LaRita Yellow Argyranthemum

MegaCopa Pink Improved Bacopa

MegaCopa Pink Shine Bacopa

MegaCopa Pink Shine Bacopa

AGERATUM

Aguilera™ Series

Earlier and uniform series has long-lasting flowering, heat tolerance and good garden performance.

- Dark Pink
- Sky Blue
- White Improved

Danziger

ANGELONIA

Archangel™ Coral

The biggest blooms of any angelonia series! Uniform habit and flowering time; excellent branching; thrives in extreme weather conditions.

Ball FloraPlant®

ARGYRANTHEMUM

Angelic™ Sweets

Shows several colors on one plant! Looks like a mix, but is grown like a mono.

Danziger

LaRita™ Yellow

Early-flowering, well-branched, uniform series offers a large variety of standard and novelty colors to brighten up gardens and containers.

Selecta One®

Sunny Spring™

Very early compared to competing yellow varieties; long-lasting blooms look great in containers.

Danziger

ARTEMISIA

FanciFillers™ Sea Salt

Fine-textured, silver foliage with a mounding, trailing habit; a heat and drought-tolerant plant for the edge of containers.

Westhoff

BACOPA

MegaCopa™ Series

Well-branched habit and superior heat performance keep the largest blooms on the market flowering all Summer long.

- Pink Improved
- Pink Shine

Ball FloraPlant®

Scopia® Gulliver White Improved

More branched than original White, with a fuller look in baskets and combos.

Danziger

Versa Blue Bacopa

Versa Pink Shine Bacopa

BeLove Cherry Begonia

BeLove Peach Begonia

BACOPA continued

Snowstorm® Glacier Blue™

Good heat tolerance and vigor keeps this plant in bloom all Summer long.

Proven Winners

Versa™ Series

Semi-upright, non-tangling series offers more flower cover in quarts and 4-in. (10-cm) pots.

- Blue
- Pink Shine

Ball FloraPlant®

BEGONIA

BeLove Series

Produces huge 2.5-in. (6-cm) single flowers with yellow centers and offers great outdoor shade performance.

- Cherry
- Peach
- Pink

Koppe

Betulia Series

Compact habit with extremely durable foliage and excellent branching. Blooms continuously from Spring through frost; superior weather tolerance.

- Bright Pink
- Candy Pink
- Light Pink
- Red

Ball Ingenuity™

Dragone Sunset

Features dainty, shell pink, frilly flowers with white overtones and gold eyes at the ends of the stems from mid-Spring to mid-Fall.

Dümmen Orange®

Move2 Series

New breeding in the *elator* type has larger flowers that sit on top of the foliage.

- Joy Pink
- Joy White
- Passion Red

Dümmen Orange®

Rhine Borias

Gorgeous double flowers on shiny dark foliage with a mounded and sturdy habit; is an excellent thriller component in any combination.

Hot Sugar Gold Bronze Garden Mum

Kizzmet Golden Yellow Garden Mum

Mumma Mia Red Garden Mum

Skye Pink Garden Mum

GARDEN MUM

Hot Sugar Gold Bronze

Golden bronze to orange-yellow (color is more orange in cooler temps). Late flowering with good keeping quality. Mounded growth habit is good for landscapes.

Available exclusively through Ball Seed.

Kizzmet Golden Yellow

Warm golden yellow color is nice for Fall. Early flowering with very good keeping quality. Did not show heat delay. Mounded growth habit is good for landscapes.

Available exclusively through Ball Seed.

Mumma Mia Red

Mounded growth habit is good for landscapes. Striking, mid-season red shows heat tolerance and good keeping quality. Did not show heat delay.

Available exclusively through Ball Seed.

Skye Pink

Produces bright, two-tone dark pink flowers mid-season with a very uniform growth habit. Mounded growth habit is good for landscapes. Excellent keeping quality.

Available exclusively through Ball Seed.

Trickster Golden Bronze

Mid-season, golden yellow to orange-bronze blooms (color is more golden in high heat). Good keeping quality. Did not show heat delay. Mounded growth habit.

Available exclusively through Ball Seed.

Whispered Lavender Pink

Strong, mid-season, vibrant, dark lavender-pink blooms. No noticeable heat delay. Has a uniform, mounded habit. Excellent keeping quality.

