherry and Fire.

GRASSLIKE PLANTS

From decorator planters to the driest slopes, native grasses like Pony Tails stand tough against hot, dry conditions. Searching for more drought fighters? Your Ball Seed sales rep or Ball ColorLink rep is armed with a long list of contenders.

F1 CYCLAMEN () C. persicum

Crop Time: Packs, 36 to 40 weeks

STANDARD CYCLAMEN

Fleur en Vogue Series

Height: 12 to 14 in. (30 to 35 cm) Spread: 12 to 14 in. (30 to 35 cm)

Premium series has unique, "umbrella" blooms held centrally above the plant. The downward-facing petals have contrasting purple sepals for a fresh, stylish look. Crop time: 28 to 32 weeks; suited to 5 to 6.5-in. (13 to 17-cm) pots. NOTE: Up to 35% of the plants will produce standard flowers.

- Pink
- Purple
- White

Halios® Series

Florist-quality series delivers compact, continuous-flowering plants with large blooms on strong stems.

Height: Varies by type Spread: Varies by type

A Ball Ingenuity product, available exclusively through Ball Seed.

Plants show large blooms over dark marbled foliage. Performs well across a range of conditions, including high heat/light. Flame varieties have a consistent narrow white edge.

Standard varieties are more vigorous and best in larger pots (5.5 to 8.5 in./14 to 22 cm).

Height: 12 to 16 in. (30 to 40 cm) Spread: 12 to 16 in. (30 to 40 cm)

STANDARD CYCLAMEN continued

Halios® Select Series

Eye-catching "fancy" varieties offer the same great Halios performance.

Height: 12 to 16 in. (30 to 40 cm) Spread: 12 to 16 in. (30 to 40 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

Best for 5.5 to 8.5-in. (14 to 21-cm) pots.

Standard varieties:

- Falbala Rose
- New Funflame Magenta with white heart/edges. Also pictured on page 178.

DHIVA varieties (compact plants have large, thick-petaled flowers with round, flat petals that spread out like a fan); "HD" varieties are well-suited to high-density production:

- HD DHIVA Light Purple
- DHIVA Pure White
- HD DHIVA Purple
- HD DHIVA Rose Eye Dark, almost red, eyes.
- HD DHIVA Salmon

Fantasia varieties (extra long-lasting, white-rimmed flowers have thick petals curved out at the rim like a spoon):

- Fantasia Deep Rose
- Fantasia Magenta Up to 15% standard blooms.
- Fantasia Purple
- Fantasia Magenta Silverleaf
- Fantasia Purple Silverleaf
- Fantasia Red
- Fantasia Rose
- Fantasia Mix

Friola varieties show different flower shapes on 10% of the plants:

- Friola Light Purple
- Friola Magenta

CURLY varieties (formerly Fringed):

- CURLY Deep Rose
- CURLY Light Pink With Red Eye
- CURLY Light Rose & Flamed
- CURLY Magenta
- CURLY Magenta With Edge
- CURLY Purple
- CURLY Purple With Edge
- · CURLY Rose
- CURLY Salmon Rose & Flamed
- CURLY Sailloil
 CURLY Scarlet
- CURLY Scarlet Salmon
- CURLY White Dark foliage.
- CURLY Early Mix
- CURLY Flame Mix
- CURLY Mix

Silverleaf varieties (distinctive silver-grey foliage pattern):

- Intense Blush Silverleaf Use for earlier programs than Blush Mix Silverleaf.
- Red Silverleaf
- Blush Mix Silverleaf Innovative "painted" flowers are white to white-rose; half have a powdery magenta "blush" edge, the rest a purple "blush" edge. Colors vary across the mix like shades of paint.
- Flame Mix Silverleaf

Victoria 50 varieties (50% fringed and 50% standard blooms):

- Victoria 50 White flowers have light pink eye and edges.
- Victoria 50 Salmon More vigorous than Victoria 50.

Sierra Series

Height: 12 to 14 in. (30 to 35 cm) Spread: 12 to 14 in. (30 to 35 cm) Compact series of early, free-flowering plants with large blooms and marbled

- foliage.
 Fuchsia
- Salmon
- Wine
- Flame Mix White-edged mix of rose, salmon, purple and deep red.

Sierra Snowridge Series

Height: 12 to 14 in. (30 to 35 cm) **Spread:** 12 to 14 in. (30 to 35 cm)

Compact, early, free-flowering series has large flowers and marbled foliage.
• Purple

- Rose
- Scarlet
- New Wine

Sierra Synchro Series

Height: 12 to 14 in. (30 to 35 cm) **Spread:** 12 to 14 in. (30 to 35 cm)

The most uniform and well-matched Sierra varieties are ideal for bench-run sales. High bloom counts of large, long-lasting flowers.

- Deep Rose
- Deep Salmon
- · Light Pink With Eye
- Purple
- Purple Flame • Rose
- Scarlet
- White
- Wine Flame
- Mix

Winter Ice Series

Height: 12 to 14 in. (30 to 35 cm) Spread: 12 to 14 in. (30 to 35 cm)

The first silverleaf, large-flowered F1 series is suitable for Winter growing. Well-matched for earliness, plant habit and large flower size. Slightly larger and about 2 weeks later to flower than Sierra; matches Rainier for size.

- Purple
- Rose Salmon
- Scarlet
- White
- Mix

Sierra Snowridge Purple

INTERMEDIATE CYCLAMEN

Laser Snowridge Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Like the Sierra Snowridge and Winfall Snowridge varieties, these intermediate cyclamen produce flowers with thick petals and a distinct white edge.

- Purple New Scarlet
- Wine

Laser Synchro Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

This "synchronized" series features the most uniform, well-matched colors of the popular Laser series. The compact, mounded plants have mid-size flowers.

- Pink Flame
- Purple
- Purple Flame
- · Rose Flame • Salmon
- Scarlet
- White
- Wine Flame
- Mix

Latinia® Series

Height: 10 to 14 in. (25 to 35 cm) Spread: 10 to 14 in. (25 to 35 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

Abundant, large blooms are well-centered on very compact, early-flowering plants. Excellent flowering uniformity. Great for outdoor use.

- Deep Rose
- Lilac
- Purple
- · Rose With Eye
- Rose With Purple Eye
- Scarlet Red
- White
- Flamed Mix
- Mix

Latinia® Select Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 12 in. (25 to 30 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

"Fancy" varieties offer the same outstanding Latinia performance on a slightly more compact plant. Fantasia varieties produce bicolor, white-rimmed flowers with thick petals curved out at the rim like a spoon.

- Fantasia Deep Magenta
- Fantasia Deep Rose
- · Fantasia Lilac
- Fantasia Purple
- Fantasia Red
- · Fantasia Rose
- Funflame Magenta Two-color contrast with "flame" effect, from intense magenta to white.
- Victoria 50 50% fringed and 50% standard blooms. White with light pink.
- Fantasia Mix
- Fringed Mix

Latinia® Success Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 12 in. (25 to 30 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

Excellent uniformity across all colors makes this the ideal choice for highdensity programs. Slightly more compact with bigger blooms than the Latinia series. Early, large-flowered plants grow strongly even in high temperatures.

- Bright Red
- · Deep Magenta
- Light Purple • Pure White
- Rose
- Salmon
- Mix

Perfetto Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 12 in. (25 to 30cm)

Compact, rounded plants with large flowers are best for high-density production. Short stems assure efficient shipping. Good complement to Laser, with similar crop time. Like Laser Synchro and Sierra Synchro, the Perfetto Synchro varieties meet the increased requirements for uniformity in habit, earliness and flower size.

- Deep Rose
- Rose Flame Salmon with Eye
- Synchro Salmon
- Synchro Scarlet
- Synchro Violet
- Synchro White
- Wine Flame
- Flame Mix
- · Synchro Mix

Premium Series

Well-suited to patios, this highperformance series is extremely floriferous on compact, vigorous and strong plants.

Height: 10 to 12 in. (25 to 30 cm) **Spread:** 10 to 12 in. (25 to 30 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

The early plants flower continuously in colors that remain perfectly stable outdoors, and have excellent resistance to extreme conditions, including high and very low temperatures, high humidity and excess light. Best for 4 to 6-in. (10 to 15-cm) pots.

- Bright Red
- · Compact White
- Pure White Compact
- · Rose Flame
- Salmon With Eve
- Salmon Flame
- Dark Flamed Mix

Abanico varieties offer "fancy" flowers with slightly wavy petals and dense foliage:

- Abanico Light Purple
- Abanico Magenta
- · Abanico Salmon

Tianis® Series

Uniform series and short production time make growing and selling easy.

Height: 8 to 10 in. (20 to 25 cm) Spread: 8 to 10 in. (20 to 25 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

Produces an abundance of very uniform, long-lasting, mid-size flowers. The plants are more compact than Latinia Select varieties and flower 2 to 3 weeks earlier. Fantasia varieties produce bicolor, whiterimmed blooms with thick petals that are curved at the rim like a spoon. Best for 4 to 5-in. (10 to 13-cm) pots.

Metis® Select Series

"Fancy" varieties offer the same outstanding Metis performance.

Height: 6 to 10 in. (15 to 25 cm) Spread: 6 to 10 in. (15 to 25 cm) A Ball Ingenuity product, available exclusively through Ball Seed.

Fantasia varieties offer extra long-lasting, bicolor white-rimmed flowers that have thick, curved petals. Best for 3.5 to 5-in. (8 to 13-cm) pots.

- · Fantasia Deep Magenta
- Fantasia Purple
- Fantasia Red & Deep Rose
- Fantasia Scarlet Salmon
- Origami Silverleaf Unique petal shape evokes an origami fold; bicolor contrast of very intense purple and white.
- · Victoria White with magenta-purple eye and edge.
- · Victoria Salmon & Rose
- New Fantasia Mix More compact mix is well-suited to warmer conditions and early programs. Includes Red, Deep Rose, Scarlet Salmon, Deep Magenta and Purple.
- Fantasia Winter Mix More vigorous even in short days, with noticeable resistance to *Botrytis*. Includes 5 vibrant colors: Red, Deep Rose, Light Purple, Magenta and Purple. Good for late programs.
- PomPom Mix Fringed, green-leafed mix of 5 colors/shades.
- · Victoria Deco Mix Flowers are approximately 85% white with violet or magenta eye, and 15% salmon rose to rose. Compact, vigorous plants have foliage that varies in color from primarily silver shaded to about 20% solid dark green.

Cartwheel Series

Height: 16 to 18 in. (40 to 45 cm) Spread: 12 to 16 in. (30 to 40 cm) Available as Ball Premier Line® seed.

Rich colors on large, distinctive, semidouble flowers capture attention at retail and add depth to seasonal displays. Early-flowering series is ideal for premium 5-in. (13-cm) and larger programs.

- Autumn Colors Mix of 3 components segregates to provide a total of 7 colors, including yellow, butterscotch, scarlet and bronze.
- Chardonnay Crisp, buttery yellow.
- · Glowing Ember Light reddish-orange.
- Strawberry Twist Shades range from creamy yellow with a hint of pink to deep strawberry with a hint of yellow.

Elephant Scarlet

Height: 16 to 18 in. (40 to 45 cm) Spread: 12 to 16 in. (30 to 40 cm) Available as Ball Premier Line® seed.

Many huge, 6-in. (15-cm), scarlet flowers are held on thick, sturdy stems above the robust plants. Unique, premium way to differentiate pot plant programs - works well in 6-in. (15-cm) and larger pots.

Festival Series

Height: 10 to 12 in. (25 to 30 cm) **Spread:** 6 to 8 in. (15 to 20 cm) Available as Ball Premier Line® seed.

Easy-to-grow plants bear 4 to 6-in. (10 to 15-cm) blooms. Compact, uniform.

- New Yellow with Dark Eye Improved More uniform habit; more uniform color with less shading; 2 weeks earlier than
- the competition with larger flowers. Classic Mix
- Select Mix Uniform mix of bright colors.

Mini Revolution™ Formula Mix

Height: 5 to 8 in. (13 to 20 cm) Spread: 4 to 5 in. (10 to 13 cm) A Kieft Seed product.

Available as Ball Premier Line® seed.

Genetically compact pot gerbera features miniature-sized flowers that show off a wide range of colors, dark and green centers, and bicolor and semi-double flowers. Ideal for 3.5 to 4-in. (9 to 10-cm) programs.

Revolution™ Series

The most uniform gerbera series you can grow!

Height: 8 to 12 in. (20 to 30 cm) Spread: 5 to 6 in. (13 to 15 cm) A Kieft Seed product. Available as Ball Premier Line® seed.

Revolution beats every other gerbera series on the market for uniformity of flowering window across a complete color range. Compact plants are short-stemmed with dark green leaves and have an excellent second flush of flowers. Good for 4.5 to 5.5-in. (11 to 14-cm) and quart programs.

- New Bicolor Red Lemon

- · Grower's Choice Mix White, Lemon, Deep Rose, Orange Scarlet and Apricot.
- Premium Mix Bright, well-balanced mix of 10 colors.

Royal Prince Series

Height: 6 to 10 in. (15 to 25 cm) Spread: 6 to 7 in. (15 to 18 cm)
Available as Ball Premier Line® seed.

More compact than standard Royal, with flowers of same size on slightly taller stems. Good in 4-in. (10-cm) programs.

- Bicolor
- Neon Violet
- Red

GLOXINIA 💭 Sinningia speciosa

Crop Time: 4-in. (10-cm) pots, 21 to 23 weeks

Avanti Mix

Height: 6 to 8 in. (15 to 20 cm) Spread: 8 to 10 in. (20 to 25 cm) Available as Ball Premier Line® seed.

Early-flowering, compact plants, each with 10 to 15 bell-shaped flowers. Very uniform across all colors. Flexible leaves are safe for shipping.

Brocade Mix

Height: 5 to 7 in. (13 to 17 cm) Spread: 7 to 8 in. (17 to 20 cm) Available as Ball Premier Line® seed.

100% double-flowering; red, dark blue, blue/white and red/white flowers. Use in 4 to 6-in. (10 to 15-cm) pots.

MultiBells Series

10 to 14 days earlier to flower than others of this type.

Height in pot: 3 to 4 in. (7 to 10 cm) Spread: 10 to 11 in. (25 to 28 cm) Available as Ball Premier Line® seed.

A cross between gloxinia and streptocarpus, the series offers exceptional uniformity and very high flower count. Plants have upward facing blooms for good presentation, and short leaves for good shippability. Suited to high-density programs.

