Ordering Guidelines

Product ships mid- to late March through June; pre-books are encouraged to ensure best quality and availability.

Best selection will be available before Mother's Day and there will be limited availability after.

12-week lead time for ordering is preferred to guarantee best quality, availability and to allow for maximum routing efficiency. One full week before ship week for additions and/or changes to your order.

Minimum order is 250 pots (assorted sizes qualify) and must meet a 400-cube minimum requirement per customer per drop. Ball Seed Sales Support will be able to help you determine the cubic requirement.

Tags and UPC labels are available upon request for an additional charge and ship with the plants.

All quality claims must be reported within 48 hours. Photos will be required, and all damages and shortages must be noted on the bill of lading.

Delivery

Ball Seed Traffic Department is committed to finding reliable transportation on temperature-controlled trucks routed directly from the vendor to your nursery or greenhouse.

Since our team handles all the freight and logistics, there will be no C.O.D. deliveries.

Our trucks will load at the Florida nurseries based on the drop sequence and are decked whenever possible.