Available exclusively through Ball Seed.

Zuma Orange

Striking, early-flowering, orange blooms with a darker, deep warm center. Very good keeping quality with limited fading. Did not show heat delay. Mounded growth habit.

Available exclusively through Ball Seed.

HELIANTHUS

Suncrédible™ Yellow

Blooms continuously from Summer through Fall on large, uniform, well-branched plants. This vigorous, multiflora sunflower makes an outstanding focal point in containers and landscapes, and it has high resistance to powdery mildew as well.

Proven Winners

Series features both palmate and heart leaves on plants with a naturally compact habit and tight internode structure for small pot and combination plantings.

- Splash Green
- Splash Purple

Green Fuse

ISOTOMA**Patti's Pink™**

Produces star-shaped, pink flowers atop a dense mound of finely textured, green foliage all season; it does not require vernalization to bloom, and offers heat and drought tolerance.

Proven Winners

JAMESBRITTENIA**Goldstar™**

Offers enhanced resistance to foliage disease along with heat tolerance; features bright yellow blooms and a trailing habit that is perfect for combos.

Danziger

Bandolero Red Lantana

Bloomify Mango Lantana

Hot Blooded Red Lantana

LANTANA

Bandana® Landscape Series

Spreads up to 3 ft. (0.9 m), maximizing landscape coverage and color; big, bright blooms put on a nonstop show all Summer long.

- Clementine
- Lemon Zest Improved

Syngenta

Bandana® Mango

Features the biggest flowers in the widest range of colors available, with a mounded, upright habit that ensures constant coverage of color; heat and drought tolerant for Summer landscapes.

Syngenta

Bandito™ Yellow

Intense colors in a tidy package are perfect for packs and qt. (11-cm) containers; the perfect pop of color for mixed combinations that won't dominate other components.

Syngenta

Bandolero™ Series

Large blooms are paired with vigorous habits for showstopping performance; ideal for northern regions that need more vigor and southern growers that want big and bold containers.

- Cherry Sunrise
- Guava
- Pineapple
- Pink
- Red
- White

Syngenta

Bloomify™ Mango

The first certified sterile lantana series on the market – won't go out of flower in the heat of Summer. Better branching than the competition; nice ball-shaped habit.

Ball FloraPlant®

Hot Blooded™ Red

Naturally well-branched with more vigor than Bandana, making it a great choice for gardens across the country; medium-sized flowers have amazing color coverage.

Syngenta

Lucky™ Peach

Excellent branching; stands up to heat, drought and other stressful conditions. Works well in small pots, baskets and mixed combos.

Ball FloraPlant®

Luscious® Goldengate™

Features a large, densely branched, upright habit with nonstop blooming all season long without deadheading, as it sets little to no seed.

Proven Winners

LAVENDER

Javelin Forte™ Rose Improved

Large, brightly colored blooms are held on a strong, well-branched habit; Spanish lavender offers exceptional disease resistance.

Syngenta

LOBULARIA

Easy Breezy™ Purple

Series features excellent branching and 2 to 3 weeks longer flowering in the heat; medium, non-split habit.

IMPATIENS

Beacon™ Series

This new series exhibits high resistance to the currently known and widely prevalent populations of *Plasmopara obducens*, which cause Impatiens downy mildew. With a plant structure, flowering time, flower size and crop culture that is similar to Super Elfin, Beacon is easy to incorporate into production planning and offers fast-filling, season-long color for the shade.

AFRICAN MARIGOLD

Big Duck Series

Natural, semi-dwarf, heat-tolerant series with huge double flowers is beautiful as a single variety or grouped in large pots, beds and landscapes, offering a spectacular "carpet-like" view.

- Gold 2019 All-America Selections National Winner.
- Orange
- Yellow

Inca II Deep Orange

Well-branched, intermediate-sized plants with large double blooms meet the market demand for showy, retail-ready containers. Tight, double deep orange flowers do not fade in high light.

Little Duck Series

The most compact, natural dwarf marigolds available today. Tidy plants have bright, fully double, tube-shaped petals on top of dark green foliage.