F1 LISIANTHUS Also see Cut Flowers. Eustoma grandiflorum (Texas Blue Bell)

Crop Time: 4-in. (10-cm) pots, 20 to 24

Florida Series

Height: 8 to 10 in. (20 to 25 cm)
Spread: 6 to 8 in. (15 to 20 cm)
A PanAmerican Seed product.
Available as Ball Premier Line® seed.

The best choice for high-light/high-temperature markets. Fast-finish Florida resists rosetting in high temperatures at both the plug stage and after transplanting. Good indoor flowering gift plant or use for outdoor plantings; well-suited to 4.5 to 6-in. (11 to 15-cm) programs.

- Blue
- Pink
- Silver

Matador Blue

Height: 6 in. (15 cm) Spread: 6 in. (15 cm)

A Ball Ingenuity product, available exclusively through Ball Seed.

Available as Ball Premier Line® seed.

Genetically compact variety is naturally basal-branching and needs little or no PGRs. 100% fully double, 2.5-in. (6-cm) flowers are held over the foliage. Strong root system in production; ideal for professional pot plant programs. Heat-tolerant variety works well in garden borders and patio planters.

Mermaid Blue

Height: 6 in. (15 cm)
Spread: 6 to 8 in. (15 to 20 cm)
Available as Ball Premier Line® seed.
Heat/drought-tolerant series bears 2.5-in.

(6-cm) blooms on basal-branching plants.

F1 PRIMULA 🔘

PRIMULA ACAULIS

Crop Time: Packs, 5 to 6 months

Danessa Series

Height: 2 to 3 in. (5 to 7 cm) Spread: 6 in. (15 cm)

All-new series is the market's earliest flowering P. acaulis, ideal for early season sales and warmer temperature areas. The plants do not need cold for flower initiation and maintain a compact habit that is ideal in pot-tight programs.

PRIMULA ACAULIS continued

Sweet 16

One-of-a-kind looks make for sweet impulse sales!

Height: 5 in. (13 cm) Spread: 7 in. (18 cm)

A Ball Ingenuity product, available exclusively through Ball Seed.

Extremely large blooms have a "yesterday, today and tomorrow" flower show. The blooms open white, change to pink and finish rose. Flowers 3 weeks earlier than Danova, with a slightly bigger plant. Also pictured on the front cover.

Primera Mix

Height: 5 to 6 in. (13 to 15 cm) **Spread:** 5 to 6 in. (13 to 15 cm)

Robust and large-flowered, early-season mix sizes up easily for 4-in. (10-cm) pot production. Well-suited to florist gift sales; can also be planted outdoors in the garden or in combination containers.

Primlet® Formula Mix

Height: 5 to 6 in. (13 to 15 cm) Spread: 5 to 7 in. (13 to 18 cm) A PanAmerican Seed product.

Clusters of scented blooms that look like mini-rose bouquets highlight these novel gift plants. The bright colors create attractive solo planters and are standouts in mixed plantings. Easy-to-grow mid-season series offers extended shelf life and lasts up to 3 weeks as an indoor lifestyle plant.

PRIMULA MALACOIDES

Crop Time: 4-in. (10-cm) pots, 4.5 to 6 months

Prima Mix

Height: 6.25 to 8 in. (16 to 20 cm)
Spread: 6 to 7 in. (15 to 18 cm)
Early mix produces large, dense flower clusters held above compact, uniform plants.

SUNFLOWER O Also see Cut Flowers. Helianthus annuus

Ballad F1

Height: 24 to 30 in. (60 to 75 cm) Spread: 6 to 8 in. (15 to 20 cm) Days to maturity: 49 to 84 A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Mildew-tolerant, green-leafed plants have bright golden-yellow flowers with deep bronze center. Pollen-free; works well indoors, and in gardens and containers. Plants grow shorter under short days. Under longer days, plants grow taller without growth regulators.

Choco Sun

Height: 10 to 12 in. (25 to 30 cm) Spread: 12 to 14 in. (30 to 35 cm) Days to maturity: 42 to 49 A PanAmerican Seed product. Available as Ball Premier Line® seed.

Very compact, well-branched plants produce lemon-yellow flowers with dark chocolate brown centers over very dark green leaves. Sets a large bloom on the central stalk, with several smaller flowers on side shoots. Ideal for containers, window boxes and gardens.

Miss Sunshine F1

Height: 10 to 16 in. (25 to 40 cm) Spread: 6 to 8 in. (15 to 20 cm) Days to maturity: 42 to 77 A PanAmerican Seed product. Available as Ball Premier Line® seed.

Easy and economical to produce, mildew-tolerant Miss Sunshine needs fewer PGRs and will flower at a shorter height under short days. The 3 to 4-in. (7 to 10-cm), sunny golden-colored blooms "face up" for retail impact, and produce long-lasting color for the consumer, with a fast flush of secondary flowers. Pollen-free.

Sunny Smile F1

Height: 6 to 20 in. (15 to 50 cm) Spread: 6 to 16 in. (15 to 40 cm) Days to maturity: 50 to 55

Single, yellow, pollen-free blooms are produced on branching plants. Heattolerant, dwarf variety is well-suited to potted plant programs, and is daylength neutral for year-round production.

Sunsation Series F1

Height: 10 to 12 in. (25 to 30 cm) Spread: 10 to 14 in. (30 to 35 cm) Days to maturity: 56 to 63

Very compact plants produce large, pollenfree flowers with black centers, over long-lasting leaves. Suited to garden borders and containers.

- Flame
- Lemon
- Yellow

Suntastic Yellow F1

Height: 10 to 24 in. (25 to 60 cm) Spread: 8 to 10 in. (20 to 25 cm)

Days to maturity: 65

Available as Ball Premier Line® treated

Naturally compact, very floriferous plants produce three waves of dark-centered, 5 to 6-in. (13 to 15-cm) flowers, with up to 20 per plant. Ideal for low bedding and window boxes; also makes a great indoor and outdoor container plant. All-America Selections Regional Winner (Great Lakes).

BELLS OF IRELAND 🔾 🔾 Moluccella laevis

Bells of Ireland

Height: 15 to 20 in. (38 to 50 cm) Spread: 15 to 20 in. (38 to 50 cm) Large, lime-green calyces.

CAMPANULA O Also see Annuals and Perennials. C. medium

Campana F1 Series

Strong stems have good foliage and are 100% top-flowered.

Height: 30 to 34 in. (75 to 85 cm) Spread: 5 in. (13 cm)
A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Uniform plants have a short harvest window. Well-matched series is a low-energy crop for both Summer and Winter production.

- Deep Blue
- Lilac • Pink
- White

CARTHAMUS 💭 C. tinctorius (Safflower)

Grenade Orange

Height: 32 to 40 in. (80 cm to 1 m) **Spread:** 8 to 10 in. (20 to 25 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Round flower buds and round, thornless leaves are produced on stems of uniform length. Good for both indoor and outdoor production, flowering earlier than conventional strains. Useful fresh

Bombay Firosa

CELOSIA Also see Annuals.

C. CRISTATA (COCKSCOMB) 🗘

Spring Green

Height: 40 to 48 in. (1 to 1.2 m) Spread: 5 in. (13 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Suitable for higher-density plantings, with a short programmable cultivation period. Ships well and delivers long vase life.

Bombay Series

Shorter production time, better transportability, better stress resistance and longer vase life up to 3 weeks - than others of this type.

Height: 28 to 40 in. (70 cm to 1 m) Spread: 5 in. (13 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Large, comb-shaped flower heads in a wide range of appealing colors are produced on rounded stems, with no off-shoot flowers. Good for economical, high-density programs.

Bombay classic colors:

- · Bronze Rich deep orange. Cherry
- Green
- Pink
- Purple

Bombay Fire colors (narrower with smaller leaves):

- Fidor (Gold) Golden bronze-orange comb; light pink neck
- · Figo (Yellow) Golden yellow comb; creamy white neck.
- Filemon Lemon yellow.
- · Fiora (Orange Rose) Orange comb; rose neck.
- · Fire Deep red comb; purple-red neck.
- Firosa (Rose) Rose-pink comb; light pink neck
- Fivio (Purple Rose) Vivid violet.

C. PLUMOSA (FEATHER) 💭

Century Series

Height: 18 to 24 in. (45 to 60 cm) Spread: 10 in. (25 cm)

Basal-branching plants produce 13-in. (33-cm) plumes. Suitable for greenhouse, field or garden cut flower production.

- Fire
- Red Bronze foliage.
- Rose
- Yellow
- Mix All-America Selections National Winner.

Sunday™ Series

Height: 28 to 40 in. (70 cm to 1 m) **Spread:** 5 in. (13 cm) A PanAmerican Seed product.

Available as Ball Premier Line® seed.

Offers longer stem length with a nice full plume and intense flower colors. Good shipping and vase life.

- Bronze
- Dark Pink
- New Gold Brighter yellow-gold color than Yellow.
- Orange
- Red
- Wine Red
- Yellow
- Mix Bronze, Dark Pink, Red and Wine Red, selected for the most uniform mix in a wide color range.

SUNDAY is a trademark of Celex B.V.

Sylphid Lime

Height: 28 in. (70 cm) Spread: 12 in. (30 cm)

Masses of 6 to 12-in. (15 to 30-cm), lime-green plumes on tall, straight stems make this an excellent bouquet filler and useful for all kinds of arrangements. Responds very well to light and temperature. In the greenhouse with lighting and heating, Winter production is possible.

C. SPICATA (WHEAT CELOSIA)

Flamingo Series (Reintroduction)

Height: varies by variety

- Feather Light pink later fades to white under high heat. 18 to 26 in. (45 to 65 cm)
- Purple Bushier, twice as large and later to bloom than Flamingo Feather. 36 to 48 in. (90 to 120 cm)

CRASPEDIA C. uniflora (globosa)

Drumstick

Height: 24 in. (60 cm) Spread: 12 in. (30 cm)

Available as Ball Premier Line® seed. Wiry stems hold golden yellow florets.

DELPHINIUM Also see Larkspur and Perennials.

D. X BELLADONNA

Belladonna

Height: 30 to 36 in. (75 to 90 cm) Spread: 10 to 12 in. (25 to 30 cm) Sky blue.

Bellamosum

Height: 30 to 36 in. (75 to 90 cm) Spread: 10 to 12 in. (25 to 30 cm) Deep blue. Good companion to Belladonna.

Blue Donna

Height: 32 to 40 in. (80 cm to 1 m) Spread: 8 to 10 in. (20 to 25 cm) A Kieft Seed product.

Uniform, deep blue, semi double-flowered variety is heat tolerant with low disease sensitivity. Productive, multiple flush crop has a fast 12 to 16-week crop time from planting. Harvest when 25 to 30% of the flowers are open.

Casablanca

Height: 42 in. (1.1 m)

Spread: 10 to 12 in. (25 to 30 cm)

White; contains a small percentage of pale blue flowers. Can be grown yearround in coastal or mild Winter regions.

D. ELATUM

Aurora F1 Series

Height: 35 to 47 in. (90 cm to 1.2 m) Spread: 18 to 24 in. (45 to 60 cm)

Outstanding uniform flowering time is at least 1 month earlier than older O.P. varieties. The sturdy stems are covered with large, overlapping florets that completely cover the stem, over relatively small leaves. Also works well in bedding plant programs to sell green in packs or small pots, or as a garden perennial in 1 to 2-gallon containers.

- Blue
- Deep Purple
- Lavender
- Light Blue · Light Purple
- White
- Mix

Guardian F1 Series

Very uniform blooming within each variety under short days and up to 6 weeks earlier to flower than openpollinated types.

Height: 30 to 39 in. (75 cm to 1 m) **Spread:** 10 to 12 in. (25 to 30 cm) A Kieft Seed product.

Thin, strong stems and tight, narrow flower spikes are great for shipping.

- Blue
- Lavender
- White
- Mix

Magic Fountains Series

Height: 24 to 36 in. (60 to 90 cm) Spread: 24 to 36 in. (60 to 90 cm) Sturdy, compact plants.

- · Cherry Blossom/White Bee
- Dark Blue/Dark Bee
- Dark Blue/White Bee
- · Lavender/White Bee
- · Lilac Pink/White Bee

- Pure White
- · Sky Blue/White Bee
- · White/Dark Bee
- · Crystal Mix White bee varieties only.

Pacific Giants Series

Height: 4.5 to 6 ft. (1.4 to 1.8 m) Spread: 10 to 12 in. (25 to 30 cm)

Large, semi-double blooms. All have white bees, except Blue Jay, Black Knight and Percival, which have black bees.

- · Astolat Bluish pink shades with darker tones. Can show both creamy white and dark bees.
- Black Knight Dark blue.
- Blue Bird Mid-blue.
- Blue Jay Medium blue.
- · Cameliard Lavender-rose.
- Galahad Pure white.
- · Guinevere Lavender-pink. • King Arthur Royal violet.
- Percival White.
- · Summer Skies Light blue.
- · Round Table Mix All of the series colors.

DELPHINIUM GRANDIFLORUM

New Planet F1 Series

Height: 16 to 20 in. (40 to 50 cm) Spread: 8 to 10 in. (20 to 25 cm)

The perfect bouquet component. Early blooming, with delicate star-shaped flowers. Also great as a bedding or potted crop.

- Light Pink Also pictured on page 198.

Summer Series

Height: 24 to 36 in. (60 to 90 cm) Spread: 10 to 12 in. (25 to 30 cm)

Uniform, early and well-branched. Features dainty flower clusters rather than traditional long, spiky stems. Thrives in heat and humidity without stretching.

- Blues Bright sky blue.
- Cloud Bicolor blue and white.
- Morning Delicate light pink.
- Nights Midnight blue.
- · Stars Pure white.
- Colors Mix Sky blue, deep blue and white.

Sunrise F1 (Reintroduction)

Height: 24 in. (60 cm)

Creamy white leaves around light pink centers. Well-matched to Sunset.

Crane F1 Series

Height: 24 to 35 in. (60 to 88 cm)

Unique flower heads resembling large roses are tight and colorful; 6-in. (15-cm) diameter. Long-stemmed varieties are uniform and long lasting.

