

FIRST-YEAR-FLOWERING PERENNIALS: SCHEDULING TOOL TUTORIAL

VIDEO: <https://youtu.be/0o5KboNUAK8>

Tech On Demand expert, Chris Fifo from Darwin Perennials and Kieft Seed, joins host Bill Calkins to offer a quick tutorial covering how to use a new first-year-flowering tool he helped create. This tool has been called a revolutionary breakthrough for greenhouse professionals creating perennial production plans to hit key ship weeks throughout the year. Follow along with Chris and you'll see why.