Akila Sunset Shades Osteospermum

Cool Wave Raspberry Swirl

Cool Wave Strawberry Swirl

PANSY

Cool Wave® F1 Series

The best-performing spreading pansy series has added two new bicolor varieties that both show more rose or pink colors in cool-season (Spring) production, and more yellow in the flower face in warmer production (Fall).

- Raspberry Swirl
- Strawberry Swirl

Delta™ Premium Lavender Blue Shades F1

The most uniform growing and flowering pansy series for Spring or Fall includes a new variety that offers earlier flowering, with brighter colored shades and a more compact and branching 'premium' habit that requires fewer PGRs.

Delta™ Speedy Purple

New addition to the efficient series provides a deep violet-blue color, with programmable, early flowering even under short days.

Freefall® F1 Series

Two new colors and two new mixes join the series that is the grower's choice for Spring and Fall baskets! Freefall comes in a wider range of colors and produces flowers all over the plant.

CYCLAMEN

Halios® HD Bright Purple

High-density series provides large flowers with a rounded, compact habit and stable, vivid color on short stems. Optimum choice for Fall; Bright Purple replaces DHIVA Purple.

Available exclusively from Ball Seed.

Halios® Lilac

This large-flowered series is ideal for large pot sizes. It features attractive complementary colors on a strong plant habit with generous, centered flowering.

Available exclusively from Ball Seed.

Halios® Select Litchi Rose

Rose-tone flowers with a delicate lighter rim contrast nicely with small leaves. Big blooms and abundant flowering work well in large pots. Easy-to-grow, rounded plants; very long shelf life.

Available exclusively from Ball Seed.

Indiaka® Series

Originality in a midi type. Generous, long-lasting blooms have a two-tone color that changes depending on the environment; best for 4 to 6-in. (10 to 15-cm) pots.

- Bright Purple
- Magenta
- Rose
- Salmon

Sun-Fill Purple

Headstart Cabbage

Twister Cauliflower

Duquesa Carrot

Flame Star Cauliflower

BRUSSELS SPROUTS

Redarling F1

Produces high yields of beautiful reddish-purple, medium-sized buttons that are mild tasting, firm and well filled.

CABBAGE

Early Jersey Wakefield

Quickly produces large, dense, elongated 7-in. (18-cm) heads, with a distinctly sweet flavor that is ideal for eating raw in salads and slaws, cooking or pickling.

Headstart F1

Quick to mature at 60-70 days from transplant, the new cabbage features bright green, round/slightly flattened heads; best used fresh for slaw, sauerkraut or slow cooking.

Late Flat Dutch

Known for its solid head and excellent flavor, Late Flat Dutch is a late-season cabbage with excellent flavor. Heads form up to 12 in. (30 cm) and weigh as much as 15 lb. (7 kg).

CARROT

Duquesa

Nantes type has excellent top strength with a very smooth exterior and a vibrant interior and exterior color; excellent flavor and crisp texture.

CAULIFLOWER

Flame Star

Stunning pastel-orange heads are ideal for the specialty color market; widely adaptable with uniform maturity and consistent performance, even under heat stress.

Twister F1

Heads are tight, heavy and bright white with a spiraling internal wrap; mid-maturing with very uniform harvests and near perfect appearance when grown in a slot (Spring or Fall in most regions).

SWEET CORN

Silver Queen

Popular late-season variety produces large, 8 to 9-in. (20 to 23-cm) long ears, with 14 to 16 rows of white kernels; plants grow to 8 ft. (2 m).

Mexican Sour Gherkin Cucumber

Newton Basil

Everleaf Emerald Towers Basil

COLLARDS**Morris Heading**

An old-time favorite with broad wavy leaves on tall, fast-growing plants that reach 24 to 36 in. (61 to 91 cm) tall.

Top Bunch 2.0 F1

An early maturing hybrid that resembles Top Bunch, with wavy, lightly savoyed leaves that regrow quickly after harvest.

Vates

A classic collard with flattened, deep green leaves and a sweet, satisfying flavor.

CUCUMBER**Mexican Sour Gherkin**

Native to Central America and Mexico, it features vigorous vining plants loaded with 1-in. (3-cm) miniature watermelon-like fruits that are sweet and almost salty.