- Bicolor Creamy white with rose center; green outer petals.
- Pink Lighter color than Rose.
- Red • Rose
- White

New Crane Feather F1 Series

Height: 20 to 30 in. (50 to 75 cm) The first uniform feather-leaf kale offers

two distinct colors, excellent stem length for easy harvest and uniform habit. Adds texture and interest to floral arrangements

- King White
- Oueen Red Red stems

Lucir F1 Series

Height: Varies by variety

Features long-lasting, shiny leaves and long, single stems ideal for arrangements.

- Rose 25 to 35 in. (63 to 88 cm) tall.
- White 30 to 35 in. (75 to 88 cm) tall.

Sunset F1

Height: 24 in. (60 cm)

Round-edged, dark green leaves with red highlights on 6-in. (15-cm) heads. 6-in. (15-cm) spacing keeps heads compact.

Wine Bright

Unique and versatile focal variety adds a trendy look to bouquets.

Height: 26 in. (65 cm)

Produces compact, serrated flowers on tall, upright plants. Flower head size ranges from 2.5 to 4.75 in. (6 to 12 cm) and is dependent on growing density, while color brightness depends on production temperatures. Works well in Christmas and year-round bouquets. Suitable for cool, energy-efficient greenhouse or field production. Formerly Giraffe Wine Bright.

- Dark Orange
- Early Orange Light golden bronze.
- Early Pink
- Early Rose
- Early White
- Early Yellow · Ivory White White with yellow bee.
- Lavender
- Orange • Pink
- Red
- Rose
- Royal Purple.
- · Soft Yellow
- White Yellow

Purple Twist

A PanAmerican Seed product.

Available as Ball Premier Line® seed.

(Group 2) Novelty cut has unique purple and white striped flowers. Color pattern varies depending on the growing environment – in warmer greenhouse conditions, white stripes are more dense/prominent; under cool outside/ tunnel conditions, purple is more dense/ prominent. Good grown with Maryland in cool-season, low-light/low-temperature conditions. Slightly fragrant.

Red Delilah

Great choice to make top-quality, novelty bouquets.

A PanAmerican Seed product. Available as Ball Premier Line® seed.

(Group 2) Fun and first-of-its-kind snapdragon produces unique red and white tube-patterned flower spikes on strong, sturdy stems. Can be grown along with Maryland varieties, and is suitable for greenhouse, field or garden cut flower production.

Rocket Series

Height: 30 to 36 in. (75 to 90 cm) Spread: 16 to 18 in. (40 to 45 cm) A PanAmerican Seed product. New! Now available as Ball Premier Line® pelleted seed.

Flowers well under long days.

SOLANUM (ORNAMENTAL EGGPLANT)

S. integrifolium

Pumpkin On A Stick

(Reintroduction)

Height: 3 to 4 ft. (90 cm to 1.2 m) Spread: 2 to 3 ft. (60 to 90 cm) Available as organic seed.

A must for Fall decorating! The wellbranched, upright plants have strong woody stems and very large leaves that protect the developing clusters of fruit from sun. Pale green fruit appear in late Summer and mature to bright, deep scarlet and finally orange.

STATICE See Limonium.

STOCK See Matthiola. Also see Annuals.

SUNFLOWER 🔘

Helianthus annuus

DWARF SUNFLOWER See Flowering Potted Plants.

INTERMEDIATE SUNFLOWER (3 to 5 ft./0.9 to 1.5 m)

Jua Inca

Bred for less sensitivity to cultural variations than traditional varieties.

Height: 3 to 5 ft. (0.9 to 1.5 m), depending

on culture

Days to maturity: 49 to 63 A PanAmerican Seed product. Available as Ball Premier Line® seed.

Fast-growing plants produce big, pollenless blooms over small, deep green top leaves. Mahogany/gold bicolor flower with a dark center. Very good vase life.

Sunbright Supreme F1

Height: 4 to 5 ft. (1.2 to 1.5 m) Days to maturity: 70 Available as Ball Premier Line® seed.

Pollenless, bright yellow flowers have a large, dark brown center. Earlier and more uniform than Sunbright.

Sunrich F1 Series

Height: 3 to 5 ft. (0.9 to 1.5 m) Days to maturity: 60 to 65
Available as Ball Premier Line® seed.

Blooms 10 to 14 days earlier than Sunbright. Single-stemmed plants bear 5 to 6-in. (13 to 15-cm) flowers. The three Summer varieties flower 5 to 10 days earlier than others in the series.

- Gold Green face matures to golden
- orange.
- Lemon Bright yellow.
- New Lemon Summer
- New Lime Light yellow with a green center.
- · Limoncello Summer White-yellow with a dark center.
- · Orange Golden yellow.
- Orange DMR Offers added vigor and disease resistance to multiple strains of Downy Mildew.
- Orange Summer True orange.

TALL SUNFLOWER (5 to 7 ft./1.5 to 2.1 m)

Double Quick Orange F1

Height: 5 ft. (1.5 m) Days to maturity: 65

Available as Ball Premier Line® seed.

The only single-stemmed, early-flowering double suitable for the mass market. Fully double, golden-yellow, 4 to 5-in. (10 to 13-cm) flowers have a pollenfree, green disk. Úpright habit.

Full Sun F1

Height: 6 ft. (1.8 m) Days to maturity: 65 to 75 Available as Ball Premier Line® seed.

Classic, golden yellow blooms are 6 to 8 in. (15 to 20 cm) wide.

TALL SUNFLOWER continued

Pro Cut F1 Series

Height: 5 to 6 ft. (1.5 to 1.8 m) Days to maturity: Varies by variety.

Available as Ball Premier Line® seed.

Each bright, 4 to 5-in. (10 to 13-cm) flower features a dark, pollenless disk on single-stemmed plants. Daylength neutral varieties are excellent for mass market production.

- Bicolor Mahogany with large yellow tips. 55 days.
- Brilliance Unique petal color yellow on outside intensifies to orange near the dark center. 55 days.
- Gold 55 days.
- Orange 50 days.
- New Plum 60 to 65 days.
- Red 55 days.

Sunbright F1

Height: 5.5 to 7 ft. (1.7 to 2.1 m) Days to maturity: 50 Available as Ball Premier Line® seed.

The single-stemmed plants each bear one 5 to 7-in. (13 to 18-cm), single, bright yellow bloom. Daylength-neutral; can be grown under short days.

Vincent F1 Series

Height: 4 to 5 ft. (1.2 to 1.5 m)

Days to maturity: 55

New! Now available as Ball Premier Line® treated seed.

Daylength-neutral series allows for flexible programming, with production of high-quality crops in early, mid and late seasons. Upward-facing flowers on strong stems have round, overlapping petals for better shipping, and an extra ring of petals for more attractive presentation. Also pictured on page 196.

- Vincent's Fresh Deep orange petals with a brown center.
- · Vincent's Choice Green center.

New Vincent Deep Orange DMR F1

Height: 4 to 5 ft. (1.2 to 1.5 m) Days to maturity: 55 Available as Ball Premier Line® treated seed.

All the impressive attributes of the original Vincent series, plus Downy Mildew resistance! Also features a deeper flower color and larger flower disc size than the original Vincent series.

SWEET PEA O Also see Annuals. Lathvrus odoratus

Knee High Mix

Height: 24 to 30 in. (60 to 75 cm) Colorful bush-type mix.

Mammoth Series

Height: 5 to 7 ft. (1.5 to 2.1 m) Large, early flowers and long stems.

- · Deep Rose
- Lavender
- · Mid Blue Navy Blue
- · Rose Pink
- · Salmon Cream
- Scarlet
- White
- Mix

Winter Elegance Mix

Height: 18 to 24 in. (45 to 60 cm) Multiflora blend useful for flowering under short days from Winter to early Summer.

VERONICA O Also see Perennials. V. spicata

'Blue Bouquet'

Height: 12 in. (30 cm) Spread: 12 in. (30 cm) A Kieft Seed product.

Available as Ball Premier Line® seed.

Medium blue flowers top deep green, textured leaves

ZINNIA O Also see Annuals. Z. elegans

Benary's Giant Series

Height: 40 in. (1 m) Spread: 12 in. (30 cm)

Available as Ball Premier Line® seed.

Thick stems hold 4 to 5-in. (10 to 13-cm), fully double blooms with excellent yield per plant.

- Bright Pink
- Carmine Rose
- Coral • Deep Red
- Golden Yellow
- · Lilac • Lime
- Orange
- Purple
- Scarlet
- White
- Wine
- Mix Bright mix does not include Lime.

Oklahoma Mix

Height: 30 to 40 in. (75 to 100 cm)

Spread: 28 in. (70 cm)

Powdery Mildew-tolerant plants bear 1.25 to 1.5-in. (3 to 4-cm), double and semi-double blooms

Queen Series

Tall specialty cut offers unique, showy

Height: 24 to 30 in. (60 to 75 cm) Spread: 18 to 20 in. (45 to 50 cm) Produces a mass of fully double, 2.5 to 3-in. (6 to 7-cm) flowers. Well-branched, upright plants supply a high number of

sturdy flower stems. Long vase life. Also makes a good garden cut flower.

- Lime
- Lime Red Exotic bicolor maroon petals topped with lime green.

TALL Z. ELEGANS

Cut & Come Again Mix

(Reintroduction)

Height: 24 in. (60 cm)

Spread: 15 to 20 in. (38 to 50 cm) Available as Ball Premier Line® seed.

Great for cutting, this bright mix shows a complete color range. Fully double to semi-double flowers have flat petals and grow up to 3 in. (7 cm) in diameter. Pictured on page 138.

Quality You Can Count On

A known and trusted brand for over 135 years, Burpee has continuously delivered the vegetables, herbs and flowers that consumers demand.

Latest Innovations from Burpee

Burpee has the exclusive varieties that meet the needs of today's consumer gardeners. For 2017, we've created 3 new collections you can choose from within the overall Burpee program. Our **Space Savers** collection includes varieties like **NEW Take 2 Lights, Camera** and **Action Tomato Combos**, the perfect choice for containers and small garden beds. New **Foodie Fresh** varieties appeal to a growing market of consumers who want to craft culinary experiences with vegetables they grow themselves, like unique **NEW Meatball Eggplant** (*p 218*). Our **Amazing Veggies** produce the biggest vegetables, the highest quality and the greatest yields, a supersize advantage for you and your customers. You'll be astonished by how many delicious slicer tomatoes **NEW Cloudy Day** (*p 222*) will provide in sun or shade! To find out more about the Burpee program and for information on the full product offering, visit **BurpeeHomeGardens.com** and see the 2017 Burpee catalog.

Inspire Gardeners with FREE POP

Burpee lifestyle-focused POP combines with branded merchandising to hit the bullseye with garden center shoppers and increase retail sell-through.

The first color listed is the stage when picking is most preferred. The second color indicates the m SWEET BELL PEPPER Days	Color	Size (L x W)		

SWEET BELL PEPPER continued	Days	Color*	Size (L x W)
Cherry Stuffer F 1 Compact plants produce lots of "snackable, stuffable, grillable" peppers. Shape resembles popular Cherry Bomb, with less heat and more sweet. Good in small gardens, large containers. Resists TMV.	73	Green/ red	2 x 2 in. (5 x 5 cm) diameter
Great Stuff Hybrid Jumbo peppers are easy to grow, pest-resistant and productive all Summer long.	75	Green/ dark red	7 x 5 in. (18 x 13 cm)
SWEET NON-BELL PEPPER	Days	Color*	Size (L x W)
Bananarama Big, meaty banana peppers on smaller plants. Peppers start yellow and mature to orange-red; can be picked at any time.	70	Yellow/ orange-red	8 x 1.25 in. (20 x 3 cm)
Big Daddy Hybrid Produces jumbo yellow Marconi peppers that are great grilled, sautéed, stir-fried, roasted or stuffed.	73	Green/yellow	8-10 in. (20-25 cm) long
Costa Rican Sweet Hybrid Ruby red peppers are easy to grow and have more flavor than most sweet bell varieties.	70	Green/red	6 x 2-3 in. (15 x 5-7 cm)
New Lemon Dream F 1 Sport of Burpee's Tangerine Dream. Very high yields of thick-walled, yellow peppers with a mild, sweet taste. This shorter plant can be combined in a pot with Tangerine Dream for a great color mix of yellow and orange fruit.	70	Yellow	3 x 1.5 in. (8 x 3.5 cm)
Sweet Savour F1 Smaller plant is perfect for containers and small gardens, and is useful as both an edible and an ornamental. Beautiful and tasty tricolor fruit looks hot but eats sweet.	70-75	Tricolor	3 x 0.5 in. (8 x 1 cm)
Tangerine Dream Sweet and delicious with just a hint of heat, the shiny, red-orange fruit can be pickled or eaten fresh. Beautiful ornamental plant in gardens and containers, too.	70	Orange/red	3 x 1.5 in. (8 x 3.5 cm)
Thunderbolt F 1 Huge Marconi peppers have good flavor and texture, thick walls and satisfying crunch. High-yielding plants work in large containers, gardens. Resistant to TMV and TSWV.	65-80	Green/red	13 x 4 in. (33 x 10 cm)
CHILI PEPPER	Days	Color*	Size (L x W)
Hot Lemon Heirloom pepper from Ecuador is as hot as any Cayenne, but with a unique flavor and aroma. Flavorful when green or ripe, best used fresh in sauces or dried.	70-80	Green/yellow	3-4 x 0.75 in. (7-10 x 2 cm)
Ristra Cayenne Hybrid Very hot, tapered fruit with a twisted shape is thin-walled and two-celled.	75	Lime green/ red	12 x 1 in. (30 x 2 cm)
ETHNIC HOT PEPPER	Days	Color*	Size (L x W)
Sweet Thing Prolific plants bear plenty of slightly smoky and sweet, Cayenne-shaped peppers for grilling or drying. Good for gardens, large planters.	68	Green/ tricolor	10-12 x 0.5 in. (25-30 x 1 cm)
HABANERO PEPPER	Days	Color*	Size (L x W)
Habanero Zavory All the taste of a Habanero without the searing heat. Yields large numbers of shiny red peppers in late Summer.	90	Green/red	3-4 x 2 in. (8-10 x 5 cm)
JALAPEÑO PEPPER	Days	Color*	Size (L x W)
Big Guy Jalapeño One of the biggest jalapeños in our offering, perfect for pickling, stuffing and slicing.	69	Green	5 x 1 in. (13 x 2 cm)
Jalapeño Gigante Big, delicious peppers for salsa or stuffing. Easy to grow and harvest throughout the Summer when they're green or red.	80	Green/red	5 x 1 in. (13 x 2 cm)

BushSteak Tomato

PUMPKIN		Days	Weight
Casper White-skinned ornamental with thick, orange flesh and corky-textured tan handle grows to 9 to 12 in. (23 to 30 cm) in diameter. Great for carving, painting and eating.			10-16 lb. (4.5-7.2 kg)
SUMMER SQUASH	Days	Туре	Size
Burpee Golden Medium-long, bright yellow zucchini are ready to harvest in less than two months.	54	Zucchini	6-8 in. (15-20 cm) long
Burpee Hybrid Vigorous, compact, bush-type plants with early, large yields of medium green, tender-skinned fruits.	50	Zucchini	6-8 in. (15-20 cm) long
New Cupcake The soft, edible skin of a zucchini with the delicate, sweet flavor of a patty pan squash. Very high-yielding variety will intrigue foodies looking for something unique.	30	Patty Pan	2-in. (5-cm) tal x 5-in. (12-cm) round
Limelight Unique, pale green color and light, refreshing flavor. Plants grow to 2 ft. (60 cm), with deep green, silver-accented foliage.	50	Zucchini	8 in. (20 cm) long
Pic-N-Pic Hybrid Extremely productive plants yield golden yellow, crookneck fruits that ripen early. Compact, bushy plants require little garden space.	50	Zucchini	4-6 in. (10-15 cm)
Smooth Pickin' F1 Spineless petioles produce outstanding yields of uniform, black-green fruits with minimal harvest damage.	45	Zucchini	7 in. (18 cm) long
WINTER SQUASH	Days	Туре	Size
Burpee's Bush Table Queen Perfect for patio containers and small gardens bush-shaped plants produce abundant fruit.	, 80	Acorn	5 in. (13 cm) diameter
Burpee's Butterbush Space-saving plants grow about 4 ft. (1.2 m) wide, with each plant producing five 1 to 1.5-lb. (0.5 to 0.7-kg) fruits.	75	Butternut	7 x 8 in. (18 x 20 cm)

TOMATO

All tomatoes are sold as defuzzed seed. Many tomatoes are also available as easy-to-sow Ball Premier Line® seed.

