

## 2021 THRIVE Regional Landscape Solutions Now Available

Explore regional-specific plant recommendations from the experts at Ball Seed to help your customers build top-performing landscape designs.

**WEST CHICAGO, ILLINOIS, January 2021:** The landscape service of Ball Seed®, North America's leading horticultural distributor, is pleased to announce the 2021 edition of its [THRIVE Landscape Solutions brochures](#). These annual resources continue to put expert, regional plant advice in the hands of greenhouse growers to help their landscape customers build top-performing designs.

Five regions were selected by **Jeff Gibson**, Ball Seed Landscape Business Manager, and dozens of new and tried-and-true varieties are showcased in this year's assortment offering the best recommendations for planting success in North America:

- Midwestern & Northeastern U.S. and Eastern Canada
- Southeastern U.S.
- Southwestern U.S.
- U.S. Gulf States
- Western U.S. and Western Canada

Also included in each regional document are “Top Tips for Landscape Planting Success,” as well as a “What To Order When” calendar to help landscapers work effectively with their growers.

“The key to quality landscape design is putting the right plant in the right place,” says Gibson. “I’m thrilled to collaborate with our regional sales teams and experts at Ball Seed to give greenhouse growers a customized tool to share with their clients for landscape installation success.”

Contact your Ball Seed sales representative or Ball ColorLink associate at 800 879-BALL to request your regional copies of “2021 Thrive Landscape Solutions” or browse them all online and download digital copies now at [www.BallLandscape.com/thrive2021](http://www.BallLandscape.com/thrive2021).