Telegraph Improved

Produces excellent yields of 15 to 18-in. (38 to 46-cm) long, dark green, burpless cucumbers that stay crisp and fresher longer than other varieties.

HERB BASIL**Everleaf Emerald Towers**

Flowers up to 10 to 12 weeks later than standard basil, with a traditional Genovese flavor that's perfect for eating fresh; well-branched variety with short internodes makes a beautiful columnar plant with huge harvest potential.

Newton

A fast-growing variety with a traditional Genovese flavor and large, bright green, crinkled leaves that do not have a licorice aftertaste; features high resistance to fusarium.

Rutgers DMR Series

New series offers resistance to downy mildew.

- Devotion
- Obsession
- Passion

Mardi Gras Fun Orange Snack Pepper

Mardi Gras Fun Red Snack Pepper

Jalapeño Gigante II Jalapeño Pepper

KOHLRABI**Vienna Series**

Has a mild turnip-cabbage flavor; leaves are eaten like kale and white-fleshed bulbs are eaten like broccoli.

- Purple
- White

MELON**Dulce Nectar F₁**

An early and late-season honeydew with a round-oval shape and dense, light green flesh with a medium-closed cavity.

ONION**White Grano**

Mild-flavored white onions; plants heartily produce large bulbs with low pungency.

Yellow Granex F₁

One of the sweetest, most versatile onions around, these large, yellow globes are packed with flavor.

Yukon F₁

Easy-grow bulbs have a bright white interior and firm brown scales (exterior wrapping) for great storage potential; a long-day Spanish type with late maturity about 125 days from direct seed.

HOT PEPPER**Shishito**

Mild Japanese, 3-in. (8-cm) peppers for roasting (blistering), pan-frying, tempura and grilling; the thin walls blister easily, taking on a distinct rich flavor that is delicious when sprinkled with salt and lemon juice.

JALAPEÑO PEPPER**Jalapeño Gigante II**

One of the largest jalapeños, these peppers measure as long as 5 in. (13 cm) and are perfect for salsa or stuffing.

SNACK PEPPER**Just Sweet**

A unique snacking pepper with four lobes like a larger bell pepper, only smaller; deliciously sweet with nice, thick walls. *2019 All-America Selections National Winner.*

Mardi Gras Fun F₁ Series

The perfect snack-sized peppers feature eye-catching colors that beg to be eaten; all colors can be grown together in one large container for a fun patio display.

- Orange
- Purple
- Red

Just Sweet Snack Pepper

Orange Marmalade Sweet Bell Pepper

SWEET BELL PEPPER

Orange Marmalade F₁

An easy addition to any home garden, with high yields of sweet and flavorful medium-sized bell peppers that ripen from green to orange; offers resistance to Bacterial Leaf Spot Races 1-3, 7 and 8, plus Tobacco Mosaic Virus.

Red Standard F₁

Very early maturing variety is widely adaptable for cool-to-warm growing conditions; quick to mature to red under warm-to-hot temperatures.

SWEET PEPPER

Greek Pepperoncini

Heirloom variety from Greece is prized for its mild, sweet flavor that's perfect for pickling or fresh use; matures 65 days from transplant.

POTATO

Clancy

Produces compact and healthy dark green plants with blue flowers; resulting potatoes are a beautiful ornamental mix ranging from red to rose blush skin tones with interiors of creamy-white and yellow. *2019 All-America Selections National Winner.*

SQUASH

Lemon Drop

Small, lemon-shaped fruits bring a new look and flavor to the table! Unique, creamy-yellow squash can be picked at a very young stage, and is ideal for fresh eating, sautéed or grilled.

Lemon Sun F₁

Vigorous and strong bush plant habit produces exceptional yields of uniform, yellow, scalloped, disc-shaped fruit with no green on the blossom end; sweet and tender patty pan squash can be harvested from baby with the flower attached to full size.

An improvement over Pink, this vigorous plant produces abundant apple blossom flowers and aromatic fruit throughout the Summer; produces mid-sized, deep red berries.

Summer Breeze Rose F₁

Rose-shaped double flowers are real eye-catchers! Flower color is brighter and longer lasting than the single blooming counterparts, but blossoms still produce medium-size, conical, deep red fruit.