I: Indeterminate (pole or stake type). Blossoms and fruit develop progressively, and the harvest lasts several months; best when staked. D: Determinate (bush type). Blossoms and fruit develop on the vine at the same time. The harvest time is short – 7 to 10 days. Plants are self-topping and seldom need staking; best when caged.

Disease Tolerance:

V: Verticillium

N: Nematodes T: Tobacco Mosaic Virus F: Fusarium Wilt Race 1

F1&2: Fusarium Wilt Races 1 & 2				
BEEFSTEAK TOMATO	Days	Size	Growth	Disease Tolerance
Brandy Boy Hybrid Hybrid of the classic Brandywine has the incredible taste and thin skin of an heirloom without typical heirloom drawbacks. Produces loads of large pink fruits. Resists Alternaria Stem Canker.	78	7-10 oz. (198-284 g)	I	VFNT
BushSteak F1 A beefsteak that can be grown in a container! Compact plant produces big, flavorful and meaty tomatoes that mature early. Works in small gardens, too.	65	8-12 oz. (227-340 g)	D	-
Porterhouse F1 Extra-large beefsteaks burst with old-fashioned flavor. Deep red all through, with meaty solids and succulent juice.	80	2-4 lb. (0.9-1.8 kg)	I	-
SteakHouse Hybrid One of the world's largest beefsteaks bears high yields of broad-shouldered tomatoes loaded with true heirloom flavor and wonderful fragrance. NOTE: Support required.	75-80	1.5-4 lbs. (0.7-1.8 kg)	I	VF

SLICER TOMATO	Days	Size	Growth	Disease Tolerance
Big Daddy Game-changing breakthroughs in taste, size, disease resistance and yield. Produces a long harvest of meaty, ruby red fruits.	78	15 oz. (425 g)	1	VF
Big Pink Strong plants grow to medium height and yield a harvest of smooth, rosy fruits from mid-season on.	75	8-10 oz. (227-284 g)	ı	VF
New Cloudy Day F1 Bred in England, Cloudy Day is excellent for growing in a northern climate. This plant does very well in cool, cloudy weather. It offers a high yield of tasty slicer fruit. Early and Late Blight resistance.	70	5 oz. (141 g)	I	VF
Fourth of July F1 Available as Ball Premier Line® seed. One of the earliest-producing varieties available, yielding small, luscious fruits until late Summer or early Fall.	49	4 oz. (113 g)	I	-
Jersey Boy F1 See Heirloom Marriage™ Collection, page 223.				
New Madame Marmande F1 Broad-shouldered, juicy, succulent French tomato produces hefty scarlet and light-ruby fruits loaded with rich flavor. Won't crack like other Marmande varieties. Great disease resistance package, too.	72	10 oz. (283 g)	I	VFNT
Orange Wellington Hardy, prolific plants bear meaty, nearly seedless orange fruits from mid to late season.	75	12 oz. (340 g)	I	VF2
Steak Sandwich Hybrid Compact, vigorous plants yield dozens of large fruits at a time. Harvest Summer through Fall.	70	10 oz. (284 g)	ı	-
Summer Girl F 1 Matures 1 week or more before Early Girl, with fruit up to 1.5 oz. (42 g) larger and 20% higher yields. Resists TMV, TSWV.	49-52	5-6 oz. (142-170 g)	I	VF
Tasti-Lee® F1 Part of the BOOST Antioxidant Collection. F₁ IMPATIENS

I. walleriana

Enlighten Series

Height: 9 to 11 in. (23 to 28 cm)
Spread: 13 to 15 in. (33 to 38 cm)
Available as Ball Premier Line® seed.

Enlighten impatiens light up shady beds and containers with bursts of brilliant color! An excellent landscape performer, Enlighten is extremely uniform and easy to produce. All colors are well-matched to time together and flower freely all season.

- Bright Red
- Neon Punch
- Red Wash
- Rosy Starburst
- Sunset Beach
 White Nights

Enlighten Flutter Series

Height: 10 to 12 in. (25 to 30 cm) Spread: 15 to 16 in. (38 to 40 cm) Available as Ball Premier Line® seed.

The only semi-double seed impatiens on the market! Enlighten Flutter's fancy, eye-catching flowers have great retail appeal and are real standouts in the garden. The long-lasting plants produce consistently semi-double flowers.

- Appleblossom
- Bright Purple
- Orange Flash
- Red
- Red Flash

PETUNIA OP. x hybrida

Paparazzi® Series

Height: 10 to 15 in. (25 to 38 cm) Spread: 10 to 15 in. (25 to 38 cm) Flower size: 3.5 to 4 in. (9 to 10 cm) Available as Ball Premier Line® seed.

Gardeners will go wild for these big-bloomed grandiflora stars in exciting colors – now you can offer decorator options in a consumer favorite class! Suitable for pots, combo planters and baskets, this star-quality collection is a must for today's trend-conscious shopper.

ZINNIA 💛

MEDIUM Z. ELEGANS

Bridesmaid

Height: 14 to 18 in. (35 to 45 cm) **Spread:** 10 to 12 in. (25 to 30 cm) Available as Ball Premier Line® seed. This Bridesmaid steals all the attention,

with its fluffy, double, lemon yellow blooms. As tough as it is pretty, easy-care Bridesmaid thrives in containers and beds, and makes a beautiful cut flower indoors.

Champagne Toast

Height: 14 to 18 in. (35 to 45 cm) **Spread:** 10 to 12 in. (25 to 30 cm) Available as Ball Premier Line® seed.

Large, double pink blooms bring an elegant touch to mixed containers and gardens, as well as indoor vase arrangements. A lowwater, easy-care variety.

White Wedding

Height: 14 to 18 in. (35 to 45 cm) Spread: 10 to 12 in. (25 to 30 cm) Available as Ball Premier Line® seed.

Soft, double white blooms add a little romance to Summer containers and landscapes, and thrive all season long without a trace of maintenance or water. Nice cut flower, too.

Z. MARYLANDICA

Crop Time: Premium packs, 1801 flats and 4-in. (10-cm) pots - Spring: 11 to 12 weeks; Summer: 8 to 9 weeks

UpTown™ Series

Height: 18 to 24 in. (45 to 60 cm) Spread: 18 to 24 in. (45 to 60 cm) Available as Ball Premier Line® seed.

Strong, spreading plants stand tall and full in the heat, even with less watering. Large, colorful flowers provide plenty of appeal at retail and in the garden.

- Frosted Strawberry First doubleflowered variety in the series has vigor to match the collection.
- Grape
- Orange Blossom
- · Pink Champagne
- Sunstreak
- White Wall

F1 HYBRID CABBAGE

TTTTBIID CADDAGE	Days	c.ig.iit	00.01
Big Flat Head (Gunma) Flat specialty cabbage produces sweet, tender heads with a very short core and less dense interior for easy slicing and shredding.	80-85	5-7 lb. (2.2-3.2 kg)	Green
Caraflex Distinctive pointed shape presents well as a mini. Thin, crisp leaves are excellent for salads, sandwiches and coleslaw. Easy-to-grow variety for Summer and Fall production. Stores up to 8 weeks with excellent field holding.	63	1.5-2 lb. (0.7-0.9 kg)	Green
Cheers Mid-season variety produces very uniform, globe-shaped heads that have good wrap and are slow to burst. Moderate heat tolerance. High resistance to Fusarium Yellows. Moderate resistance to Black Rot.	75	5 lb. (2.2 kg)	Blue-green
Fast Vantage Early-season, very uniform variety. Matures up to 6 weeks earlier than other cabbage varieties.	59	2.5 lb. (1.1 kg)	Medium green
Golden Cross Round heads, medium cores.	40	2.25 lb. (1 kg)	Blue-green
New Katarina 2016 All-America Selections National Winner is a white cabbage variety in the Golden Acre type. A very early cabbage with smooth, round, 4-in. (10-cm) heads with tightly packed leaves. Can be grown in containers or in garden beds as an ornamental/edible border. Productive and uniform, with a good standing ability.	59	2-3 lb. (0.9-1.4 kg)	Green
Platinum Dynasty Main-season cabbage bears large, round to semi-round heads. Resistant to Fusarium Yellows and Black Rot; good Tipburn tolerance.	65-70	1.8-2.2 lb. (4-5 kg)	Blue-green
Primero Early, compact and productive variety is good for small spaces. Produces perfectly round, dark red heads with sweet flavor.	72	2-3 lb. (0.9-1.4 kg)	Dark red
Red Jewel High-yielding variety matures early and uniformly. Round, deep red heads have a short core.	75-80	3-5 lb. (1.4-2.2 kg)	Red
Redhawk F1 Early-season red cabbage performs well in warm temperate regions. Good wrapper leaves protect the round, 5-in. (13-cm) heads. Versatile – enjoy raw, cooked or grilled. Resists Fusarium Yellows.	70	2-4 lb. (0.9-1.8 kg)	Red
New Ruby Ball Early-maturing, deep red cabbage is sweet tasting and attractive. Firm, round head resists splitting, tolerates both cold and heat, holds in the field a long time and stores well after harvest. Excellent cooked or raw in salads. All-America Selections National Winner.	70-80	3-4 lb. (1.4-1.8 kg)	Red
Ruby Perfection Slow to bolt.	80	2-3 lb. (0.9-1.4 kg)	Deep red
Savoy Ace Early Savoy type has globe-shaped heads with fine leaves. Moderate cold tolerance. Recommended for Fall to Winter harvest. Good holding; widely adapted. <i>All-America Selections National Winner</i> .	80	3.5 lb. (1.6 kg)	Deep green
Savoy Alcosa Earliest savoy makes small, dense, crinkled heads with thin, yellow interior leaves. Compact plants are good in small-space gardens for Spring and early Summer production.	62	2-4 lb. (0.9-1.8 kg)	Blue-green
Stonehead Nearly round heads have excellent holding. Yellows resistant. All-America Selections National Winner.	50	2-2.25 lb. (0.9-1 kg)	Green

4.5 lb.

(2 kg)

Medium green,

white ribs

Blues High-quality, extra-early Napa type is a vigorous grower that is extra slow to bolt, and has good virus and disease resistance. Tender, tasty leaves are good for cooking and pickling.

BURPLESS CUCUMBER

Types:

M: Monoecious plants produce separate male and female flowers on the same plant; pollinator is not needed.

G: Gynoecious plants produce only female flowers for higher and more concentrated yields; pollinator is needed.

