WebTrack® online greenhouse order management tool

& MORE

Ball Seed®

WebTrack® helps you search, order and track products

ORDERING MADE EASY

With **Ball WebTrack®**, you have instant online access to over **14,000 products** from more than **225 suppliers**. Place your orders with **customized search options**, suggestions for product substitutions and **immediate order confirmations**. Fast, **easy ordering** is available, along with culture sheets, **shipment tracking**, **live inventory** reserve – all in a clean, easy-to-use format.

Easy order upload allows you to put an entire order spreadsheet into the system at one time. The system checks and reserves availability, and loads your shopping cart for you, filtering out problem items and providing substitute options, to **save you time** and **reduce errors**.

An integrated barcode system provides an easy, efficient way to **verify your order** upon arrival.

REPORTS AND DOCUMENTATION

Receive **weekly reports** on orders and customized subscriptions, plus store **order confirmations**, **invoices**, **statements**, billing and more for up to two years for quick reference and easy reordering. Use **custom reporting features** for production planning and labor scheduling, so you don't run out of what you need, when you need it most.

Track order shipments in real time to see exactly where your order is so you can plan and schedule your labor needs.

Access **up-to-the-minute inventory information** for the industry's largest supplier lineup, then reserve it and place your order. Live availability ensures you will get the product for the date you ordered.

PRODUCT INFORMATION AND CULTURE

Search tens of thousands of **products**, **photos**, culture information and marketing ideas from your laptop or mobile device.

Find **production tips** and **culture** for thousands of products, helping you grow the best crop using the most current methods.

FREE PROMOTIONAL MATERIALS

Order **tags**, **pots** and **POP** along with your plants. Download and print bench cards for thousands of products, and use them at your own retail store, or provide them to your wholesale customers. You can select from over 20,000 FREE, **high-resolution product images** to download and use in your promotions.

You can also tag and **share your favorites**, and upload your own photos.