SWISS CHARD**Fordhook Giant**

A fast-growing variety featuring white petioles with large, semi-savoy, green leaves; bolt tolerant with an upright plant habit.

Red & White Mix

Swiss chard Ruby Red with apple-red stalks and crinkly, dark green leaves is delightful mixed with White Giant's thick white stalks; very ornamental in vegetable beds and pots.

Rhubarb

Features dark red petioles and dark green, savoy leaves, with an upright plant habit and a moderate bolt tolerance.

Silverado

A slow growing Swiss chard with white petioles paired with dark green, glossy leaves; bolt tolerant with an upright plant habit.

Fordhook Giant Swiss Chard

Silverado Swiss Chard

Rhubarb Swiss Chard

BEEFSTEAK TOMATO**Henderson's Pink Ponderosa**

Indeterminate plant produces high yields of 1 to 2-lb. (0.5 to 1-kg), pinkish-red beefsteak tomatoes that are very sweet, meaty, juicy and almost seedless.

Mountain Rouge F₁

Indeterminate plant produces beefsteaks with excellent flavor and offers resistance to verticillium, fusarium, nematodes and late blight. 2019 All-America Selections Regional Winner.

SALADETTE TOMATO**Invincible F₁**

Stands up to Summer heat, rain and late blight, maturing early and continuing to set uniform fruit throughout the season on vigorous, mid-size, determinate plants.

SLICER TOMATO**Florida Hybrid 91 F₁**

Produces extra large, 10-oz. (283-g), smooth, round tomatoes. Strong, healthy vines are determinate and have heat-set capabilities and resistance to alternaria and gray leaf spot.

Grand Slam F₁

Grand Slam hits it out of the park, producing high yields of large, great-tasting slicer tomatoes all Summer long. Determinate plant offers high resistance to fusarium 0,1 (Fol), verticillium, nematodes and tomato spotted wilt virus.

Heatmaster

Determinate hybrid, heat-tolerant plant produces oblong fruits perfect for salads. Offers resistance to alternaria stem canker, gray leaf spot, verticillium, fusarium, tomato mosaic virus and nematodes.

Heirloom Marriage™ Jersey Boy F₁

Tasty slicer is a cross between Sudduth's Brandywine and Rutgers, offering high yields loaded with flavor and no blemishes.

Purple Boy F₁

A tomato hybrid with a sweet taste and beautiful color; strong, semi-determinate plant provides ample fruit with traditional heirloom flavor and offers high resistance to tomato mosaic virus 0-2, fusarium, verticillium and nematodes.

**Grand Slam Slicer Tomato****Heirloom Marriage Jersey Boy Slicer Tomato****Invincible Saladette Tomato****Purple Boy Slicer Tomato****Artemis Small-Fruited Tomato****Carmesin Small-Fruited Tomato****Hartman's Yellow Gooseberry Small-Fruited Tomato**

Helix Small-Fruited Tomato

Red Torch Small-Fruited Tomato

Sparky XSL Small-Fruited Tomato

Royal Crown Turnip

Cal Sweet Bush Watermelon

SMALL-FRUITED TOMATO**Artemis F₁**

One bite of these super-sweet, rich, red cherry tomatoes will have you craving more; the unique, crisp, firm texture is great in a salad or for sauce. This indeterminate plant also offers high resistance to root-zone and foliar disease.

Carmesin F₁

Delivers loads of jewel-like, crimson red, oval, glossy grape tomatoes on a very grower friendly plant. The semi-determinate plant has good vigor and high yield potential and continues to set throughout the season.

Hartman's Yellow Gooseberry

Indeterminate plant with very long vines bears clusters of 1-in. (3-cm) "gooseberry" tomatoes that are sweet, mild, tasty and light golden-yellow in color.

Helix F₁

This red cherry tomato offers the perfect balance of sweet and acid, plus it is early-ripening, with high yields and high resistance to root-zone and foliar diseases, including late blight.