Burpless #26 F1 Smooth, dark green fruit. Very compact and productive Japanese-type.	60	М	9 in. (23 cm)
Burpless Supreme F1 A Ball Ingenuity product, available exclusively through Ball Seed. Sweet, dark green fruit, many seedless. Resists Watermelon Mosaic.	55	G	11 in. (28 cm)
Salad Bush F1 Early, compact plants are good for small gardens, containers. Uniform, cylindrical, dark green fruit. Resists CMV, Scab. All-America Selections National Winner.	57	М	8 in. (20 cm)
Summer Top High yields of very uniform, burpless, 3 to 3.5-oz. (90 to 100-g) fruit that is deep green with white spines. Heat tolerant; highly resistant to Downy Mildew, Powdery Mildew, Anthracnose and CMV.	40	М	8 in. (20 cm)
Sweet Success F 1 Seedless variety produces high yields of sweet, burpless fruit. Parthenocarpic – no pollinator required. <i>All-America Selections National Winner.</i>	54	G	12 in. (30 cm)
PICKLING CUCUMBER	Days	Туре	Length
Bush Pickle Bush-type habit for small gardens/containers. Crisp and tender, with cool, mild flavor.	54	М	4-5 in. (10-13 cm)
Eureka F1 Resistant to Angular Leaf Spot, Downy Mildew, Papaya Ring Spot, Scab, Watermelon Mosaic Virus, Zucchini Yellows Virus, Anthracnose Races 1/2, CMV, Powdery Mildew. Harvest at 3 in. (7 cm) for pickling.	57	М	7 in. (18 cm)
Fresh Pickles F1 Exclusively Burpee! See page 218.			
New Gherking F1 Gherkin A PanAmerican Seed product. Produces early, large yields of bitter-free fruit that won't turn bitter if left on the vine. Cylindrical, dark green gherkins with white spines are perfect for pickling and fresh eating. High resistance to Scab and CMV 1; Intermediate resistance to Powdery Mildew and Downy Mildew. Also pictured on page 228.	50-55	G	3-5 in. (7-13 cm)
Homemade Pickles Bush-type plants bear medium green fruit with small white spines and solid core. Harvest at 1.5 in. (3 cm) for baby sweets. Good disease resistance.	60-65	М	5-6 in. (13-15 cm)
Parisian Gherkin Crisp, sweet fruit can be picked at midget or small pickle stage for pickling or enjoyed fresh. Semi-vining plants perform well in-ground or staked in containers. Resistant to CMV; tolerant of Powdery Mildew and Scab. All-America Selections Regional Winner (Northeast, Mountain/Southwest).	50	М	2-4 in. (5-10 cm)
Petipikel F1 Patio variety makes a compact, short-vined plant. Tidy and attractive; produces many crisp, sweet pickling cucumbers continuously.	60	М	4-5 in. (10-13 cm)
Pick A Bushel F 1 Excellent heat-tolerant pickler that can be harvested at gherkin or spear size. High-yielding, semi-bush plants work well in planters and gardens. <i>All-America Selections Regional Winner (Heartland, Great Lakes)</i> .	50	М	3-6 in. (7-15 cm)

Burpee Hybrid II F1 Dark green with white spines.	57	G	8.5 in. (22 cm)
Bush Champion Exclusively Burpee! See page 218.			
Bush Crop F 1 Bush-type habit for small gardens/containers. Produces an abundant crop of nice, straight cucumbers.	62	М	6-8 in. (15-20 cm)
Diva Non-bitter with tender skin. Resistant to Scab; tolerant of Powdery/Downy Mildew. <i>All-America Selections National Winner.</i>	58	G	4-5 in. (10-13 cm)
Fanfare F 1 Compact with dark green fruit. Resists Anthracnose Race 2, CMV, Scab, Powdery Mildew, Angular Leaf Spot. <i>All-America Selections National Winner</i> .	62	М	9 in. (23 cm)
New Gateway The next class of slicing cucumbers has arrived! Gateway boasts outstanding quality fruit along with a vigorous, strong plant. With Intermediate resistance to Downy Mildew, this variety stands out among other varieties for its strong disease package and great adaptability for the home gardener.	50	М	8.5-9 in. (22-23 cm)
Gold Standard Exclusively Burpee! See page 218.			
Green Fingers F 1 Climbing variety sets well even in cool weather. Smooth, mid-green "baby" cukes are crisp with thin skin. Best grown with support. Tolerant of Powdery Mildew Race 1.	75-80	М	4-4.5 in. (10-12 cm)
Marketmore 76 Available as organic seed. Non-fading, dark green fruit. Resists Powdery/Downy Mildew.	66	М	9 in. (23 cm)
New Martini F1 A PanAmerican Seed product. Stands out from the competition for its non-yellowing white exterior and earlier yields. Very tender, "no peel" skin if harvested at 5 to 6-in. (13 to 15-cm) length; larger fruit will need peeling. White interior is bitter-free, very sweet and crunchy. Powdery Mildew resistant.	55-60	М	5-6 in. (13-15 cm)
Patio Snacker F1 A PanAmerican Seed product. Short vining plant is well-branched and high-yielding, producing dark green fruits with great flavor and nice crunch. Fast-growing from seed to transplant to fruit.	35-40	М	8 in. (20 cm)
$\label{eq:PeticueF1} \textbf{Peticue} \ \textbf{F} 1 \ \text{Compact variety has vines only 24 in. (60 cm) long, making it ideal for containers. High yields of great-tasting fruit through the Summer with continued harvesting.}$	60	М	8 in. (20 cm)
Saladmore Bush F 1 Semi-bush vines that set sweet and crisp, dark green fruit continuously with regular harvest. Multiple disease resistance is especially valuable in warmer climates. <i>All-America Selections Regional Winner (Southwest)</i> .	55	G	7-8 in. (18-20 cm)
Salad Crop F1 A Ball Ingenuity product, available exclusively through Ball Seed. Compact plants produce uniform, tasty, dark green fruit. Good for growing on fences or trellises. Resists Anthracnose Race 2, CMV, Scab, Powdery Mildew, Angular Leaf Spot.	62	М	9 in. (23 cm)
Slice More F1 Produces high yields of smooth, long, dark green slicing cukes with very small seed cavity. Highly resistant to Scab.	63	G	8.5 in. (22 cm)
Straight Eight Available as organic seed. Vigorous, productive plants with dark green, cylindrical fruits.	63	М	7-8 in. (18-20 cm)
SPECIALTY CUCUMBER	Days	Туре	Length
Armenian Available as organic seed. Heirloom variety. Heavily ribbed, light green-skinned fruit grows straight when trellised, but will twist into unusual shapes if grown on the ground.	60	М	12-18 in. (30-45 cm)
Lemon Unique variety produces lots of small, round, yellow fruit. Late producing. Sweet and flavorful, good raw or pickled.	65	М	3-4 in. (7-10 cm)

EGGPLANT	Days	Fruit Shape	Color
Black Beauty Available as organic seed. 24 to 28-in. (60 to 70-in.) plants.	82	Oval	Dark purple
Classic F1 A Ball Ingenuity product, available exclusively through Ball Seed. Glossy, 8 to 9-in. (20 to 23-cm), premium-quality fruit.	76	Teardrop	Purple-black
Early Midnight F1 Exclusively Burpee! See page 218.			
Fairy Tale F1 Clusters of 3 to 5, sweet, bitterfree fruit up to 2 weeks earlier than others. 18 to 24-in. (45 to 60-cm) plants; good for small spaces and containers. All-America Selections National Winner.	55	Teardrop	Lavender; white stripes
Gretel F 1 Earliest white eggplant produces clusters of glossy white minifruit, about 3 to 4 in. (7 to 10 cm) long. Petite, 3-ft. (90-cm) plants are great for containers and gardens. <i>All-America Selections National Winner</i> .	55	Teardrop	White
Hansel F1 True miniature ideal for containers. Fingerlike clusters of 3 to 6 bitterfree fruits. Harvest from 2 to 10 in. (5 to 25 cm) long. <i>All-America Selections National Winner</i> .	55	Teardrop	Dark purple
Little Fingers Available as organic seed. Slim, 6 to 8-in. (15 to 20-cm) fruit in clusters of 3 to 6. Spineless for easy picking.	68	Asian	Dark purple

ANNUAL HERBS	Height
All herbs are Patio Produce varieties – ideal for use in containers and small-space gardens.	
Basil Aristotle (Ocimum basilicum) Small leafed, highly aromatic and disease resistant, with a neat, rounded habit – looks as good as it tastes. Performs well even in poor weather.	10 in. (25 cm)
Basil Boxwood (Ocimum basilicum) A Ball Ingenuity product, available exclusively through Ball Seed. Available as Ball Premier Line® seed. Compact, small-leafed plants look like boxwoods and are more uniform than other dwarf basils. Great for pesto and other culinary uses, as well as ornamental.	12-16 in. (30-40 cm)
Basil Cardinal (<i>Ocimum basilicum</i>) Available as organic seed . Tightly packed, cardinal red blooms top strong burgundy stems and smooth, dark green leaves. Vigorous. A beautiful ornamental and a tasty culinary herb.	24-30 in. (60-75 cm)
Basil Cinnamon (<i>Ocimum basilicum</i>) Available as organic seed . Sweet cinnamon aroma. Flat dark green leaves, purple stems/flowers. Also a lovely ornamental.	24-36 in. (60-90 cm)
Basil Dolce Fresca (Ocimum basilicum) A PanAmerican Seed product. Traditional basil flavor, with more usable leaf yields. Mid-size plants have a unique, bushy habit with shorter internodes so plants stay controlled without getting tall and leggy. Great in-ground as well as in containers. All-America Selections National Winner.	12-14 in. (30-35 cm)
New Basil Eleonora (Ocimum basilicum) Genovese type with Intermediate resistance to Downy Mildew. Upright growth with medium green, big, light-serrated leaves. Suitable for open-field and pot production.	18-24 in. (45-60 cm)

ANNUAL HERBS continued	Height
Basil Floral Spires Series (Ocimum basilicum) Well-branched plants produce highly ornamental, sagelike flower spikes with a distinct cinnamon Thai basil scent. • Lavender • White	10 in. (25 cm)
Basil Genovese Emily (<i>Ocimum basilicum</i>) Compact pot variety has medium-large leaves. Long shelf life. Good for Summer programs in moderate climates, or year-round in hot climates with high light production.	18-24 in. (45-60 cm)
Basil Greek (Ocimum basilicum) Available as organic seed . Sweet, miniature leaves on dense, mounded plants.	12-18 in. (30-45 cm)
Basil Italian Large Leaf (<i>Ocimum basilicum</i>) The best choice for authentic Italian cooking. Use fresh, dried or in pesto.	24-30 in. (60-75 cm)
Basil Lettuce-Leafed (Ocimum basilicum) Very large, somewhat crinkled leaves are about 4.5 in. (12 cm) long and almost as wide. Distinctive flavor is similar but not as strong as sweet basil. Especially good in pasta dishes.	16-20 in. (40-45 cm)
Basil Persian (Ocimum basilicum) Available as organic seed . Large, vigorous plant with lots of tasty, large, silvery green leaves on sturdy, attractive purple stems. Late flowering. <i>All-America Selections Regional Winner</i> (Heartland, Mountain/Southwest, West/Northwest).	10-24 in. (25-60 cm)
New Basil Pesto Party Exclusively Burpee! See page 219.	
Basil Purple Ruffles (Ocimum basilicum) A PanAmerican Seed product. Fragrant, ruffled, deep purple leaves. For culinary or ornamental use. <i>All-America Selections National Winner.</i>	18-24 in. (45-60 cm)
Basil Red Rosie (Ocimum basilicum) Uniform and compact variety has a nice red color on slightly cupped leaves. Good for containers and in-ground planting.	18 in. (45 cm)
Basil Red Rubin (<i>Ocimum basilicum</i>) Large, flat, dark red to purple leaves have a sweet flavor. Vigorous plants are highly decorative.	20 in. (50 cm)
Basil Siam Queen (Ocimum basilicum) High-yielding; vigorous, large-leafed Thai type. Spicy and very aromatic. All-America Selections National Winner.	24-36 in. (60-90 cm)
Basil Spicy Globe (Ocimum basilicum) Use fresh or dried. Compact bush-type plant is great for containers.	8-10 in. (20-25 cm)

ANNUAL HERBS continued

	<u> </u>
Basil Super Sweet Genovese (Ocimum basilicum) Available as organic seed. Large-leafed Italian Genovese type. Very productive.	12 in. (30 cm)
Basil Sweet Dani Lemon (Ocimum basilicum) A PanAmerican Seed product. Strong lemon scent. Only basil resistant to Fusarium. Good in containers. All-America Selections National Winner.	22-24 in. (55-60 cm)
Basil Sweet Mammoth (<i>Ocimum basilicum</i>) Extra large-leafed variety has excellent flavor and aroma. Good for wrapping.	18-24 in. (45-60 cm)
Basil F1 Sweet Nufar (Ocimum basilicum) Available as organic seed. Large, dark green, textured leaves. Vigorous, very productive. Highly tolerant to a broad spectrum of Fusarium wilts. Good for open-field production.	24-30 in. (60-75 cm)
Basil Sweet Thai (Ocimum basilicum) Available as organic seed. Authentic spicy Thai basil flavor. Green leaves and attractive purple blooms/stems.	12-18 in. (30-45 cm)
Borage (Borago officianalis) Culinary or medicinal herb.	24 in. (60 cm)
Celery Peppermint Stick (<i>Apium graveolens</i>) Unique red celery is a beautiful addition to herb planters and mixed combos. Striped candy pink and green, 0.25-in. (0.6-cm) stalks shade to green leaves with intense full flavor, and are useful for fresh seasoning all year. Long harvest season; holds color when cooked. Slow to bolt.	10-24 in. (25-60 cm)
Cilantro Santo (<i>Coriandrum sativum</i>) Broad, celerylike leaves are medium green and heavier than standard strains. Slow-bolting for higher yields.	12-18 in. (30-45 cm)
Coriander (Cilantro) (Coriandrum sativum) Available as organic seed. Pungent aroma. Use seed dried or ground.	18-24 in. (45-60 cm)
Cumin (Cuminum cyminum) Fragrant, ferny foliage can be used young for salads. Grows best in warm areas; will produce seeds in northern areas if planted early.	6-12 in. (15-30 cm)
Dill Bouquet (Anethum graveolens) Available as organic seed . Dwarf, compact plant with attractive, delicate, fernlike foliage.	12-24 in. (30-60 cm)
New Dill Dukat (<i>Anethum graveolens</i>) Produces much higher yields of foliage than other dill varieties. The dark green, ferny leaves also have a distinct, strong aroma that adds depth to any fish, vegetable or pasta dish. Vigorous plants are topped with very large umbels.	30-40 in. (75-100 cm)
Dill Fernleaf (Anethum graveolens) A PanAmerican Seed product. Excellent in the herb garden, and ideal for windowsill growing. Easy to grow. All-America Selections National Winner.	12-15 in. (30-38 cm)
Parsley Triple Curled (Petroselinum crispum) Curled, dark green leaves on compact plants.	12 in. (30 cm)
Parsley Forest Green (Petroselinum crispum) Available as organic seed. Dark green, triple-curled leaves.	8-12 in. (20-30 cm
Parsley Italian Dark Single (Petroselinum crispum) Flat, deeply cut leaves with rich flavor.	15-18 in. (38-45 cn
Parsley Italian Giant (<i>Petroselinum crispum</i>) Available as organic seed . Large, flat, dark green leaves with unique flavor. Strong-stemmed, productive.	24-36 in. (60-90 cm)
Parsley Rialto (Petroselinum crispum) Flat, dark green leaves with a lemony flavor on large plants.	18-20 in. (45-50 cm
Savory Summer (Saturea hortensis) Popular for fresh or dried use. Peppery flavor adds spice to dishes.	12-20 in. (30-50 cn
Stevia Sweet Leaf (S. rebaudiana) Available as organic seed. Incredibly sweet leaves are an herbal alternative to sugar. Bushy, high-yielding plants. Use fresh or dried.	18-30 in. (45-75 cm)
Sweet Marjoram (Majorana hortensis) Available as organic seed. Use fresh or dried.	12-24 in. (30-60 cm

