Ball Seed

CUT FLOWERS 2019-2020

& MORE
GEORGE J. BALL started our company in 1905, selling cut flowers to the markets in Chicago. Sweet peas were the main crop for him at the beginning. Selecting the top varieties for timing and application, along with the highest-quality seed inputs, were early focus points. Sharing best practices, providing technical support, and working in collaboration with other breeders and seed producers to offer “all the best and nothing else” set the foundation and principles that continue to guide our business today.

We are focused on quality, reliability and relationships. We supply top-quality seed from around the world – tested and packaged to suit your growing needs.

From those cut flowers heading to Chicago on the trolley tracks back in the day, to today’s live inventory on WebTrack®, we carry on the tradition – and the passion – for the floriculture business together with you, our customers.

All the best!

ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARBITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

INDEMNITY

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law, Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms & Conditions of Sale.

CANCELLATION POLICY

Cancellations for unrooted cuttings must be received at least thirty (30) days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date.

NOTE & RETURN

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after the defect is or should have been discovered. The buyer is limited to six months from the ship date. Issues that arise past six months will not be considered for credit. No merchandise may be returned without the Seller’s prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller’s shipping instructions with freight paid by Purchaser. All requests for return of merchandise must be made to Ball at 800 879-BALL. The Purchaser shall also be asked to provide a letter stating the reason for the return. The order number or invoice number must accompany the return in order to expedite the credit. NOSE: No seed will be accepted without prior notification to 800 879-BALL. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued. For all Purchasers in the United States, a FedEx call tag will be issued upon authorization of return. There is a $10.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within thirty-one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed. No credit or replacement will be given for seed returned after sixty-one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.