Red Torch F₁

Prolific, early-season, indeterminate hybrid produces striped, small-fruited tomatoes that consistently scored the highest in taste tests. Combines excellent flavor, great fruit texture and high yield of usable fruits per plant. *2019 All-America Selections National Winner.*

Sparky XSL F₁

Indeterminate plant is early to mature, prolific and produces very flavorful, striped red cherry tomatoes. *2019 All-America Selections Regional Winner.*

TURNIP**Royal Crown F₁**

This multi-use variety has uniform, deep green cut leaves and top-shaped roots with a bright purple crown and a cream-white bottom; features a sweet, mild flavor.

WATERMELON**Cal Sweet Bush**

Plant produces compact, bushy vines that grow 14 to 18 in. (36 to 46 cm) long and still provide enough foliage cover to protect the fruits. Each plant yields 2 to 3 fruits weighing 10 to 12 lb. (4.5 to 5.5 kg). *2019 All-America Selections Regional Winner.*

terms and conditions of sale

VISIT BALLSEED.COM FOR CURRENT TERMS AND CONDITIONS OF SALE.

Note: Ball Terms & Conditions of Sale are country/region specific. The following Terms & Conditions of Sale apply to product sold within the United States and Canada.

ACCEPTANCE OF TERMS

These terms and conditions shall govern orders for seeds, bulbs, plants, supplies and other materials (merchandise) placed with Seller. All negotiations with sales representatives or other agents of Seller are merged herein. No modification of these terms and conditions shall be effective unless in writing signed by Seller. Placement of the order shall constitute Purchaser's acceptance of these terms and conditions. All orders are subject to acceptance by Seller at our offices in West Chicago, Illinois.

LIMITATION OF WARRANTY

Seller warrants, to the extent required by law, that merchandise conforms to the description appearing in Seller's catalog and on container labels, within recognized tolerances. SELLER MAKES NO OTHER OR FURTHER WARRANTY, EXPRESS OR IMPLIED. ALL OTHER OR FURTHER WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Certain merchandise may be separately warranted by the manufacturer. Seller does not adopt or ratify any manufacturer warranties, express or implied, and Seller shall have no liability thereunder. Seller does not adopt or ratify any manufacturer warranties, express or implied, made by Purchaser upon resale of the merchandise, and Seller shall have no liability thereunder.

LIMITATION OF REMEDY

PURCHASER'S SOLE AND EXCLUSIVE REMEDY SHALL BE REFUND OF THE PURCHASE PRICE. SELLER'S LIABILITY, WHETHER FOR BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, PRODUCTS LIABILITY OR ANY OTHER THEORY OF LIABILITY, IS LIMITED TO THE AMOUNT OF THE PURCHASE PRICE. UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE, OR FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

USE RESTRICTION

Merchandise is not intended for sale to large-scale commercial growers of herbs or vegetables. Use, transfer and/or acquisition of seed constitutes acceptance of a limited right to use the seed solely to grow a single crop for food, feed, processing or ornamental purposes. No other use is permitted. Any transfer of seed must be accompanied by this use restriction.

MANDATORY ARBITRATION

ANY CLAIM WHICH PURCHASER MAY HAVE AGAINST SELLER ARISING OUT OF OR RELATING TO THE SALE OF THE MERCHANDISE SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, SAID ARBITRATION TO BE VENUED IN COOK OR DUPAGE COUNTIES, ILLINOIS. The laws of several states require arbitration, conciliation or mediation of disputes involving allegedly defective seed before legal action may be taken. Purchaser should contact the State Department of Agriculture for information. Such laws typically require that a complaint be filed with the State Department of Agriculture in time to permit inspection of the seed, crops or plants. If such a complaint is filed, a copy must be sent to Seller by registered or certified mail.

GOVERNING LAW, JURISDICTION & VENUE

The laws of the State of Illinois, including but not limited to the Uniform Commercial Code as adopted therein, shall govern all matters arising out of or relating to Seller's sale of merchandise. ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARBITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

INDEMNITY

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms & Conditions of Sale.

PRICES

All prices are subject to change without notice. The price in effect at time of shipment will prevail. Prices do not include installation; Seller takes no responsibility, and shall have no liability for installation. Requests to package seed in unlisted sizes will incur a charge of \$0.75 per packet. Additional processing and handling charges may be added.