PERENNIAL HERBS	USDA Hardiness Zones	Height
All herbs are Patio Produce varieties – ideal for use in containers and small-space gardens	S.	
Calamintha Marvelette Series (Calamintha nepeta) Compact ornamental plants show off many large, striking flowers on upright spikes above the foliage all Summer. First-year-flowering perennial can also be planted as an annual in other zones. • Blue • White	To 6	8 in. (20 cm)
Catnip (Nepeta cataria) Available as organic seed . Aromatic, gray/green-leafed plant pleasing to cats. Also see Perennials (Nepeta).	3-9	36 in. (90 cm)
Chamomile German (<i>Matricaria chamomilla</i>) Flowering tops and leaves are used fresh or dried. The white, daisylike blooms appear from late Spring through Summer.	4-9	6-24 in. (15-60 cm)
Chives Chinese Broad Leaved (Allium schoenoprasum) Deep green leaves are broad and thick with mild flavor. Best for Chinese cooking and stir fry.	3-10	14-16 in. (35-40 cm)
Chives Garlic (Allium tuberosum) Available as organic seed. Garlic-flavored leaves.	3-10	24-30 in. (60-75 cm)
Chives Garlic Geisha (Allium schoenoprasum) Available as organic seed. "Just right" garlic flavor and vigorous growth. Slightly wider, flatter and more refined leaves than others make Geisha useful as both an edible and an ornamental. All-America Selections National Winner.	4-10	10-24 in. (25-60 cm)
Chives Garlic Gigantic (Allium schoenoprasum) Up to twice the size of standard garden chives. Features attractive, star-shaped flowers. Leaves and stems have a mild garlic flavor.	4-8	18 in. (45 cm)
Chives Onion (Allium schoenoprasum) Available as organic seed. Excellent for seasoning.	3-10	12-18 in. (30-45 cm)
Chives Staro (Allium schoenoprasum) Onion chives have a much thicker leaf than finer-leafed choices. Good for freezing, drying and fresh use.	3-10	12 in. (30 cm)
Lavender See Perennials, page 167.		
Lemon Balm (Melissa officinalis) Strong, lemon-scented foliage.	4-9	13 in. (35 cm)
Lemongrass (Cymbopagon flexuosus) New! Now, available as Ball Premier Line® multi- seed pellets. Attractive East Indian grass is used in Asian cuisine to add a "sweet-sour" lemon flavor. Leaf stalks and leaves are used fresh or powdered. Half-hardy perennial.	8-11	6-10 in. (15-25 cm)
New Mint Ornamental Mini Mint See Annuals, page 74.		
Oregano Greek (Origanum heracleoticum) Strong, spicy flavor. Dark green leaves. White flowers.	5-9	14-24 in. (35-60 cm)
Oregano Italian (Origanum vulgare) Italian type. Use fresh or dried.	5-9	36 in. (90 cm)
Peppermint (Mentha piperita) Low growing and vigorous – do not place near slow-growing or weak-habited plants.	5-9	4-6 in. (10-15 cm)

PERENNIAL HERBS continued	USDA Hardiness Zones	Height

PEPPER

*The first color listed is the stage when picking is most preferred. The second color indicates the mature stage, with more intense heat.

SWEET BELL PEPPER	Days	Color*	Size (L x W)
Admiral F1 New! Now available as Ball Premier Line® coated seed. Strong plants with good fruit cover produce continuous harvests of great-tasting, blocky, 4-lobed yellow peppers good for fresh eating, grilling and cooking. Can harvest green in 60 to 70 days.	80-90	Green/yellow	4.5 x 4.5 in. (11 x 11 cm)
New Aristotle Blocky bell with tremendous yield potential because of its heavyset, thick walls and extra-large fruit size. Well-suited to growing conditions in North America. Very vigorous plant produces anthocyanin-less fruit.	72-74	Dark green/ red	5 x 4.5 in. (13 x 11 cm)
Baron F1 (Red Beauty) Available as Ball Premier Line® seed. Early, prolific variety bears very sweet, thick-walled, four-lobed fruit. Tobacco Mosaic resistant.	68	Green/red	4 x 3.5 in. (10 x 9 cm)
Bayonet F1 Continuous-fruiting variety produces high yields of jumbo, glossy and blocky peppers. Excellent plant vigor. Resists TSWV, TMV and multiple races of Xanthomonas.	70-80	Green/red	3.5 x 3.5 in. (8 x 8 cm)
Better Belle II F1 A Ball Ingenuity product, available exclusively through Ball Seed. Available as Ball Premier Line® seed. Dependable, productive hybrid variety produces high yields of thick-walled, shiny fruits.	75	Green/red	4 x 5 in. (10 x 13 cm)
Big Bertha F1 Available as Ball Premier Line® seed. Dark green-leafed plants keep fruit under good cover. Produces sweet, thick-walled, 3 to 4-lobed peppers. Tobacco Mosaic tolerant.	70-73	Green/red	7 x 4 in. (18 x 10 cm)
California Wonder Available as Ball Premier Line® seed and as organic seed. Blocky; good for stuffing.	75	Green/red	4 x 4 in. (10 x 10 cm)
New California Wonderful F1 This new hybrid is priced like an open-pollinated pepper! A uniform green to red main-season variety whose blocky fruits are very nearly square. The 3 to 4-lobed fruits are thick-walled, crisp and firm, even when matured fully red. Excellent disease resistance to Bacterial Spot Races 1, 2, and 3, TMY and PVY.	120	Green/red	3.5 x 3.5 in. (9 x 9 cm)

Candy Apple F1 Exclusively Burpee! See page 219.

SWEET BELL PEPPER continued	Days	Color*	Size (L x W)
Cherry Stuffer F1 Exclusively Burpee! See page 220.			
Chocolate Beauty F1 New! Now available as Ball Premier Line® coated seed. Sweet, non-pungent fruit on plants with the performance and habit of bell types. Tobacco Mosaic resistant.	67	Green/brown	3.5 x 4.25 in. (9 x 10 cm)
Early Summer F1 New! Now available as Ball Premier Line® coated seed. Strong plants produce many high-quality, extra-large peppers that are firm and glossy with thick walls and uniform blocky shape. High resistance to Tobacco Mosaic.	70-75	Dark green/ yellow	4-5 x 4-4.5 in. (10-13 x 10-11 cm)
Flavorburst Hybrid Easy-to-grow plants produce a big harvest of crisp, juicy, golden peppers with plenty of sweet flavor.	72	Green/yellow	5 x 4 in. (13 x 10 cm)
Golden California Wonder Available as Ball Premier Line® seed. Smooth, blocky, blunt-ended peppers are 4-lobed and thick-walled with sweet, mild flavor. Sturdy plants set continuously.	62-73	Green/yellow	5 x 4 in. (13 x 10 cm)
Great Stuff Hybrid Exclusively Burpee! See page 220.			
Hunter F1 A Ball Ingenuity product, available exclusively through Ball Seed. Compact, mid-size plant bears early, concentrated yields. High-quality, extra-large, 4-lobed peppers have smooth and glossy exterior. Well-adapted for growing in the eastern United States. High resistance to Tobacco Etch Virus, Tobacco Mosaic Virus, Bacterial Spot 1-5, 7-9.	60- 70	Green/ red	4 x 4 in. (10 x 10 cm)
Keystone Giant Resistant Available as Ball Premier Line® seed. Thick-walled fruits are perfect for stuffing. Tobacco Mosaic resistant.	75-80	Dark green/ red	4.5 x 4 in. (11 x 10 cm)
King Arthur F1 (Fat 'N Sassy) High yields of large, blocky sweet bell peppers. Mid-season variety is widely adaptable.	65	Green/red	4.5 x 3.5 in. (11 x 9 cm)
Lady Bell F1 A Ball Ingenuity product, available exclusively through Ball Seed. Available as Ball Premier Line® seed. 3 to 4-lobed. Tobacco Mosaic resistant.	71	Green/red	4 x 3.5 in. (10 x 9 cm)
New Majestic Red Sets a new standard for home garden bell peppers. The huge, smooth fruit have a thick wall and crunchy texture. Fruit are blocky, firm and heavy for their size and set quickly to ensure a good yield. The early-maturing plants are medium to large, have good cover, and are widely adapted to most regions of the U.S. Disease resistance to TMV, Phytophthora root rot and Bacterial Spot.	75-85	Green/red	5-7 x 2.5-3 in. (15-18 x 6-7.5 cm)

SWEET BELL PEPPER continued	Days	Color*	Size (L x W)
New Midas F1 Strong, prolific plant with continuous setting ability and good cover. High yield potential with large to extra-large, rectangular shaped fruit that are mostly 4-lobed and smooth with thick walls. Suitable for protected cultivation.	75-80	Dark green/ yellow	6 x 3.5 in. (15 x 9 cm)
New New Ace F1 Early-maturing plant produces heavy yields of sweet peppers. Plant has green stems, green leaves and white flowers and grows to 3 to 4 ft. (0.9 to 1.2 m) tall. One of the best bell peppers for areas with short or cool Summers, even Alaska. Disease resistance to TMV.	70	Green/red	4 x 3 in. (10 x 7.5 cm)
Nikita F 1 Glowing red-orange peppers are loaded with big flavor. Blocky, thick-walled fruit holds its crispness even when cooked at high heat. Well-branched plants produce early and prolifically. Good disease tolerance.	65-70	Green/ red-orange	3.5 x 4 in. (9 x 10 cm)
Orange Blaze F1 Available as Ball Premier Line® seed. Gorgeous 2 to 3-lobed fruits that mature early and boast very sweet flavor. Excellent disease resistance. <i>All-America Selections National Winner.</i>	65-70	Green/orange	3-4 x 1.5 in. (7.5-10 x 4 cm)
Pinot Noir F1 New! Now available as Ball Premier Line® coated seed. Large, blocky fruits blush simultaneously to shades of citrus, berry and cherry red. The thick-walled peppers are very sweet and firm. Widely adaptable plants set fruit from cool to hot, humid conditions.	68	Lilac/red	5 x 4 in. (13 x 10 cm)
Purple Beauty Available as Ball Premier Line® seed. Blocky, thick-walled peppers with sweet, mild flavor. Easy to grow.	72-76	Green/purple	4 x 3.5 in. (10 x 9 cm)
Red Belt F 1 Produces plenty of large, true red Lamuyo peppers. Resists TSWV and TMV; performs well in Summer stress.	55-60	Red	3-3.5 x 5 in. (7.5-9 x 13 cm)
Red Bull F1 New! Now available as Ball Premier Line® coated seed. Blocky, 4-lobed fruit has thick walls, smooth skin. Strong canopy for excellent protection.	85-90	Green/red	4.5-5 x 4-4.5 in. (11-13 x 10-11 cm)
Red Knight F1 New! Now available as Ball Premier Line® coated seed. Vigorous, early-maturing variety is widely adapted throughout the northeastern U.S. Large to extra-large, thick-walled fruits. Resists Xanthomonas races 1 to 3.	65-70	Green/red	4.5 x 4.5 in. (11 x 11 cm)
Revolution F1 A Ball Ingenuity product, available exclusively through Ball Seed. New! Now available as Ball Premier Line® coated seed. Produces a concentrated set and good yields in cool weather. 4-lobed, blocky, thick walled. Tolerant of Phytophthora; Bacterial Leaf Spot Races 1, 2, 3, 5; Cucumber Mosaic Virus.	72	Green/red	4.75 x 4.5 in. (12 x 11 cm)
New Touchdown F1 A strong prolific plant with continuous setting ability and excellent cover. High yield potential of large to extra-large smooth fruit with thick walls and a uniformly blocky shape. High resistance to TMV: 0 and Xcv. 0-5, 7-9.	72-75	Green/red	3.75-4 x 3.75-4 in. (9.5-10 x 9.5-10 cm)
Wizard F1 Available as Ball Premier Line® seed. Produces well throughout Spring and Summer. High yields of blocky, smooth and 3 to 4-lobed fruit. Resists Bacterial Leaf Spot 1-3, PVY0, TmP0.	72-74	Dark green/ red	4.5 x 4 in. (11 x 10 cm)

4 x 3.75 in. (10 x 9.5 cm)

72-75

Green/red

Yolo Wonder Available as Ball Premier Line® seed. Firm, thick-walled.

SWEET NON-BELL PEPPER

Bananarama Exclusively Burpee! See page 220.			
Big Daddy Hybrid Exclusively Burpee! See page 220.			
Carmen F 1 Available as organic seed. Distinctive, tapered Italian bull's horn style fruit. Medium-thick. Very sweet raw or cooked. Earlier and more widely adapted than other Italian peppers. <i>All-America Selections National Winner</i> .	55-68	Green/dark red	6 x 2.5 in. (15 x 6 cm)
Cherry Pick F 1 High-yielding, easy-to-harvest sweet cherry good for pickling. Very uniform fruit with excellent flavor. Tobacco Mosaic resistant.	82-85	Dark green/ red	1.5 in. (4 cm) round
New Cornito Giallo F1 Available as organic seed. 2016 All-America Selections National Winner is a new class of pepper. Very early, sweet and attractive smaller version of Carmen and Escamillo, with similar maturity. Perfect for grilling and roasting, like its full-size counterpart.	55-75	Green/yellow	5 x 1-1.5 in. (11 x 2.5-4 cm
Costa Rican Sweet Hybrid Exclusively Burpee! See page 220.			
New Escamillo F1 Available as organic seed. 2016 All-America Selections National Winner has a gorgeous shape with similar lobed shoulders and a flavor that rivals Carmen. Wonderful sweet taste, early bearing and a compact habit.	60-80	Green/yellow	6 x 2-2.5 in. (15 x 5-6 cm)
Giant Marconi F1 High-yielding peppers resemble a Marconi/Lamuyo cross. Tapering, 2 to 4-lobed fruit on robust, 30-in. (75-cm) plants. Fleshy peppers have a sweet, smoky flavor; use fresh or cooked. Withstands cold, wet, drought. Resists Tobacco Mosaic, Potato Y. All-America Selections National Winner.	63	Green/red	8 x 3 in. (20 x 7.5 cm)
Gypsy F 1 Vigorous, continuous-fruiting plants bear an abundance of very sweet, wedge-shaped fruit. <i>All-America Selections National Winner.</i>	60-65	Yellow- orange/red	5 x 3 in. (13 x 7.5 cm)
Hungarian Cheese Pepper F1 Collection Resemble heirloom varieties, but perform like hybrids: early, high-yielding and disease-resistant. Crisp and sweet – use the flat-round, smooth, thick-walled peppers raw, pickled or baked with fillings. Very early-maturing plants set fruit continuously. • Orange You Sweet Green/orange. • Right On Red Green/red. • Yes to Yellow! Green/yellow.	65-68	See variety.	2 x 2.5 in. (5 x 6 cm)
New Lemon Dream F1 Exclusively Burpee! See page 220.			
Mama Mia Giallo F1 An early-maturing, sweet Italian type. Long, tapered fruits are easy to peel for fresh eating, grilling and roasting. Space-saving, compact and bushy plants. Tolerant of Tobacco Mosaic Virus. All-America Selections National Winner.	85	Green/bright yellow	7-9 x 1.5 in. (18-23 x 4 cm)
Melrose Italian frying pepper produces very sweet, flavorful, crimson red peppers early. Great fresh and grilled.	70	Green/red	4 x 2 in. (10 x 5 cm)
Mohawk F1 Sweet, orange pepper has a spreading, cascading habit that is good for hanging baskets and patio planters.	75	Green/orange	4-5 in. (10-13 cm) long
Pageant F1 Consistent yields of large, smooth, thick-walled yellow fruit.	55-60	Green/yellow	6-7 x 1-1.5 in. (15-18 x = 2.5-4 cm)

