

Tourmaline Deep Rose Bush Mandevilla

The Tourmaline Series is a part of the Diamantina™ Collection of genetic varieties bred by mandevilla and dipladenia expert Lannes of France. Bold and beautiful mandevilla blooms with a unique non-vining habit. This opens up the option to grow in gardens, smaller containers, patio pots and mixed combinations. Although a trellis is not necessary, a support can be used to encourage climbing. A great new option for mandevilla programs!

Has the most aggressive habit of all of the mandevillas in the Tourmaline Collection.
DHMI

General Information

Height: 12 - 24" (30 - 61cm) Spread: 12" (30cm) Exposure: Sun

Propagation Guide

Tray Sizes (cells/tray): 72 Rooting Hormone: Pre-applied before receipt Average Days with Mist: 14 Pinch: Pinch after liners are rooted.
