

SB06 High-speed production in a small footprint.

Flat/Pot
Filler

Bale
Breaker

The most compact machine of this type, the **SB06** lets you fill almost any container on the market while simultaneously breaking your peat moss bales.

- Unique even compaction system – you control the compaction of media in your containers
- Use with peat and light soil mixes
- Adjust easily from flats to pots in seconds
- Water injection system with shutoff solenoid valve
- Stores in a 4 x 4-ft. (1.2 x 1.2-m) area
- Arrives ready to use – just uncrate, plug in and start!
- Very portable

UNIQUE MEDIA FILL SYSTEM allows uniform control of compaction

0.6-CU. YD. HOPPER or **2 compressed bales** let you access safely and use as a platform for filling