Light green/ red

8 x 1.5 in. (20 x 4 cm)

SWEET NON-BELL PEPPER continued	Days	Color*	Size (L x W)
Pimento Elite F1 Available as Ball Premier Line® seed. Good yields of heart-shaped, sweet, thick-walled fruit. Delicious flavor when roasted. Plants grow 20 to 24 in. (50 to 60 cm) tall.	72-75	Green/red	3 x 3.5 in. (7.5 x 9 cm)
Pretty N Sweet F1 The name says it all – it's equal parts ornamental and edible! Compact, 18-in. (45-cm) plants bear lots of colorful, sweet and mild, 1-oz. (28-g) peppers. It's so prolific, gardeners can harvest weekly in peak season for fresh eating and cooking. Resists TMV. All-America Selections National Winner.	60	Green/ tricolor	1-1.5 in. (2.5-4 cm) long
New Red Crest F1 Conical sweet peppers with medium-thick walls, sweet flavor and colorful presentation. Smooth peppers turn from green to red when mature. Plant has green stems, green leaves and white flowers. High resistance to PMV and TMV.	74	Green/red	6-7 x 2.4 in. (15-18 x 6 cm)
Sweet Banana (Sweet Hungarian) Available as Ball Premier Line® seed. Medium-thick walls. Banana type.	65-70	Yellow/red	6 x 1.5 in. (15 x 4 cm)
Sweet Savour F1 Exclusively Burpee! See page 220.			
Sweet Sunset F1 Plant produces long and tapered sweet banana peppers perfect for frying, pickling and fresh eating. Resistant to Bacterial Spot 0-3, 7, 8. All-America Selections Regional Winner (Southeast, Heartland, West/Northwest).	85	Yellow/ red	8 x 1.5 in. (20 x 4 cm)
New Takara A typical Shishito pepper with a small fruit and a mild, rich flavor. Compact plant has a spreading habit, short internodes, is well-branched and has high production potential. Uniformity is superior to O.P. strains. Peduncle holds well to the fruit. Early and prolific, with an extended harvest potential.	60	Green/red	3.5 x 1 in. (9 x 2.5 cm)
Tangerine Dream Exclusively Burpee! See page 220.			
Thunderbolt F1 Exclusively Burpee! See page 220.			
Tricked You F 1 <i>Meet the no-heat jalapeño!</i> Great for blending with hot varieties to customize the heat level in hot sauces and salsas. Resistant to Bacterial Spot 0-3, 7, 8.	90	Green/red	4.25 x 1.5 in. (10.5 x 4 cm)
New Yellow Crest F1 Conical sweet peppers have medium-thick walls, sweet flavor and bright color. Smooth peppers turn from green to yellow when mature. Plant has green stems, green leaves and white flowers. High resistance to PMV and TMV.	74	Green/ yellow	6-7 x 2.4 in. (15-18 x 6 cm)
Yellow Sparkler F 1 Elongated mini-peppers are sweet, firm and crisp – perfect for fresh snacking. The 20 to 24-in. (50 to 60-cm) plants work well in containers as well as beds.	65-68	Green/yellow	2-3 x 1.5 in. (5-7.5 x 4 cm)
ANAHEIM PEPPER	Days	Color*	Size (L x W)
Anaheim Available as Ball Premier Line® seed. Long, tapered fruit are flat, thickwalled and smooth. Mild pepper is good for roasting.	74-76	Green/red	5 x 3 in. (13 x 7.5 cm)

Biggie Chile F1 Vigorous, high-yielding variety bears large, flat, smooth-skinned 74-76 peppers that are thick-walled and pungent. Resists Tobacco Mosaic.

HOW HOT IS HOT?

We've ranked the taste of our hot peppers from hottest (5 flames) to mildly hot (1 flame). NOTE: Pepper pungency is about 10 times greater after drying. Also, peppers grown under stress and/or high heat and humidity will be hotter than hot peppers grown under moderate climatic conditions.

Super Chili F1 Available as Ball Premier Line® seed. Very productive, semi- compact plants produce upward-facing, cone-shaped chili peppers with a spicy flavor. Also good for ornamental use. All-America Selections National Winner.	75	Green/red	2.5 x 1.5 in. (6 x 4 cm)
Sweet Heat Part of the Burpee BOOST Antioxidant Collection. See page 216. A PanAmerican Seed product. Sweet-to-spicy variety can produce 65% higher vitamin C content than the average garden pepper.* Compact, bushy plants work well in gardens and large planters. *Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.	56	Green/red	3-4 x 1-1.5 in. (7.5-10 x 2.5-4 cm)

Apache F1 High-yielding, upright and compact, 16 to 18-in. (40 to 45-cm) plants are well-suited to patio planters. Produces high yields of small, hot-tasting fruit that are perfect for salsas.	75	Green/red	2-3 in. (5-7.5 cm) long
$\label{lem:cheyenne} \textbf{Cheyenne F}_1 \ \text{Large, hot, bright orange fruit grows on compact, cascading plants that are well-suited to baskets and planters.}$	75	Green/orange	4-5 in. (10-13 cm) long
Flaming Flare F1 Plant bears attractive, glossy red, triangular fruit that are perfect for chili sauces. Exceptional Fresno peppers are sweeter, larger and more prolific than similar types. All-America Selections National Winner.	76	Green/red	3.75 x 1.5 in. (9 x 4 cm)
Garden Salsa F1 Available as Ball Premier Line® seed. Moderately hot, tapered fruit has medium-thick walls. Tobacco Mosaic resistant.	73	Dark green/ red	8-9 x 1 in. (20-23 x 2.5 cm)
Gong Bao F1 Named for the popular Chinese dish, the slender, thin-walled peppers have a pungent flavor (3,000 to 6,000 Scoville units) and can be used fresh or cooked. Fruit is easy to dry and use throughout the year. Very productive, deep green-leafed plants set fruit continuously.	85	Green/red	3-5 x 0.5- 0.75 in. (7.5-13 x 1-2 cm)
Holy Molé F 1 Tapered, Pasilla-type peppers with distinctive, not-too-spicy flavor. Use fresh, cooked or dried. Resists Tobacco Mosaic. <i>All-America Selections National Winner</i> .	85	Green/brown	7-9 x 1.5 in. (18-23 x 4 cm)
Hot Portugal Sturdy, upright plants produce large, pointed fruit with a fiery hot flavor.	60-65	Green/bright scarlet	6-7 in. (15-17 cm) long
Hot Sunset F1 (Hot Banana) Easy to grow and colorful. Thick-skinned, moderately hot banana peppers are easy to stuff and great for frying. Resists Bacterial Spot 0-3, 7, 8 and TSWV. All-America Selections Regional Winner (Southeast, Heartland, Great Lakes).	85	Yellow/ red	7 x 1.25 in. (18 x 3.5 cm)
Hungarian Hot Wax (Hot Banana) Available as Ball Premier Line® seed. Early, medium thick-walled fruit.	65-70	Bright yellow/red	5.5 x 1.25 in (14 x 3 cm)
Mariachi F 1 Improved Santa Fe Grande type. Early, high-yielding. Mild, thick flesh is good fresh, roasted, picked. Widely adapted. Resists Tobacco Mosaic. <i>All-America Selections National Winner.</i>	66	Yellow/red	4 x 2 in. (10 x 5 cm)
New Pequin Wild ancestor to the domesticated pepper, this hot pepper's fruits grow erect from the top of the stems and they are very hot (above 30,000 Scoville Units). Good for ornamental use. Very prolific.	80-150	Green/red/ orange	2 x 2 in. (5 x 5 cm)
Red Cherry Hot-Large Available as Ball Premier Line® seed. Round fruit.	75-80	Green/red	1.25 x 1.5 in (3 x 4 cm)
Sweet Thing F1 Exclusively Burpee! See page 220.			
Tabasco Available as Ball Premier Line® seed. Green-leaf strain is best for the South/East.	80	Green/yellow	2 x 0.5 in. (5 x 1 cm)
Time Bomb Round to pointy hot cherry peppers are slightly less pungent than Cherry Bomb. Good for pickling.	65-70	Green/red	1.5 in. (4 cm diameter

HABANERO PEPPER

Burning Bush F 1 Wrinkled, lantern-shaped 'Chichen Itza'-type peppers are produced on early-maturing, sturdy and productive plants. Matures 15 to 25 days earlier than O.P. Habaneros. Resists Tobamo/PO.	85	Green/orange	3 x 1.5 in. (7.5 x 4 cm)
Habanero Orange Available as Ball Premier Line® seed. One of the hottest peppers available. Thin-walled fruit wrinkles at maturity.	95-100	Light green/ orange	1 x 1.5 in. (2.5 x 4 cm)
Habanero Red Available as Ball Premier Line® seed. Short, wrinkled green fruits on 14 to 18-in. (35 to 45-cm) plants turn red when mature and pack a searing heat.	95-100	Green/red	1.5 x 1 in. (4 x 2.5 cm)
Habanero Zavory Exclusively Burpee! See page 220.			
JALAPEÑO PEPPER	Days	Color*	Size (L x W)
Big Guy Jalapeño Exclusively Burpee! See page 220.			
Capsico F1 Pungent, very smooth, extra-large peppers are produced on big, vigorous plants. Widely adapted. Minimal corking and anthocyanin.	70	Dark green/ red	3 x 1.5 in. (7.5 x 4 cm)
Early Jalapeño Available as Ball Premier Line® seed and as organic seed. Early, thick-walled peppers on very productive plants.	80	Green/red	2-3 x 1.5 in. (5-7.5 x 4 cm)
Emerald Fire F1 A dream for grilling, roasting and salsa, with the mega- Jalapeños giving more bang from every fruit. Excellent fruit quality with thick walls and very little cracking. Resists Bacterial Spot 0-3, 7, 8. All-America Selections National Winner.	90	Green/red	4 x 1.5 in. (10 x 4 cm)
New Felicity F1 A Jalapeño-type hybrid that is heatless, this medium-early variety has a continuous fruit set that results in potentially high yields with large fruit. Plant habit is semi-upright and medium strong. Large fruit has a thick wall and no pungency.	72	Green/red	4 x 0.75 in. (10 x 2 cm)
Jalafuego F 1 Large, strong plants bear super-pungent peppers (4,000 to 6,000 Scovilles). Extra-long length is suited to growing conditions that can cause fruit to shorten.	70	Dark green/ red	3.5-4 x 1.75- 2 in. (9-10 x 4.5-5 cm)
Jalapeño Gigante Exclusively Burpee! See page 220.			
Jalapeño M Available as Ball Premier Line® seed. Pungent, sweet-hot peppers deliver flavor and heat! Thick-walled fruits grow on vigorous, 26-in. (65-cm) plants.	75-80	Green/red	3 x 1.5 in. (7.5 x 4 cm)
La Bomba F1 A PanAmerican Seed product. New! Now available as Ball Premier Line® coated seed. Sturdy, upright plants have a dense canopy and deliver continuous yields of large, medium-hot peppers. Fruit has thick walls and little to no checking. Resists Potato Virus Y.	56	Dark green	2.75 x 1 in. (6.5 x 2.5 cm)
Spicy Slice F1 Extra-large peppers are good for cutting into uniform, bite-sized rings with good flavor and medium pungency. Vigorous, prolific plants have good cover and are widely adaptable. High resistance to bacterial spot.	65	Green	4-4.75 x 0.75- 1 in. (10-12 x 2-3 cm)
SERRANO PEPPER	Days	Color*	Size (L x W)
New Flaming Jade F1 2016 All-America Selections Regional Winner (Heartland, Great Lakes) has an upright, uniform habit that makes it perfect for larger containers. Each plant is laden with large, long, firm fruit throughout the entire growing season, especially in the cooler climates of North America. Disease resistance to X3R, TMV PO, Nematodes.	105	Green	4 x 1 in. (10 x 2.5 cm)
Serrano Available as Ball Premier Line® seed.	85-90	Bright green/ red	1-2 x 0.5 in. (2.5-5 x 1 cm)

TOMATO

All tomatoes are sold as defuzzed seed. Many tomatoes are also available as easy-to-sow Ball Premier Line® seed. Growth:

I: Indeterminate (pole or stake type). Blossoms and fruit develop progressively, and the harvest lasts several months; best when staked.

D: Determinate (bush type). Blossoms and fruit develop on the vine at the same time. The harvest time is short – 7 to 10 days. Plants are self-topping and seldom need staking; best when caged.