PAYMENT

Payment is due in invoiced currency and in accordance with the terms specified on invoice. In the event of default in the payment of any amount when due, and in addition to all other rights and remedies available to Seller, SELLER

SHALL BE ENTITLED TO COLLECT A LATE CHARGE OF 2% PER MONTH (24% PER YEAR) OR THE MAXIMUM RATE ALLOWED BY LAW, WHICHEVER IS LESS, ON ALL AMOUNTS PAST DUE FROM THE DATE DUE UNTIL THE DATE PAID. A FEE OF \$25.00 WILL BE CHARGED FOR ANY RETURNED CHECK, DECLINED EFT TRANSACTION OR DECLINED BANKCARD TRANSACTION.

FREIGHT & HANDLING CHARGES, INSPECTION, DAMAGED GOODS

The freight and handling charge on Purchaser's invoice covers shipment of the merchandise to Purchaser's destination, and replacement or credit for damaged merchandise if the steps listed here are followed. PURCHASER WILL NOT REFUSE OR RETURN GOODS, OR THE RIGHT TO FILE A CLAIM IS LOST AND PURCHASER WILL STILL BE LIABLE FOR THE MATERIAL AND THE FREIGHT. When Purchaser receives shipment: 1) Count all cartons. 2) Inspect all cartons for external damage. 3) Check for open or resealed cartons. 4) Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier's representative must also sign the receipt. 5) Open all boxes immediately and inspect for damage due to weather-related issues, such as scorched, frozen or broken plants; material shortages; etc. NOTIFY SELLER IMMEDIATELY IF A SHIPMENT IS DAMAGED. Call the Ball Traffic Department at **800 879-BALL** to report the damage and receive details on what is needed to file a claim.

CANCELLATION POLICY

Cancellations for unrooted cuttings must be received at least thirty (30) days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date.

NOTICE & RETURN

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after such a defect is or should have been discovered. The buyer is limited to six months from the ship date. Issues that arise past six months will not be considered for credit. No merchandise may be returned without the Seller's prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller's shipping instructions with freight paid by Purchaser. All requests for return of merchandise must be made to Ball at **800 879-BALL**. The Purchaser will also be asked to provide a letter stating the reason for the return.

The order number or invoice number must accompany the return in order to expedite the credit. NOTE: No seed will be accepted without prior notification to Ball at **800 879-BALL**. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued. For all Purchasers in the United

States, a FedEx call tag will be issued upon authorization of return. There is a \$10.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within thirty-one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed. No credit or replacement will be given for seed returned after sixty-one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.

DELAYS, SHORTAGES & SUBSTITUTIONS

Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available.

PLANT PROTECTION

Varieties described herein may be protected by United States Plant Variety Protection, United States Plant Patents, Utility Patents, and/or Plant Breeders' Rights. Many of the varieties are also protected by the Flowering-Only License Agreement as well as registered with the Canadian Ornamental Plant Foundation. These varieties may not be reproduced without authorization. The breeder or authorized representative has the right to inspect Purchasers' nurseries during normal business hours to assess compliance with the restrictions on use of protected varieties.

TRADEMARKS

Trademarks are the property of Ball Horticultural Company, unless otherwise indicated.

SALES LIMITATIONS

THE COMPANY'S PRODUCTS MAY NOT BE SOLD, DIVERTED, TRANSFERRED OR RE-EXPORTED, DIRECTLY OR INDIRECTLY, TO ANY INDIVIDUAL, ENTITY, OR DESTINATION THAT IS SUBJECT TO UNITED STATES OR UNITED NATIONS SANCTIONS PROGRAMS OR EMBARGOS (INCLUDING BUT NOT LIMITED TO OFAC SANCTIONS PROGRAMS AND THOSE LISTED ON OFAC'S "SPECIALLY DESIGNATED NATIONALS" LIST) WITHOUT AN APPROPRIATE EXPORT LICENSE.

ALL SHIPMENTS MUST BE SHIPPED IN COMPLIANCE WITH THE FOREIGN CORRUPT PRACTICES ACT AND THE UK BRIBERY ACT.

NOTICE REGARDING SEED-BORNE DISEASES

Seller makes no representation regarding the freedom from seed-borne diseases of the seed sold and disclaims any liability relating to such diseases, whether previously known to exist or not identified until this seed is grown.