Disease Tolerance:

V: Verticillium F: Fusarium Wilt Race 1 F1&2: Fusarium Wilt Races 1 & 2

N: Nematodes

T: Tobacco Mosaic Virus

Beefmaster F1 Available as Ball Premier Line® seed. Good-flavored	81	12-16 oz.
Ball's Beefsteak F1 A Ball Ingenuity product, available exclusively through Ball Seed. Available as Ball Premier Line® seed. Easy to manage; very short internodes on compact plants. Uniform shoulder color and consistently good taste. Grow staked, caged or as a bush type.	72	10-14 oz. (284-397 g)
BEEFSTEAK TOMATO	Days	Size

Tidy Treats is good in small-space gardens and containers, but unlike other patio types, it continues to bear red cherry tomatoes all season.	50-55	0.75-1 in. (2-2.5 cm)	I	VF
Tomatoberry Garden F 1 Unique 1-in. (2.5-cm), strawberry-shaped fruits have a super-sweet taste and aroma. Produces high yields of shiny, deep red, one-bite fruit.	80	0.5 oz. (14 g)	I	FNT
Topsy Tom F 1 A PanAmerican Seed product. Perfect for "upside-down" tomato planters as well as traditional containers and gardens. Solid plants with pliable stems produce high, early yields of bite-sized tomatoes with big flavor.	50	0.6 oz. (16.7 g)	Semi-D	-
Tumbler F1 A PanAmerican Seed product. Available as Ball Premier Line® seed. Cascading plants are ideal for hanging baskets and containers. Prolific plants produce up to 6 lbs. (2.7 kg) of 1.25-in. (3-cm), cherry-type tomatoes that are very sweet and tasty.	49	1 oz. (28 g)	Semi-D	-
Tumbling Tom Red Available as Ball Premier Line® seed. Cascading variety trails up to 18 in. (45 cm). High yields of sweet, 1 to 2-in. (2.5 to 5-cm), red cherry tomatoes on very well-branched plants.	75	1 oz. (28 g)	D	-
Tumbling Tom Yellow Cascading plants produce high yields of very sweet, 1 to 2-in. (2.5 to 5-cm), yellow cherry tomatoes. Good for hanging baskets and patio planters.	75	1 oz. (28 g)	D	-
Yellow Pear (Cherry Yellow Pear) Available as Ball Premier Line® seed and as organic seed. Small, pear-shaped tomatoes. Tolerates Alternaria.	78	1 oz. (28 g)	D	FT
HEIRLOOM MARRIAGE™ F1 TOMATO COLLECTION	Days	Size	Growth	Disease Tolerance

A PanAmerican Seed product. Heirloom Marriage varieties cross two heirlooms to create a tomato that is much higher yielding and earlier maturing than their heirloom parents, with all of the great flavor and fewer blemishes.

12-15 oz. (350-425 g) $\textbf{Big Brandy F}_{1} \text{ Pink beefsteak is a cross of Big Dwarf and Brandywine}.$ 75-80

HEIRLOOM MARRIAGE™ F1 TOMATO COLLECTION continued	Days	Size	Growth	Disease Tolerance
Cherokee Carbon F 1 Robust purple beefsteak with rich flavor is a cross of Cherokee Purple and Carbon.	75-80	10-12 oz. (280-350 g)	I	_
Genuwine F 1 Slicer is a cross of Costoluto Genovese and Brandywine. Ready to harvest 12 to 19 days earlier than heirloom Brandywine.	70-75	10.5-11.5 oz. (300-330 g)	I	-
Jersey Boy F1 Exclusively Burpee! See page 223.				
Marzinera F1 Red roma/paste tomato produces large yields of meaty fruit that are great for cooking. A cross of San Marzano and Cream Sausage.	70-75	2-3 oz. (55-85 g)	I	-
Perfect Flame F1 Saladette variety is a cross of Peron and Flamme.	65-70	3.5-4 oz. (100-125 g)	I	-
HEIRLOOM TOMATO	Days	Size	Growth	Disease Tolerance
Beefsteak Available as organic seed. Large, flat, globe-type slicing tomato has light red skin and very meaty, juicy flesh. Very productive.	75-80	10-16 oz. (284-454 g)	1	-
Big Rainbow Available as organic seed. The 6-ft. (1.8-m) plants produce huge, rib-shouldered golden fruit with streaks of red running through the superbly flavored flesh.	80-102	Up to 2 lb. (0.9 kg)	I	-
Black Krim Available as organic seed. Flattened, dark red-purple fruit with delicate skin, green shoulders. Very juicy, green-tinted flesh. Must be staked or caged.	69-90	8-12 oz. (227-340 g)	I	-
Black Prince Available as organic seed. Flavorful, mahogany brown tomatoes become orange-red at blossom end. Deep color in sunnier locations. Less cracking than other heirlooms.	74	3-5 oz. (85-142 g)	I	_
Brandywine Pink Potato Leaf New! Now available as Ball Premier Line® coated seed. An heirloom classic since 1885. Large, sweet, red-pink fruits set one or two per cluster on upright plants.	88	1-2 lb. (0.4-0.9 kg)	ı	NT
Brandywine Red Potato Leaf Available as Ball Premier Line® seed. Flat, globe-type tomatoes have reddish-pink skin and very tasty red flesh. Higher yielding in cooler weather.	75-80	10-16 oz. (284-454 g)	I	_

HEIRLOOM TOMATO continued	Days	Size	Growth	Disease Tolerance
Cherokee Purple New! Now available as Ball Premier Line® coated seed. Produces dusky pink-skinned fruit with dark shoulders on short vines. Flavorful flesh ranges from purple to brown to green.	72-90	10-12 oz. (284-340 g)	I	-
Delicious Produces huge, oblate-shaped tomatoes with delicious flavor. Smooth and crack-resistant.	77	Up to 1 lb. (0.4 kg)	I	_
Gardeners Delight Available as organic seed. Vigorous vines bear very sweet, bright red, crack-resistant fruit in clusters of 6 to 12 until frost. Best if staked.	50-80	0.3-0.5 oz. (8.5-14 g)	I	-
New German Johnson Potato Leaf One of the parent lines of legendary Mortgage Lifter, this pinkish-red, nearly seedless variety thrives in hot, humid areas. Large-lobed fruits have mild, meaty flesh and are good for slicing and canning.	76-80	1-2 lb. (0.4-0.9 kg)	I	-
Great White Available as organic seed. Meaty, creamy textured fruit has few seeds and a mild, non-acidic taste. Less "viney" and earlier than other whites.	75-85	10-12 oz. (284-340 g)	I	-
Heirloom Rainbow Blend Available as Ball Premier Line® seed. Eight popular heirloom varieties in a range of fruit colors/shapes/size. Includes Mortgage Lifter (pink), Brandywine Red, Kellogg's Breakfast (orange), Aunt Ruby's German Green, Black Krim, Yellow Brandywine, Big Rainbow (bicolor) and Great White.	80-100	Asst.	I	-
Jubilee Available as Ball Premier Line® seed. Round, smooth, golden orange fruit is meaty with few seeds, mild flavor and low acidity. Resists Alternaria.	80	8 oz. (227 g)	1	-
Manitoba Available as Ball Premier Line® seed. Non-staking bush-type produces smooth, firm and bright red fruit. Very productive. Developed for the Canadian prairies – well-suited to high altitudes and northern locations.	58-80	6 oz. (170 g)	D	VF

dependably productive.

TERMS & **CONDITIONS OF SALE**

Visit ballseed.com for current Terms & Conditions of Sale.

Note: Ball Terms & Conditions of Sale are country/region specific. The following Terms & Conditions of Sale apply to product sold within the United States and Canada.

Acceptance of Terms

These terms and conditions shall govern orders for seeds, bulbs, plants, supplies and other materials (merchandise) placed with Seller. All negotiations with sales representatives or other agents of Seller are merged herein. No modification of these terms and conditions shall be effective unless in writing signed by Seller. Placement of the order shall constitute Purchaser's acceptance of these terms and conditions. All orders are subject to acceptance by Seller at our offices in West Chicago, Illinois.

Limitation of Warranty

Seller warrants, to the extent required by law, that merchandise conforms to the description appearing in Seller's catalog and on container labels, within recognized tolerances. SELLER MAKES NO OTHER OR FURTHER WARRANTY, EXPRESS OR IMPLIED. ALL OTHER OR FURTHER WARRANTIES. INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Certain merchandise may be separately warranted by the manufacturer. Seller does not adopt or ratify any manufacturer warranties, express or implied, and Seller shall have no liability thereunder. Seller does not adopt or ratify any manufacturer warranties, express or implied, made by Purchaser upon resale of the merchandise, and Seller shall have no liability thereunder.

Limitation of Remedy

PURCHASER'S SOLE AND EXCLUSIVE REMEDY SHALL BE REFUND OF THE PURCHASE PRICE. SELLER'S LIABILITY, WHETHER FOR BREACH OF CONTRACT. BREACH OF WARRANTY, NEGLIGENCE, PRODUCTS LIABILITY OR ANY OTHER THEORY OF LIABILITY, IS LIMITED TO THE AMOUNT OF THE PURCHASE PRICE UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE, OR FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

Excluded Use

Merchandise is not intended for immediate or eventual sale to commercial growers. truck farmers, market gardeners or others who sell fruit or vegetables to the end user.

Mandatory Arbitration

ANY CLAIM WHICH PURCHASER MAY HAVE AGAINST SELLER ARISING OUT OF OR RELATING TO THE SALE OF THE MERCHANDISE SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, SAID ARBITRATION TO BE VENUED IN COOK OR DUPAGE COUNTIES, ILLINOIS. The laws of several states require arbitration, conciliation or mediation of disputes involving allegedly defective seed before legal action may be taken. Purchaser should contact the State Department Of Agriculture for information. Such laws typically require that a complaint be filed with the State Department Of Agriculture in time to permit inspection of the seed, crops or plants. If such a complaint is filed, a copy must be sent to Seller by registered or certified mail

Governing Law, Jurisdiction & Venue

The laws of the State of Illinois, including but not limited to the Uniform Commercial Code as adopted therein, shall govern all matters arising out of or relating to Seller's sale of merchandise. ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARRITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

Indemnity

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms and Conditions of Sale.

Prices

All prices are subject to change without notice. The price in effect at time of shipment will prevail. Prices do not include installation; Seller takes no responsibility, and shall have no liability for installation. Requests to package seed in unlisted sizes will incur a charge of \$0.75 per packet. Additional processing and handling charges may be added.

Payment

Payment is due in invoiced currency and in accordance with the terms specified on invoice. In the event of default in the payment of any amount when due, and in addition to all other rights and remedies available to Seller, SELLER SHALL BE ENTITLED TO COLLECT A LATE CHARGE OF 2% PER MONTH (24% PER YEAR) OR THE MAXIMUM BATE ALLOWED BY LAW, WHICHEVER IS LESS, ON ALL AMOUNTS PAST DUE FROM THE DATE DUE UNTIL THE DATE PAID. A FEE OF \$25.00 WILL BE CHARGED FOR ANY RETURNED CHECK, DECLINED EFT TRANSACTION OR DECLINED BANKCARD TRANSACTION.

Freight & Handling Charges, Inspection, Damaged Goods

The freight and handling charge on Purchaser's invoice covers shipment of the merchandise to Purchaser's destination, and replacement or credit for damaged merchandise if the steps listed here are followed. PURCHASER WILL NOT REFUSE OR RETURN GOODS, OR THE RIGHT TO FILE A CLAIM IS LOST AND PURCHASER WILL STILL BE LIABLE FOR THE MATERIAL AND THE FREIGHT. When Purchaser receives shipment: 1) Count all cartons, 2) Inspect all cartons for external damage. 3) Check for open or resealed cartons. 4) Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier's representative must also sign the receipt. 5) Open all boxes immediately and inspect for damage due to weatherrelated issues, such as scorched, frozen or broken plants; material shortages; etc. NOTIFY SELLER IMMEDIATELY IF A SHIPMENT IS DAMAGED. Call the Ball Traffic Department at 800 879-BALL to report the damage and receive details on what is needed to file a claim.

Cancellation Policy

Cancellations for unrooted cuttings must be received at least 30 days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date.

Notice & Return

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after such defect is or should have been discovered. No merchandise may be returned without Seller's prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller's shipping instructions with freight paid by Purchaser. All requests for return of merchandise must be made to Ball at 800 879-BALL. The Purchaser will also be asked to provide a letter stating the reason for the return. The order number or invoice number must accompany the return in order to expedite the credit. NOTE: No seed will be accepted without prior notification to Ball at 800 879-BALL. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued.

For all customers in the United States, a FedEx call tag will be issued upon authorization of return. There is a \$10.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within thirty one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed. No credit or replacement will be given for seed returned after sixty one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.

Delays, Shortages & Substitutions

Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available.

Plant Protection

Varieties described herein may be protected by United States Plant Variety Protection, United States Plant Patents, Utility Patents, and/or Plant Breeders' Rights. Many of the varieties are also protected by the Flowering-Only License Agreement as well as registered with the Canadian Ornamental Plant Foundation. These varieties may not be reproduced without authorization. The breeder or authorized representative has the right to inspect customer's nurseries during normal business hours to assess compliance with the restrictions on use of protected varieties.

Trademarks

Trademarks are the property of Ball Horticultural Company, unless otherwise indicated.

Sales Limitations

THE COMPANY'S PRODUCTS MAY NOT BE SOLD, DIVERTED, TRANSFERRED OR RE-EXPORTED, DIRECTLY OR INDIRECTLY, TO ANY INDIVIDUAL, ENTITY, OR DESTINATION THAT IS SUBJECT TO UNITED STATES OR UNITED NATIONS SANCTIONS PROGRAMS OR EMBARGOS (INCLUDING BUT NOT LIMITED TO OFAC SANCTIONS PROGRAMS AND THOSE LISTED ON OFAC'S "SPECIALLY DESIGNATED NATIONALS" LIST) WITHOUT AN APPROPRIATE EXPORT LICENSE.

Notice Regarding Seed-Borne Diseases Seller makes no representation regarding the freedom from seed-borne diseases of the seed sold and disclaims any

liability relating to such diseases, whether previously known to exist or not identified until this seed is grown.

WORK FASTER & EASIER...FOR FREE!

PUT NEW CUTTING-EDGE DIGITAL TOOLS FROM BALL SEED TO WORK 24/7

FOR GROWERS

Keep your business running like clockwork and save time with **WebTrack®**, the industry's only single-source site. Access up-to-the-minute inventory on tens of thousands of products from 225+ suppliers. Use the "BUY NOW" button to add products to your cart in seconds. Track shipments to plan labor and scheduling. Organize your documents. (ballseed.com/webtrack)

FOR GROWERS

Order, find photos and info, and get shipment tracking and status with the new WebTrack To Go™ mobile app...anywhere, anytime. (webtracktogo.com)

FOR GROWERS

An industry first...the **gro-getter® mobile app** is take-it-with-you plant info, photos and culture for any crop in our catalogs. (grogetterapp.com)

FOR GARDENERS

Whether they want to show off their plants, or find something that will work in their garden... the **Growlt!® mobile app** has something for every type of gardener. (growitmobile.com)
